40	4657	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	4657	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	4698	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	5646	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	5646	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5648	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	5648	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5649	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	5649	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5656	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	5656	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5657	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	5657	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5660	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	5660	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	6658	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	6659	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	6662	ISOLATION ROOM	1	ISOLATION ROOM	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Remove the existing TSI monitor and provide new. Provide door switch. Readjust the existing box and fan controls to fully operational
40	6662	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	1639A	Bed Tower Sterile Processing Machine	1	Clean Utility Storage (HP Room)	SPS Processing Room	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	2602A	CYSTOSCOPY CLEANUP	1		Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	4640-TOILET	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	4642-TOILET	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	4657B	ANTEROOM	1	ANTEROOM	ANTEROOM	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	4698A	ANTEROOM	1	ANTEROOM	ANTEROOM	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	4698B	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5646B	ANTEROOM	1	ANTEROOM	ANTEROOM	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5649B	COMMON ANTEROOM	1	ANTEROOM	ANTEROOM	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5656B	COMMON ANTEROOM	1	ANTEROOM	ANTEROOM	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5660C	ANTEROOM	1	ANTEROOM	ANTEROOM	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	6658-TOILET	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	6659A	COMMON ANTEROOM	1	ANTEROOM	ANTEROOM	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	6659-TOILET	Isolation Room Toilet	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	6662B	ANTEROOM	1	Isolation Room Toilet	Isolation Room Toilet	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
118	7277	Research and Development Operating Room	1	Operating Room	Procedure	Existing (C)	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
1A	5486	GI Lab #5 Gastroenterology	1	Colonoscopy (With or w/o polypectomy), EGD, Flexible Sigmoidoscopy, Esophageal Banding, Peg Placement, Endoscopy	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
1A	5487	PROC. ROOM 1 FLOURO (X-Ray)	1	ERCP, EUS, Common Bile Duct - Pancreatic Stents, Colon Stents	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
1A	5488	BRONCHOSCOPY ROOM 4	1	BAL, Transbronchial Ultrasound, Pleurex, EBUS, Chest Tube Insertion, Thoracentesis, Colonoscopy (With or w/o polypectomy), EGD, Flexible Sigmoidoscopy, Esophageal Banding, Peg Placement, Endoscopy	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system.	Provide BACnet device and connect to the BACnet BAS system
1A	5494	Endoscopy - PROCEDURE RM 3	1	Colonoscopy (With or w/o polypectomy), EGD, Flexible Sigmoidoscopy, Esophageal Banding, Peg Placement, Endoscopy	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
1A	5495	Colorectal - PROCEDURE RM 2	1	Anoscopies, Hemorrhoid Banding, Colonoscopy (With or w/o polypectomy), EGD, Flexible Sigmoidoscopy, Esophageal Banding, Peg Placement, Endoscopy	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system.	Provide BACnet device and connect to the BACnet BAS system
1B	5546	Tee Room	1	TEE, EKG, ECHO Rooms	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system.	Provide BACnet device and connect to the BACnet BAS system
1B	5548	Soiled TEE - Reprocessing	1	TEE, EKG, ECHO Rooms	Reprocessing	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system.	Provide BACnet device and connect to the BACnet BAS system
1B	5551	Cardiology Cath Lab	1	Heart Cath, percutaneous coronary intervention, RV Biopsy, CardioMEMS, Impella	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
1B	5553	Cardiology	1	Pacemaker Implant/Gen Change, ICD Implant/Gen Change, BiV ICD Implant/gen change, EP study +/- ablation, loop recorder implant	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
1B	5554	Cath Control Observation Room	1	Cath	Non-critical	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
1B	1538C	Interventional / Special Procedures	1	Radiology	Procedure	Provide connection to BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system

40	5697	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5698	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5699	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5700	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5701	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5702	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5703	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5704	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5705	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5706	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5707	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5708	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5709	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5710	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5711	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5712	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5713	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5714	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5715	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5716	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5717	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5718	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5719	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5720	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5721	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5722	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5723	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5724	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5725	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5726	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5727	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5728	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5729	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5730	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5731	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5732	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5733	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5734	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5735	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5736	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5737	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5738	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5739	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5740	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5741	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5742	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5743	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5744	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5745	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5746	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5747	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5748	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5749	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5750	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5751	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5752	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5753	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5754	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5755	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5756	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5757	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5758	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5759	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5760	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5761	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5762	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5763	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5764	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5765	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5766	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5767	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5768	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5769	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5770	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5771	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5772	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5773	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5774	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5775	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5776	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5777	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5778	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5779	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5780	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5781	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5782	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5783	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5784	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5785	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5786	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5787	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5788	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5789	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5790	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5791	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5792	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5793	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5794	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5795	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5796	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5797	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5798	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5799	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5800	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5801	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5802	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5803	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5804	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5805	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5806	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5807	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5808	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5809	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5810	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5811	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5812	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5813	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5814	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5815	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5816	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5817	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5818	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5819	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5820	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5821	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5822	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5823	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5824	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5825	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5826	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5827	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5828	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5829	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5830	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5831	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5832	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5833	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5834	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5835	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5836	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5837	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5838	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5839	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5840	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5841	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5842	Pre-surgery Holding	2	Pre-surgery Holding	Procedure	Existing ATC	Existing to remain	Provide BACnet device and connect to the BACnet BAS system	Provide BACnet device and connect to the BACnet BAS system
40	5843
