Enlite Sensor

Enlite™ Glucose Sensors have an electrode inserted just under the skin and measure glucose values which are relayed to the pump and CGM monitor. Enlite combines improved performance and is designed for comfort and ease of use.

Please note: The Enlite Sensor must be combined with the Guardian 2 Link transmitter/MiniLink transmitter to wirelessly transmit glucose readings to the MiniMed 640G/VEO insulin pump. You must complete a Continuous Glucose Monitoring (CGM) start with your healthcare professional team before using this product. Be sure to discuss questions specific to your health and treatments with a healthcare professional.

3. Unique characteristics that limit availability to only one source, with the reason no other supplies or services can be used:

Products have been prescribed for patients by VA Physicians. Pharmacy employees do not have the training and/or authority to countermand physician orders. "Brand Specific" products are the same thing as "dispense as written" on a physician prescription. No NDC substitutions are permitted. In the VA, Pharmacy Benefits Management (PBM) has determined that CMOP IDs in the National Drug File (NDF) will most always identify "brand specific" products in the VA PRINT NAME. This is not always inclusive where a particular NDC has been determined to be "formulation specific" by clinical

evaluation performed by the PBM or in the case where only one product in the marketplace has been identified to contain the specific ingredients to match the product code.

4. Description of market research conducted and results or statement why it was not conducted:

Products were searched in the NAC and GSA catalog and none of the items were found to be on contract.

5. Contracting Officer's Certification: *Purchase is approved in accordance with FAR13.106-1(b). I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.*

Note: COs are required to make a determination of price reasonableness IAW FAR 13.106-3. See the [Commercial Supply and Service SOP](#) for Price Reasonableness templates.
