RFI NO.: 610-18-3-6901-0048	DATE: 9/5/18	SPEC/DWG. REFERENCE(s): 13 21 29
REPLY NEEDED BY: ASAP		

INFORMATION NEEDED:

Section 11 53 23 "Laboratory Refrigerators" in the specification documents lists under item 1.2 "Related Work" several other divisions of work.

Included among those is "Section 13 21 29 - Constant Temperature Rooms". This section, however, does not appear to be included in the Division 13 specifications.

My question is: was having Section 13 21 29 listed under related work a mistake, or was Section 13 21 29 mistakenly left out of the issued specifications?

REPLY:

Per this project scope, there are no spaces that are required to be Constant Temperature Rooms. This was left in the specification in error.
