- Company/individual name

The Government anticipates this to be either a Services Disabled Veteran Owned Small Business (SDVOSB) or Veteran Owned Small Business (VOSB) set-aside, but **all socio-economic categories are encouraged to respond**. If your firm/company is a SDVOSB or VOSB, the firm/company must be VERIFIED in the VIP database (see internet site: <http://vip.vetbiz.gov>) as prescribed under the Veterans First Contracting Program as implemented in VAAR subpart 819.70. The Veteran Administration is mandated by Public Law 109-461 (38 USC § 8127 & 8128) to give first priority to SDVOSB and VOSB concerns if there should be sufficient firms available to compete under a set aside. If insufficient veteran owned small business responses are received to establish the basis for setting this action aside for other than large business participation, then the action will be advertised as a small business set aside or full and open competition. In this case, all interested parties responding shall be eligible to bid.

The NAICS 339112- Surgical and Medical Instrument Manufacturing is applicable to this acquisition; with a size standard of **1000 Employees**.

Interested firms are reminded that in accordance with FAR 4.1201(a) *Prospective contractors shall complete electronic annual representations and certifications at the System for Award Management (SAM) as a part of required registration* in conjunction with FAR 4.1102(a) that states, *Prospective contractors shall be registered in the (SAM) database prior to award of a contract or agreement*. Therefore, due to time constraints, vendors must be registered in System for Award Management (SAM) at <http://www.sam.gov> to be considered for an award.
