Item No.	QTY	DESCRIPTION
1	1	<p>LOGIQ P9 R2.5 Five Year Standard Warranty</p> <p>LOGIQ P9 R2 general imaging ultrasound system provides strong performances through ease of use and personalized system. Built upon Agile Acoustic Architecture technology, the LOGIQ P9 R2 helps you achieve great images using innovative tools CrossXBeam (Spatial Compounding), SRI HD (Speckle Reduction Imaging in High Definition), and Coded Harmonics. Workflow features such as Raw Data for post-processing of images, Automatic Optimization, Easy 3D and Virtual Convex. The simple and compact design of the LOGIQ P9 include a 21.5 inch high-resolution color flat panel wide screen monitor with fully articulating arm, adjustable console, high cabinet, side tray, 10.4 inch wide color LCD touch screen, and four active probe ports. Scanning modes include B-Mode, M-Mode, Color Flow, Pulsed Wave, and Power Doppler. Other system features include: Windows** 7 operating platform, 776MB cine memory, approximately 500 GB internal hard drive, footrest, physical and digital user programmable presets, My Page, My Trainer, digital TGC, digital A/N keyboard and digital copy of user documentation (eDocs). Initial installation includes a five-year standard warranty including probes and two days of On-site Applications Training. Training must be completed within six (6) months after Product delivery, otherwise GE Healthcare's obligation to provide the training will expire without refund. Additional On-site Applications Training days are available for purchase. Customer workflow permitting and abiding by SDMS criteria, sonographer install CE's may be provided during install training. *Trademark of General Electric Company **Third party trademarks are the property of their respective owners.</p>
2		<p>L4-12t-RS Linear Array Probe</p> <p>Wideband Linear Array Probe. Configurable button functions enable single person control, simplifying interventional procedures. Applications vary depending on the ultrasound system and may include Vascular, Pediatric, Neonatal, Small Parts, Nerve Block, MSK, Rhuema, and ER (Pleural, Ophthalmic). Datasheets for specific ultrasound systems contain additional</p>
