PERFORMANCE WORK STATEMENT (PWS)

1. Introduction

1.1. The VA Northern California Health Care System (VANCHCS) has a requirement for an inspection and audit to determine Fire and Life Safety Code compliance with relevant editions of the National Fire Protection Association Codes and Standards and Occupational Safety and Health Administration regulations.

2. Objectives

2.1. These fire and life safety assessments will be used to meet the VANCHCS requirements for Occupational Safety and Health Administration (OSHA), Office of Inspector General (OIG), The Joint Commission accreditation, and other oversight bodies and will be used to support the safe care of Veterans at the contracted program.

3. Scope

3.1. The contractor shall provide all labor, tools, materials, equipment, apparatuses and supervision to perform the inspection and audit. These services will be required at various facilities throughout VANCHCS. Services will cover an estimated 74 contract facilities (see price schedule for estimated sizes) in Alameda, Antioch, Berkeley, Clayton, Coloma, Concord, Dixon, El Sobrante, Fairfield, Garden Valley, Herald, Marysville, Oakland, Paradise, Pittsburg, Placerville, Pleasant Hill, Redding, Sacramento, Suisun City, Vallejo, Woodland. The facilities range from medical centers, community living centers, outpatient clinics, administrative offices (Veterans Centers), community nursing homes, licensed state nursing

homes, Medical Foster Homes (MFH), board and care (Addiction Recovery Treatment Services (ARTS), Mental Health), emergency housing (homeless, Grant Per Diem (GPD) and Healthcare for Homeless Veterans (HCHV), fisher houses, Adult Day Health Care (ADHC) facilities.

3.2. Due to the flexibility of community care programs, services may decrease or increase on short notice. The Contracting Officer shall notify the contractor in writing when service to additional facilities, above current anticipated requirements, are added by contract amendment prior to service. If the contractor becomes aware of additional facilities without notice from the Contracting Office, the contractor shall immediately contact the Contracting Officer to ensure contractual obligations are met. The Contracting Officer is the only authorized authority to amend contract requirements. Undertaking work not in the scope of the contract or making changes not approved in writing by the Contracting Officer will be considered unauthorized, will disrupt contract administration, and will be documented in the contractor's performance evaluation.

3.3. Proposals will be evaluated on the basis of three major evaluation criteria: Technical, Past Performance, and Cost. The evaluation criteria are listed below in descending order of relative importance. The technical component is significantly more important than past performance and cost when combined. Factors will be assessed using a five-point Likert scale (excellent, very good, satisfactory, marginal, and unsatisfactory) based on how well they are defined and supported in proposals. The offeror shall identify its standard commercial practices in their proposal. No site visit is anticipated.

4. Performance Requirements

4.1. Inspections of Existing Facilities – Complete inspection of existing facilities within 30 days of previous inspection. Existing master list of facilities will be provided by VA Safety Specialist.

4.2. Inspections of New Contract Facilities – additional inspections will be scheduled and completed within 60 days of notification from VA COR.

4.3. Contractor personnel must perform services without direct Government supervision. Contractor shall coordinate inspection schedules with appropriate facility administrators or VA points of contact. Advance notification and reminders shall be sent to facility administrators and VA points of contact at least 30 days prior to scheduled inspection date.

4.4. May require the use of tools and instruments necessary to measure conformance with relevant regulations, codes, and standards.

4.5. All inspections will be completed during business hours, 8:00AM to 4:30PM, Monday through Friday. All federal holidays will be observed.

4.6. The Contractor shall use the appropriate life safety code checklist to document compliant and non-compliant conditions. The program and corresponding checklist is identified on the Community

Veteran Care Program & Community Living Centers (CLCs) summary matrix. The code of federal (CFR) regulations for each program has not yet been updated and therefore you must still follow the older editions of the codes listed on the summary matrix. Where there are discrepancies, the contractor shall inform the COR for clarification and determination of which form applies. When there are Code changes or new requirements adopted by the CFR or VA, the contractor shall make necessary adjustments to processes and forms to meet the latest requirements. Contractor may suggest changes to improve the efficiency and validity of the checklists.

4.7. Contractor shall respond to email and phone communications within one business day, except during weekends, holidays, or other foreseeable periods of leave.

4.8. Quality control procedures should be implemented prior to submission of official reports and communications.

4.9 Only inspection services provided shall be invoiced and submitted for payment.

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS (JAN 2017)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile

offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

E.4 52.212-2 EVALUATION—COMMERCIAL ITEMS (OCT 2014)

A. The Government will award a contract resulting from this solicitation to the responsible vendor which provides a quote that represents the best value. The best value will be determined by conducting a comparative evaluation on price and non-price factors in accordance with FAR 13.106.

These factors include:

- 1) Technical Capabilities and Approach
- 2) Quality Control
- 3) Past Performance
- 4) Price.

B. Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s). For the purposes of the award of this Contract, the Government intends to evaluate the option to extend services, provided under FAR 52.217-8, as follows: The evaluation will consider the possibility that the option can be exercised at any time, and can be exercised in increments of one to six months, but for no more than a total of six months during the life of the contract. The evaluation will assume that the prices for any option exercised under FAR 52.217-8 will be at the same rates as those in effect under the contract. The evaluation will therefore assume that the addition of the price or prices of any possible extension or extensions under FAR 52.217-8 to the total price for the basic requirement and the total price for the priced options has the same effect on the total price of all proposals relative to each other, and will not affect the ranking of proposals based on price, unless, after reviewing the proposals, the Government determines that there is a basis for finding otherwise. This evaluation will not obligate the Government to exercise any option under FAR 52.217-8.

C. A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

D. For SDVOSB and VOSB set-asides, only SDVOSBs or VOSBs verified in VIP www.vip.vetbiz.gov prior to the RFQ closing date will be considered for contract awards. Any non-VIP verified vendors will be considered ineligible for award consideration.

ADDENDUM to FAR 52.212-2 EVALUATION – COMMERCIAL ITEMS

Provisions that are incorporated by reference (by Citation Number, Title, and Date), have the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

The following provisions are incorporated into 52.212-2 as an addendum to this solicitation:

(a) Introduction: The Government seeks to select a best value quote based on a comparative evaluation of the quotes it receives considering the following: 1) Technical Capabilities and Approach, 2) Quality Control, 3) Past Performance and 4) Price criteria. In accordance with FAR 13.106-1(a)(2), no relative importance or weight will be assigned to the criteria. The Government will consider all the factors and make a determination as to which quote represents the best value to the Government. Quotes will be compared to one another, and the Government will choose the quote that best suits its needs. The Government does not anticipate entering discussions for this acquisition, so vendors are encouraged to submit their best quotes. However, the Government reserves the right to enter into discussions if it is in its best interest.

(b) Procedures

(1) All vendors will be required to prepare and submit their complete quote submission in accordance with the quote preparation instructions in Provision 52.212-1 of this request for quote. Quotes and other information will be evaluated against the evaluation factors stated in this provision.

(c) Evaluation Factors

The Government will select a best value vendor that conforms to the solicitation, which is most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate quotes: Technical Capabilities and Approach, Quality Control, Past Performance and Price.

Comparative Analysis: In accordance with simplified acquisition procedures, in addition to quotes being evaluated against its response to the criteria below in relation to the PWS/SOW, the quotes will also be evaluated against one another.

(1) Factor: 1) Technical Capabilities and Approach, 2) Quality Control

(i) **Factor Assessment:** The vendor's quote shall, as a minimum, address each of the evaluation factors as they apply to the PWS. The Government will evaluate the quote based on the evaluation factors described in FAR 52.212-1, which are tailored to specific principal tasks in the PWS. The Government will infer from the vendor's responses to the specified evaluation factor the vendor's capability to perform to the requirements of the entire PWS.

(2) Factor: 3) Past Performance

(i) **Factor Assessment:** The purpose of Past Performance evaluation is to assess the degree of confidence the Government will have in a vendor's ability to provide services that meet customer needs. The Past Performance evaluation will assess how relevant the vendor's contracts on previous efforts of similar size and scope to this acquisition have been rated by their customers. The evaluation will focus on and target performance that is relevant to the principal tasks of the PWS. A lack of relevant past performance information will not preclude consideration for award.

(3) Factor: 4) Price

- (i) **Factor Assessment:** This criteria evaluates the overall price (i.e. aggregate for all periods of performance identified in the CLINs) to determine if the proposed price is fair and reasonable. The Government may determine an offer unacceptable if the proposed prices are materially unbalanced which is defined as significantly understated or overstated in relation to the actual cost of that work or when the price is determined not to be fair and reasonable. The Government will conduct a price review of each contract line item. Evaluations will be based on a comparison of the aggregate price of all vendors. The aggregate price is the sum of all the contract line items shown in the Price Schedule.
- (ii) **Ratings:** Price proposals will be evaluated, but not rated.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) Have, have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) Are, are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
