E.3 ADDENDUM TO 52.212-2 EVALUATION—COMMERCIAL ITEMS (OCT 2014)

1. *Basis of Award.* This procurement is being conducted pursuant to FAR Part 13 procedures. The Government intends to award a contract resulting from this solicitation to the responsible offeror who offers the lowest price, whose price is found to be reasonable, and whose proposal does not take exception with any of the requirements for this procurement specified in the solicitation. In addition to the general standards of responsibility found at FAR § 9.104-1, in accordance with FAR § 9.104-2, the special standards of responsibility described below apply to this procurement. **Offerors who fail to meet the special standards of responsibility will not be eligible to receive contract award.**

a. Special Standards of Responsibility – Qualification of Personnel Performing on the Contract.

(1) Qualification of Personnel Performing on the Contract. This special standard of responsibility shall be used to determine if the offeror's proposed personnel possess the specialized training required to maintain and repair equipment as described in the SOW and Schedule of Services and Prices.

b. Those offerors who fail to meet the Special and General Standards of Responsibility will not be eligible to receive award.

2. *Evaluation Process.* Proposals will be evaluated in the following manner. The lowest-priced offer will be identified. The proposal for the lowest-priced offer will be evaluated to determine if the offered price is reasonable and if the proposal does not take exception with any of the requirements for this procurement. If the price is found to be reasonable and the proposal does not take exception with any of

the requirements for this procurement, the contracting officer will determine if the offeror is responsible using the general and special standards of responsibility for this procurement. If contract award cannot be made to the lowest-priced offer, the contracting officer will evaluate the next lowest-priced offer. This process will continue until a contract award can be made, or the contracting officer determines that no contract award can be made. The contracting officer may find all offers not acceptable and cancel the procurement if the lowest-priced offer exceeds the amount of funding available for the procurement. The Government intends to evaluate offers and award a contract without discussions with offerors. However, the Government reserves the right to conduct discussions at any time if determined by the contracting officer to be in the Government's interest.

3. *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

4. A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. (iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
