SC2000, BASE CONFIGURATION

The ACUSON SC2000 PRIME ultrasound system offers excellent image quality for both 2D and 3D without compromise and helps increase productivity with one-click knowledge-based measurements, automated protocols and navigational tools. It is the versatile system for your cardiovascular needs, providing the precision and speed clinicians require today.

Premium Standard Features

- * PRIME Configuration
- * IN Focus Coherent Technology
- * Native TEQ dynamic ultrasound technology (NTEQ)
- * Pediatric Imaging Package
- * eSie Left Heart package
- * eSieScan Workflow Protocols
- * Wireless Connectivity
- * Integrated Gel Warmer

Premium Ultrasound System:

- * Large 21-inch high definition LCD display for easy viewing
- * Floating control panel with lock and Home Base design
- * 2 quick access USB ports on control panel, 3 USB ports on the back of the system and 1 USB port on the bottom right
- * Laser trackball
- * Ergonomic Micro-Pinless connector ports
- * 4 wheel swivel with high-end bearings for improved mobility
- * Rear Handle
- * Ambient, context sensitive lighting
- * 2 Terabyte hard drive

Qty**Item Description**

System Security:

- * McAfee(r) embedded security solution

SC2000, 3D TTE BUNDLE

The bundle provides additional feature rich 3D technologies and transducers to achieve the clinical value of volume imaging in transthoracic echo (TTE).

The bundle includes:

- * 4V1c Transthoracic Transducer
- * 4Z1c Matrix Array Transducer
- * eSie LVA Volume LV analysis package
- * eSie PISA volume analysis package

eSie LVA works with the 4Z1c and the Z6Ms transducers in the 5.0 release.

eSie PISA works with the 4Z1c transducer and is disabled on the Z6Ms transducer in the 5.0 release.

1

SC2000 eSie Measure Pkg

The bundle provides 118- TTE and 22 -TEE one-click semi-automated measurements for basic echo exams, improving quality by increasing accuracy and consistency as well as increased efficiency saving 6 minutes per routine echo exam.

It contains the following:

- * eSie Measure 2D
- * eSie Measure M-Mode
- * eSie Measure Spectral Doppler

1

SC2000, ESIEFLOW QUANTIFICATION PKG

eSie Flow(tm) quantification package is Siemens' pioneering breakthrough technology that provides analysis of Volume Color Doppler.. The semi-automated technique quantifies blood flow through the right or left heart using Volume Color Doppler. It quantifies the following: Inflow and Outflow Stroke Volume and derives Regurgitant Volume, Regurgitant Fraction, Cardiac Output without the traditional assessment limitations of Doppler methods.

1

SC2000 Adv Vascular Imaging Bundle

The bundle provides additional feature-rich peripheral and cerebrovascular imaging technologies and transducers to achieve high quality vascular exams.

It contains the following:

- * 9L4 Vascular Transducer
- * Advanced SieClear spatial compounding
- * Vascular Imaging Package

PRELIMINARY PROPOSAL

Qty	Item Description
1	<p>SC2000, ADVANCED ICE BUNDLE</p> <p>This bundle enables use of the full family of AcuNav ICE catheters: ACUSON AcuNav ultrasound catheters, SoundStar(r) catheters, and ACUSON AcuNav V volume ultrasound catheters for 2D, 3D and Volume Intracardiac Echo (ICE) procedures via the 2D SwiftLink catheter connector, SwiftLink V catheter connector and the CARTOSOUND(r) communication package.</p> <p>The bundle includes:</p> <ul style="list-style-type: none"> * 2D SwiftLink Catheter Connector * Volume SwiftLink V Catheter Connector * CARTOSOUND(r) Communication Package * Box of sterile, single-use covers for the SwiftLink connector <p>Note: ACUSON AcuNav ultrasound catheters, SoundStar(r) catheters, and ACUSON AcuNav V volume ultrasound catheters sold separately.</p>
1	<p>SC2000 Wireless Config, Non-EU</p> <p>This configuration provides the required hardware and software to abide by the wireless protocols for countries outside the European Union.</p>
1	<p>ECG Leads, Respirometer, USA Type</p> <p>The USA Type ECG Leads will work with all new ACUSON SC2000 ultrasound systems 5.0 and upgraded systems at 5.0 SW that have also upgraded the physio module.</p>
1	<p>Aux Cable, stress echo/ext monitors</p> <p>The Aux Cable, Stress Echo, External Monitor Cables will work with all new ACUSON SC2000(tm) 5.0 ultrasound systems and upgraded 5.0 systems that have also upgraded the physio module.</p>
1	<p>Manual AcuNav US Catheter English</p>
1	<p>AcuNav V US Catheter English Manual</p>
1	<p>SC2000 5.0 Cardiac Base System</p>
1	<p>Initial onsite training 24 hrs-FMV</p> <p>Up to (24) hours of on-site clinical education training, scheduled consecutively (Monday - Friday) during standard business hours for a maximum of (4) imaging professionals. Uptime Clinical Education phone support is provided during the warranty period for specified posted hours. This educational offering must be completed (12) months from install end date. If training is not completed within the applicable time period, Siemens obligation to provide the training will expire without refund.</p>
