

Pre-Bid Meeting  
FOR  
MRI Covered Walkway

The contractor is to provide all material, supplies, labor, equipment and expertise to construct a covered walkway at the Cheyenne VA Medical Center 2360 East Pershing Blvd, Cheyenne, WY 82001. Installation of the temporary covered walkway will require support and extension of electrical, fire protection, and fire alarm services from the existing MRI Building into the new walkway. Construction of the walkway will include the installation of wood framed walls with wood panel siding and a roof with asphalt shingles and gutter/downspout. Two new doors will be provided (one with an ADA opener) along with four new operable windows which will provide natural light and ventilation. The walkway will be constructed and secured on top of the existing concrete between the two buildings. A short concrete sidewalk is being added to complete the path of exiting from the MRI Building's secondary egress doors due to the new walkway cutting off the previous exiting path. Contractor is responsible for all disconnections and reconnections of utility services. All work will be performed in accordance with provided SOW, Specifications and Drawings.

**Time:** August 13, 2018 10am-11am MDT

**Location:** Cheyenne VA Medical Center at 2360 East Pershing Blvd, Cheyenne, WY 82001, Building 11. The Point of Contact is Robyn Young who can be reached at 307-433-3728.
