

DEPARTMENT OF VETERANS AFFAIRS

Justification for Single Source Awards IAW FAR 13.106-1

For

Over Micro-Purchase Threshold but Not Exceeding the SAT (\$250K)

Acquisition Plan Action ID: 36C256-18-AP-2562

1. **Contracting Activity:** Department of Veterans Affairs, Network Contracting Office (NCO) 16 and VISN 16, Overton Brooks VA Medical Center in Shreveport, LA.

Purchase Request Number: 667-19-1-132-0001

2. **Brief Description of Supplies/ Services required and the intended use/Estimated Amount:** This action is for the justification and approval for the procurement of a Karl Storz Brand Name only Otolaryngology/ ENT video system and video cart equipment to support existing flexible and rigid ENT scopes already in use in the facility's operating room. The current video system is leased from Karl Storz with an expiration of November 31, 2018. The action will be awarded as a new action for a one-year lease with four (4) exercisable option years.

Lease of Otolaryngology/ENT Video system and Video cart to be used in the operating rooms for ENT invasive and surgical procedures. The 4K ENT VIDEO SYSTEM VIDEO CART unit provides superb imaging with high spatial, temporal and contrast resolution on a 32-inch monitor, with little to no adjustment required. The video system will provide 4U-Head 4K Camera Head for 4U-Link Module with built in pointer-grid visualization. The 4K ENT VIDEO SYSTEM VIDEO CART unit provides superb imaging with high spatial, temporal and contrast resolution on a 32-inch monitor, with little to no adjustment required. The video system will provide 4U-Head 4K Camera Head for 4U-Link Module with built in pointer-grid visualization. The equipment will be maintenance by the distributor for the life of the lease.

The total estimated value is [REDACTED] annually; with options the total value is [REDACTED]

The estimated delivery date is [REDACTED]

3. **Unique characteristics that limit availability to only one source, with the reason no other supplies or services can be used:** The requested 4K ENT Video System/Video Care units are compatible with the Karl Storz TH120 4K Camera Heads and existing Karl Storz digital ENT scopes currently in use for Otolaryngology surgical procedures. It would not be cost effective to purchase more scopes with another brand to fit any other brand of Video towers or cart. The requested equipment will support critical, high volume procedures for the Otolaryngology Service.
4. **Description of market research conducted and results or statement why it was not conducted:** Karl Storz has been a trusted brand for ENT diagnostic and surgical procedures. Most of all the current equipment used in operating room and the ENT clinic is Karl Storz. A market research was done with the manufacture of Karl Storz and a Distributor of Karl Storz Products; L1 Enterprise.

A Sources Sought Notice, 36C25618U0411, was published to FBO. Only two responses were received for the notice, 1 small business, and one SDVOSB.

5. **Contracting Officer's Certification:** *Purchase is approved in accordance with FAR13.106-1(b). I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.*
