4. **VA SAN DIEGO HEALTHCARE SYSTEM LEASE SUMMARY**

The purpose of this contract is to make minimally invasive endoscopic video equipment and power tools available for surgical procedures in the operating room at the VA San Diego Healthcare System. This equipment is necessary to visualize, display, record and store images and video during minimally invasive scope cases, as well as be used for drilling, reaming, cutting, pinning, or burring during surgeries.

This equipment is used in the Operating Room for inpatient procedures and it is necessary to perform the following types of procedures:

- Laparoscopy
- Arthroscopy
- Cystoscopy
- Hysteroscopy
- Thoracoscopy
- ENT
- Ortho
- Trauma
- General
- Podiatry
- Sports
- Spine

This equipment is being used in the operating and surgical room. There are no alternative devices in the hospital that would allow surgeons to perform any of the above procedures.
