

## RFI's and Notes: B24 Seismic Corrections and Additions

### Notes:

- Read the entire solicitation
- SDVOSB set-aside
- CVE explained **pg 5** of solicitation
- Reminder- Best Value Trade Off- Read **pg 7**, review factors that are in descending order of importance.
- Responsive bids must have all forms completed and turned in.

### RFIs:

1. Existing site next to B24 avail for use?  
**No, basically. Possibility of coordination with existing contractor.**
2. Phased?  
**Yes, floor by floor phasing please read the documentation provided in the solicitation as it explains.**
3. Showed lay down area.  
**From B24 to the first row of parking in the parking lot, but not Mental Health #1.**
4. Furniture removal responsibility?  
**VA removes what is needed to continue operations-contractor to remove, store, and replace remainder.**
5. Existing elevator to remain in use for VA.
6. Power requirements during construction?  
**Fire alarms/life safeties are required at all times. However, after hour shutdowns can be coordinated. Third floor had refrigeration that need to remain on.**
