

Chapter VI: Other Than Full and Open Competition (OFOC) SOP
Attachment 1: Justification for Limiting Sources \$3K up to \$150K

- ☐ An urgent and compelling need exists, and following the procedures would result in unacceptable delays ([FAR 8.405-6\(a\)\(1\)\(i\)\(A\)](#));
- ☒ Only one source is capable of providing the supplies or services required at the level of quality required because the supplies or services are unique or highly specialized; ([FAR 8.405-6\(a\)\(1\)\(i\)\(B\)](#)) or
- ☐ In the interest of economy and efficiency, the new work is a logical follow-on to an original Federal Supply Schedule order and the original order was placed in accordance with the applicable Federal Supply Schedule ordering procedures. **The original order was not previously issued under sole-source or limited-sources procedures.** ([FAR 8.405-6\(a\)\(1\)\(i\)\(C\)](#))

Rational/explanation to support cited authority:

In order to standardize the equipment, the Unetixs Multilab ERGO IDC vascular system was selected. Standardization of equipment is necessary for establishing a standard of care. Users are more familiar with the equipment and it decreases any human factor errors when switching between devices. Market research was conducted to identify other potential competitors; however, the competitor, did not provide a greater function then the ERGO IDC vascular system. It did not justify selecting a non-standard product. Also, the Multilab system is pre-approved to interface with VistA Imaging.

4. BRAND NAME ONLY: This buy is estimated to exceed \$25,000 and this documentation will be posted along with the RFQ on e-Buy, as required by [FAR 8.405-6\(b\)\(3\)](#).
5. Note that this determination satisfies the requirements of [FAR 8.405-6](#). The requirement to prepare a written justification [IAW FAR 6.303](#) does not apply to Federal Supply Schedules.
