B.2 STATEMENT OF WORK

STATEMENT OF WORK

A. GENERAL INFORMATION

- Title of Project: Linen Laundering Service for the Valley Costal Bend (VCB).
- Scope of Work: The requirement will serve to replace the Memorandum of Understanding (MOU) between VCB and South Texas VA to provide laundry service for the VCB. The MOU will end September 30, 2018. The contractor shall provide all resources necessary to accomplish the deliverables described in this statement of work (SOW), except as may otherwise be specified. Contractor shall furnish

all labor, equipment, supervision, management, supplies, bulk delivery carts, transportation, and facilities (except as identified elsewhere in this document) necessary to perform contractor owned/contractor operated bulk laundry/linen services and tasks required under this contract for the Department of Veterans Affairs, Veterans Integrated Service Network (VISN 17), Valley Costal Bend (VCB), which includes VA Medical facilities in Harlingen TX, Corpus Christi TX, McAllen TX, and Laredo TX. All services are to be performed in accordance with standard industry practices and quality control measures. Services shall include pick-up and delivery of items by contractor personnel. These services are in support of patient care programs. Weekly services are required and must be performed during facility business hours. VISN 17, Valley Costal Bend (VCB) Medical Centers are required to provide support operations essential to patient care and contractor services turn-around shall be performed accordingly to support VAMC (s) operations. All services shall be provided FOB at VAMC (s) location identified elsewhere in this document.

Requirement consists of furnishing the physical laundry plant (at an off-site location), all labor, supervision, management, management support, supplies, ancillary equipment, vehicles and materials necessary for accomplishment of complete laundry/linen services.

All workmanship shall be in accordance with practices established by the National Association of Institutional Linen Management (NAILM), International Fabricare Institute (IFI), Textile Rental Services Association (TRSA) and accepted industry standards. It is intended that services shall include all processes necessary for the laundering of the articles even though every step involved is not specifically mentioned.

All work shall be performed under sanitary conditions as specified by the Joint Commission of Accreditation of Healthcare Organizations (JCAHO). Physical separation, through the presence of a barrier wall and the use of pass-through equipment is required to maintain positive air pressure in the clean section relative to a negative air pressure in the soiled section. In no case shall clean and soiled linen share the same physical space. Plants in which the work is done shall be open to inspection of sanitary conditions by Government representatives. After processing, laundered articles shall be in serviceable and sanitary condition, meeting established quality and performance requirement standards as shown in Section *The Laundry Plant layout/design should incorporate a "design for asepsis" where by clean linen does not come into contact with soiled linens nor share the same physical space, thus avoiding cross-contamination or reintroduction of bacteria once processed.

Any change of function by the Government, which may affect this contract as contemplated by this paragraph, and which requires permanent adjustments in frequency or type of performance, will be coordinated with the Contractor by the Lead Contracting Officer's Representative (COR) and Contracting Officer (CO) prior to initiation of such a change to assure adequate contractual coverage.

Notwithstanding the provisions of the contract covering inspection, acceptance, and deduction from payment, any items found to have been unsatisfactorily cleaned according to quality and performance standards, shall be re-cleaned or replaced at no additional cost to the Government. Such items shall be identified, for contractor recognition, by the Facility COR when they are returned on the next scheduled pickup after an unsatisfactory condition is discovered. These items are to be kept separate from the normal laundry items for separate processing. Re-cleaned or replaced items will be identified separately and not charged to the Government.

Scheduled services are to be accomplished subject to emergency situations, which may require alteration of schedules. Emergency situations will be defined by the Facility COR and/or Lead COR. In the event of Medical Facility emergencies, disaster, or drills, the Contractor shall perform all laundry/linen services required by the Medical Facility.

This specification is intended to produce minimal acceptable level of performance. The Government does recognize the possibility of the Contractor achieving the same or improved results due to innovative approaches, advances in the state-of-the-art materials, equipment and supplies. Accordingly, provision is hereby made for alterations when a Contractor demonstrates the ability to maintain the standards established herein through use of improved techniques, materials, scheduling, etc. All changes are contingent upon the recommendations of the Facility COR, Lead COR and the approval of the CO or other management official as may be deemed appropriate.

3. Damage and Equipment loss: All tasks accomplished by Contractor's personnel shall be performed to preclude damage or disfigurement of Government-owned furnishings, fixtures, equipment, and architectural or building structures. The Contractor shall verbally report immediately to the Facility COR, any damage or disfigurement to these items when caused by Contractor's personnel. A follow-up written report will be given to the Facility COR and a copy forwarded to Lead COR.

When the Contractor has caused damage or loss of government property, or performance is determined to be unsatisfactory; the Facility COR will issue a contractor discrepancy report (CDR). The Contractor will reply in writing, to the Lead COR within 10 working days, stating the reason for the unsatisfactory condition, the corrective measures which have been taken, and preventive procedures initiated.

Any damage caused to Government property during the course of the Contractor's performance of work under the contract shall be repaired or replaced to preexisting conditions at Contractor's own expense.

4. Linen Control: Contractor shall comply with all Government request and policies relative to linen control.

Contractor shall participate, as required by VA policy, in inventories of Government-provided specialty linen.

VA owned items lost or badly damaged while under the control of the Contractor must be replaced within a 30-day period at the Contractor's cost.

Unusual losses, including suspected pilferage, shall be reported at once to the Lead COR, who will take immediate action to investigate the loss. If the loss is not recovered, the cost of replacement will be negotiated with the Contracting Officer, along with the approval of the Lead COR, on a quarterly basis. The Vendor will supply an itemized list (by location) of linen that will be replaced, (including item description, quantity and unit cost).

Claim of Patients and Employees. The Contractor shall establish procedures for the settlement of claims for loss or damage to property of patients and employees while in Contractor's possession, the procedures must be established, and a copy provided to the Contracting Officer for approval, within 20 calendar days after the contract award date.

5. Circumstances to be reported: The Contractor shall report any circumstances, which may affect the performance of the work and unhealthy or hazardous conditions or any delays or interference with work. Such reports shall be made immediately upon discovery by the Contractor to the Lead COR by phone and a follow-up fax.

Contingency Plan, Contractor shall furnish with his/her proposal a written Contingency Plan indicating that services can be continued in the event of Contractor's equipment and /or production facility failure. This Contingency Plan must also include transportation vehicle failure.

E.2 52.212-2 EVALUATION—COMMERCIAL ITEMS (OCT 2014)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

- Past Performance
- Technical capability in accordance with statement of work
- Price

Technical and past performance, when combined, are significantly more important than price.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. E.3 ADDENDUM TO 52.212-2 EVALUATION—COMMERCIAL ITEMS

Past Performance – 10 Pages

The Offerors shall provide proof of a satisfactory record of performance, integrity and business ethics.

The Government will conduct a performance risk assessment based on the quality, relevancy and recency of the Offeror's past performance, as well as that of its major subcontractors, as it relates to the probability of successful accomplishment of the required effort. Offerors are cautioned that the Government will review available past performance data available in the Past Performance Information Retrieval System (PPIRS). The Government reserves the right to obtain past performance information from any available source and may contact customers other than those identified by the Offeror when evaluating past performance. Since the Government may not necessarily interview all of the sources provided by the Offerors, it is incumbent upon the Offerors to explain the relevance of the data provided. Offerors are reminded that the burden of proving low performance risk rests with the Offerors. The Government will review aspects of cost, schedule and performance. Areas to be evaluated may include but are not limited to quality of product or service, timeliness of performance or adherence to delivery schedules, controlling project cost, and/or effectiveness in program management (to include use and control of subcontractors).

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with

the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.
