

**SECTION 01 22 00**  
**UNIT PRICES (ADD AD-01)**

**PART 1 - GENERAL**

**1.1 SUMMARY**

- A. This Section includes administrative and procedural requirements for unit prices.
- B. Unit Price is an amount proposed by bidders, stated on Bid Form, as a price per unit of measurement for materials or services added to or deducted from Contract Sum by appropriate modification, if estimated quantities of Work required by Contract Documents are increased or decreased.
- C. If quantities originally contemplated are materially changed in a proposed change so that application of such unit prices to quantities of Work proposed will cause substantial inequity to Owner or Contractor, the applicable unit prices shall be equitably adjusted.
- D. Owner will confirm in field the Contractor's measurement of work-in-place that involves use of established unit prices. If disputes arise, Owner reserves the right to have this work measured, at Owner's expense, by an independent surveyor acceptable to Contractor.

**1.2 DESCRIPTION**

- A. Work includes:
  - 1. Overhead and profit in Unit Prices.
  - 2. Indicate Unit Prices on Bid Form.
  - 3. Unit Prices indicated on Bid Form will be made part of Contract.

**1.3 UNIT PRICES**

- A. Unit Price No.1: Cost for 250 linear feet of temporary steam piping supply and condensate return piping and an additive or deductive cost per lineal feet for temporary steam piping supply and condensate return piping in accord with Section 23 22 13.
- B. Unit Price No.2: Additive or deductive cost per lineal feet for removal of pipe insulation containing asbestos in accord with Section 01010.
- C. Unit Price No.3: Additive or deductive cost per cubic foot for removal of soil containing asbestos within the tunnels being demolished in accord with Section 01010
- D. Unit Price No.4: Additive or deductive cost per cubic foot for removal of soil containing asbestos within the portions of the tunnels remaining in accord with Section 01010
- E. Unit Price No.5: Additive or deductive cost per square feet for encapsulation the soil containing asbestos within the portions of the tunnels remaining with a lean concrete mix in accord with Section 01010.
