## **Statement of Work for Liquid Oxygen VA Salem**

### **1. General**

Place of performance is the Salem VAMC, 1970 Roanoke Boulevard, Salem, VA. Contractor will provide a contractor-owned tank and back-up tanks as required.

**1.2.** The quantities shown in the solicitation schedule are estimates of the facility's annual requirement. There is no express or implied guarantee that these quantities will be purchased.

**1.3.** A point-of-contact (POC) will be designated for the ordering facility upon award of the contract. The POC is responsible for his/her Medical Center administration issues such as ordering and providing specific delivery instructions. Within 15 days after notification of contract award, the contractor will meet with the POC to ensure mutual understanding of facility requirements relating to the ordering method and specific details of any delivery instructions that are included in the solicitation schedule.

CF – Cubic feet

CGA – Compressed Gas Association

CGMP – Current Good Manufacturing Practices

CO – Contractor owned

### **3. Government-Furnished Property**

**3.1.** The Salem VAMC requires installation of contractor owned equipment and provides a suitable location and foundation for the installation of the contractor owned bulk oxygen tank(s). Additionally, the facility will provide a facility-maintained alarm system. The contractor will perform the hook-up of contractor owned equipment to the facility-maintained alarm system. The telemetry system and digital indicator installed by the contractor should be solar powered.

### **4. Contractor-Furnished Equipment**

**4.1.** The contractor shall provide and maintain bulk oxygen tank(s) with appropriate back-up tank. The current main tank, when full, holds 3000 gallons of liquid oxygen, and the reserve tank holds 500 gallons

of liquid oxygen. The bulk system automatically switches between the main and reserve tanks as necessary to maintain optimal levels while allowing for expansion of gas. Through the duration of the contract, the contractor will be liable for the integrity, suitability, and safety of contractor owned tank(s) that will insure compliance with applicable regulations, standards and normal good practices. The tank capacity and reserve tank shown in the schedule are minimum capacities required. Manifold, liquid converter, alarm switch, regulator, valves, level indicator, and any other devices or connections required for proper tie-ins with the facility's gas system will be furnished by the contractor, without cost to the Government. The manifold or liquid converter will deliver gas at a pressure and rate of flow adequate to supply the system. Each liquid oxygen storage container should have an outlet that allows access for testing the purity of the oxygen.

**4.2.** All equipment and materials required to perform on the contract will be provided by the contractor. Contractor owned equipment will be inspected and maintained by the contractor without additional cost to the Government. (i.e., all installation, inspection and maintenance costs will be included in the contract's monthly equipment rental fee for the applicable facility.) Contractor owned equipment will be kept in good operating condition and appearance, in accordance with applicable regulations, standards and normal good practices. The contractor will be provided reasonable access to the bulk oxygen systems for this purpose.

## **5. Installation of Contractor-Owned Equipment**

**5.1.** All contractor-owned equipment shall be installed in accordance with NFPA 50: Standard for Bulk Oxygen Systems at Consumer Sites, the latest edition, NFPA 99 Standard for Health Care Facilities, latest edition, and FDA's Current Good Manufacturing Practices (CGMP) Regulations. The contractor shall comply with all OSHA standards and applicable safety requirements, including proper signage and use of personal protective equipment.

**6.2.** The contractor shall deliver medical-grade liquid oxygen on an as required basis for the Salem VAMC. The contractor must provide 24-hour notice prior to delivery or upon mutual agreement between the facility and contractor, alternate ordering/delivery methods such as pre-scheduled deliveries, calling for tank level readings, installing a telemetry unit, etc. may be arranged. If for any reason the contractor is unable to deliver at the agreed upon day or time, the contractor shall provide 24-hour notice to the facility, so that the facility can initiate an alternate backup action. In accordance with the latest VHA Patient Safety Alert, all deliveries will be monitored by a qualified and trained technical representative that will be designated by each facility. Contractor will be provided with names and contact information of primary and back-up facility representatives. This applies to all deliveries regardless of time or day of execution.

**6.3.** Tanks(s) will be filled to maximum functional capacity at each refilling procedure unless otherwise specified in the facility requirements or as agreed upon in a written document signed and dated by the POC.

**6.4.** At the time of each delivery, contractor should provide a legible signed and dated written document that identifies the tank level prior to fill, the level after fill, and the quantity delivered. This document will be counter-signed by the facility representative supervising the delivery.

**6.5.** Emergency delivery and/or repairs shall be provided within two (2) hours after receipt of Government notification. Contractor must respond to the facility by either telephone or email within one hour to confirm receipt of emergency notification to ascertain the nature of the emergency. Emergency status is determined by the Government when conditions warrant, such as an actuated main bulk tank low level alarm, imminent alarm condition, or system leak. Failure of the contractor to remain current with agreed delivery schedule and requirements does not constitute an “emergency” for purposes of charging an emergency delivery fee. Sub-contracting plans established to meet this requirement will be considered during review of quotes; Contractors should submit any applicable sub-contracting plans with the quote.

## **7. Quality Assurance Specifications and Requirements**

**7.1.** All medical gas manufacturers and fillers of medical gases shall be registered with FDA as drug manufacturers. All oxygen shall be manufactured, processed, packed, transported, and stored according to FDA’s Current Good Manufacturing Practices (CGMP) regulations, and all labeling shall comply with FDA’s labeling regulations (21 CFR Part 201).

**7.2.** All liquid bulk oxygen delivered under the contract shall be medical-grade, meeting or exceeding the standards cited in the current edition of the United States Pharmacopoeia/National Formulary (U.S.P.).

**7.5.** A copy of all inspection reports should be provided to the facility POC upon the completion of any contractor owned or government owned bulk oxygen system inspections that are required by regulation.

## **8. Applicable Regulations & Standards**

**8.1** The following is a list of some of the regulations and standards that are applicable to this contract. The list is not comprehensive, and the contractor is responsible for ensuring that all products, equipment and services provided under the contract are in compliance with applicable Federal, state, and local regulations. If applicable, the editions in effect as of the date of this solicitation are listed. ## SECTION C - CONTRACT CLAUSES

### ADDENDUM to FAR 52.212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL ITEMS

Clauses that are incorporated by reference (by Citation Number, Title, and Date), have the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

The following clauses are incorporated into 52.212-4 as an addendum to this contract:

#### **C.1 52.203-16 PREVENTING PERSONAL CONFLICTS OF INTEREST (DEC 2011)**

(a) *Definitions.* As used in this clause—

"Acquisition function closely associated with inherently governmental functions" means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

- (1) Planning acquisitions.
- (2) Determining what supplies or services are to be acquired by the Government, including developing statements of work.
- (3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria.
- (4) Evaluating contract proposals.
- (5) Awarding Government contracts.
- (6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).
- (7) Terminating contracts.
- (8) Determining whether contract costs are reasonable, allocable, and allowable.

"Covered employee" means an individual who performs an acquisition function closely associated with inherently governmental functions and is—

- (1) An employee of the contractor; or
- (2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is no employer to whom such an individual could submit the required disclosures.

"Non-public information" means any Government or third-party information that—

- (1) Is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552) or otherwise protected from disclosure by statute, Executive order, or regulation; or
- (2) Has not been disseminated to the general public and the Government has not yet determined whether the information can or will be made available to the public.

"Personal conflict of interest" means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee's ability to act impartially and in the best interest of the Government when performing under the contract. (A *de minimis* interest that would not "impair the employee's ability to act impartially and in the best interest of the Government" is not covered under this definition.)

(1) Among the sources of personal conflicts of interest are—

(i) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household;

(ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and

(iii) Gifts, including travel.

(2) For example, financial interests referred to in paragraph (1) of this definition may arise from—

(i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;

(ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);

(iii) Services provided in exchange for honorariums or travel expense reimbursements;

(iv) Research funding or other forms of research support;

(v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);

(vi) Real estate investments;

(vii) Patents, copyrights, and other intellectual property interests; or

(viii) Business ownership and investment interests.

(b) *Requirements.* The Contractor shall—

(1) Have procedures in place to screen covered employees for potential personal conflicts of interest, by—

(i) Obtaining and maintaining from each covered employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:

(A) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household.

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee—

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency;

(ii) Prohibit use of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation—

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain; and

(iii) To avoid even the appearance of personal conflicts of interest;

(4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;

(5) Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this clause; and

(6) Report to the Contracting Officer any personal conflict-of-interest violation by a covered employee as soon as it is identified. This report shall include a description of the violation and the proposed actions to be taken by the Contractor in response to the violation. Provide follow-up reports of corrective actions taken, as necessary. Personal conflict-of-interest violations include—

(i) Failure by a covered employee to disclose a personal conflict of interest;

(ii) Use by a covered employee of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Failure of a covered employee to comply with the terms of a non-disclosure agreement.

(c) Mitigation or waiver. (1) In exceptional circumstances, if the Contractor cannot satisfactorily prevent a personal conflict of interest as required by paragraph (b)(2)(i) of this clause, the Contractor may submit a request through the Contracting Officer to the Head of the Contracting Activity for—

(i) Agreement to a plan to mitigate the personal conflict of interest; or

(ii) A waiver of the requirement.

(2) The Contractor shall include in the request any proposed mitigation of the personal conflict of interest.

(3) The Contractor shall—

(i) Comply, and require compliance by the covered employee, with any conditions imposed by the Government as necessary to mitigate the personal conflict of interest; or

(ii) Remove the Contractor employee or subcontractor employee from performance of the contract or terminate the applicable subcontract.

(d) *Subcontract flowdown.* The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts—

(1) That exceed \$250,000; and

(2) In which subcontractor employees will perform acquisition functions closely associated with inherently governmental functions (i.e., instead of performance only by a self-employed individual).

(End of Clause)

## **C.2 52.203-17 CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (APR 2014)**

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

(End of Clause)

## **C.3 52.204-4 PRINTED OR COPIED DOUBLE-SIDED ON RECYCLED PAPER (MAY 2011)**

(a) *Definitions.* As used in this clause—

"Postconsumer fiber" means— (1) Paper, paperboard, and fibrous materials from retail stores, office buildings, homes, and so forth, after they have passed through their end-usage as a consumer item, including: used corrugated boxes; old newspapers; old magazines; mixed waste paper; tabulating cards; and used cordage; or

(2) All paper, paperboard, and fibrous materials that enter and are collected from municipal solid waste; but not

(3) Fiber derived from printers' over-runs, converters' scrap, and over-issue publications.

(b) The Contractor is required to submit paper documents, such as offers, letters, or reports that are printed or copied double-sided on paper containing at least 30 percent postconsumer fiber, whenever practicable, when not using electronic commerce methods to submit information or data to the Government.

(End of Clause)

#### **C.4 52.216-18 ORDERING (OCT 1995)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from 10/1/2018 through 9/30/2023.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of Clause)

For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [ ] Are, [ ] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [ ] Have, [ ] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
