Contractor Questions

Q 1	would you be able to advise on the throw distance and screen width?
A 1	The throw distance is approxamately 16 feet and the screen width now is 8 feet and needs to be at 10 feet to capture the picture.
Q 2	when would you expect work to start on this project and when would you expect it to be completed?
A 2	Work shall begin upon receipt of award to ensure proper lead time for receipt of required associated equipment and to complete the installation within 120 days of the award.
