

Response to Questions for Combined/Synopsis Solicitation 36C256-18-Q-0636:

1. The document 36C256-18-Q-0636 indicates that invoices are to be submitted quarterly. Need to know if that is just for the PM services or is that for the emergency and routing repairs as well. Typically, we invoice for repairs upon completion.- **you are correct in your response quarterly invoicing is for PM services; emergency and routing repairs will be invoiced upon completion.**
2. It is not clear if they want all the PM parts included in the PM prices we quote or not. – **Pricing for PM should be reflected per CLINS 0002 – 0009.**
Please provide below - Uncovered repair cost breakout (per hour):

Normal - _____

After hours - _____
