**b) Industry Standard – N/A**

- c) **Purpose** – To standardize VA Northern California Health Care System with toilet paper and paper towel, to the new touchless dispenser in most area. The reasons we need this one is to lower the possibility for cross contamination with touchless dispenser. To eliminate the number of keys our housekeeper have to carry from 11 keys for all the different dispenser we have in our facility to just 1. With this change we can eliminate the confusion that our housekeeper face on a daily bases. To lower the number of paper product. Currently we have 4 types of Paper towel and 3 type of toilet paper. Also to reduce the frequency of orders with credit card.

**d) Governing Body or Organization – N/A**

**2) Complete generic identification –**
