

## DEPARTMENT OF VETERANS AFFAIRS

### Justification for Single Source Awards IAW [FAR 13.106-1](#) For Over Micro-Purchase Threshold but Not Exceeding the SAT

Acquisition Plan Action ID:VA69D-17-AP-8976

1. **Contracting Activity:** Department of Veterans Affairs, VISN 12, Hines VA Medical Center, along with Great Lakes Acquisition Center (GLAC), NCO 12. Requirement# 578-18-1-969-0001. This is a brand name only requirement for 3Shape D1000 Scanner.
2. **Brief Description of Supplies/ Services required and the intended use/Estimated Amount:** This is a brand name only requirement for 3Shape D1000 Scanner. The 3SHAPE D1000 is a dental laboratory digital scanner utilized to facilitate fabrication of dental crowns, bridgework, implants, implant abutments, removable partial denture frameworks, dentures, surgical guides and stents. This is a table top device and does not require any special considerations regarding installation. Estimated amount \$31,445.00
3. **Unique characteristics that limit availability to only one source, with the reason no other supplies or services can be used:** This is a brand name only requirement for 3Shape D1000 Scanner. The 3SHAPE D1000 scanner will assist the clinic in increasing patient access to care by completing needed lab work more efficiently. This scanner will help the lab decrease turn-around time for crowns, dental bridges, partial dentures and custom abutments for implants. This scanner is compatible with the milling equipment currently used for actual crown and bridge fabrication completed at the VA Central Lab in Dallas for Hines. Impressions can be scanned at Hines and the digital image can be sent to the lab. This creates a highly accurate digital "model" for patient crowns to be fabricated from. Transmitting a digital "model" or impression eliminates the possibility of models, impressions, and diagnostic wax ups from being damaged in the packing, transportation and deliver of patient cases to off-site dental labs.
4. **Description of market research conducted and results or statement why it was not conducted:** The CO searched for a scanner on VETBIZ under NAICS 339114, no results were found. A search of GSA/FSS found the brand name scanner we were looking for. CO posted the RFQ on Ebuy and received no responses. The CO reached out to the vendor and discovered they no longer distribute this brand name scanner. The CO was not able to find or get responses from any other GSA/FSS contractors for this Brand. The CO will post a Brand Name Only solicitation, with no set-aside restriction based on the VETBIZ results to FBO.

- 5. Contracting Officer's Certification:** *Purchase is approved in accordance with FAR13.106-1(b). I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.*
