- k) Rigid hitch kit to connect trailer cart to platform cart
- l) Platform cart: tiltable control arm with emergency stop
- m) Trailer cart: customizable accessories (i.e. drawers, trays, monitor mounts, storage bins)

2) Complete generic identification –

Motorized cart w/ integrated weight needed for the testing of the 120+ ceiling lifts installed in the VAMC (or to be installed). Trailer cart that attaches to the primary motorized cart to allow for storage/transport of tools and other test equipment needed for testing of ceiling lifts. The cart/trailer system will allow for one technician to get all needed items to the lift location in one trip instead of multiple trips. It will also reduce the possibility of injury associated with the movement of the current 1000+ lb. weight cart which must be manually pulled from lift to lift along with another cart for the required tools/test equipment.

3) Applicable model/make/catalog number – Ergo Express Motorized Platform Cart, #E1000SCXHD with Featherweight II Single Short Endoscopy Workstation, #FWSINGLESHORTII

4) Manufacturer name –PHS West, Inc.

Per VAAR 811.104 and 811.105, I certify the following regarding the above information:

- The salient characteristics listed above are essential to the Government’s requirements.
- To my knowledge, the restrictions listed above will not limit the acquisition to an item peculiar to one manufacture.
