### ADDENDUM to FAR 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS

Provisions that are incorporated by reference (by Citation Number, Title, and Date), have the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

The following provisions are incorporated into 52.212-1 as an addendum to this solicitation:

**This procurement is being conducted under the Sub-Part 13.5- Simplified Procedures for Certain Commercial Items and the conduct of the procurement will be in accordance with FAR Parts 12 and 13 or some combination thereof.**

52.212-2, Evaluation - Commercial Items: FAR provision 52.212-2 does not apply to this solicitation. **Pursuant to FAR subpart 13.106-2, the Government will award a Firm-Fixed Price contract resulting from this solicitation to the responsible contractor whose quotes conforming to the solicitation will be most advantageous to the Government. Award will be made to the lowest priced quote that meets or exceeds ALL requirement of this solicitation and the PWS.**

Prospective Contractors are required to submit the SF-1449/SOLICITATION/CONTRACT/ORDER FOR COMMERCIAL ITEMS and complete the following blocks (17a, 30a, b, c, and section B.1, 1. a.) and the Schedule and Supplies.

**Prospective Contractors are required to submit two separate documents; one (1) Part A Technical Part and one (1) Part B Price Part IAW Schedule B (SF1449).** If both Parts are not received, the quote will be considered non-responsive, and will not be considered for award.

**Quotes must be electronically submitted on or before the Solicitation close date and time – provided on SF1449 block 6.** No faxed or hand-delivered quotes will be accepted. Submit quotes to [lonest.bonton@va.gov](mailto:lonest.bonton@va.gov).

**Part A - Content of the Non Price Factors/Technical Part – will be evaluated on Pass / Fail basis**

Item quoted must meet at the minimum the salient characteristics of item described within the Schedule of Items and Performance Work Statement (PWS). Offeror to provide technical brochures to support functionality features as described within the PWS/Schedule of Items. In addition, Electronic data or virtual link in order to examine capabilities can be provided. Offerors shall provide in detail for each specification that is required that the particular specification is or is not offered with a reference to the quote/brochure/data provided that the specification required is in fact offered. If offering a product that specified herein, the vendors are required to provide descriptive literature in sufficient detail to determine if the items quoted are technically acceptable. Offeror shall also provide evidence of being an Authorized Reseller (Distributor) for product offered. This can be substantiated with a link to Manufacturer's web site that supports offeror's distributorship or other proof from the manufacturer.

**This information must be provided on the attached S15 Technical Evaluation spreadsheet.**

Additional information can be submitted as well, but failure to use this spreadsheet will make your quote not responsive.

If contractor fails to provide sufficient Part A information or the information has not passed the evaluation, the quote will be deemed not acceptable and will not be further evaluated.

**NOTE: FAR Clause 52.209-7 Information Regarding Responsibility Matters**

**Contractor shall complete the certification under FAR Clause 52.209-7 by checking [ ] has or [ ] does not have current active Federal contracts and grants with total value greater than \$10,000,000.00. Failure to complete the clause will result in your quote deemed not responsive.**

**The Contractor shall deliver and install MRI unit no later than 30 days after contract award. The contractor shall provide “certification or affirmation in writing” that the MRI unit will be delivered and install no later than 30 days after contract award.**

### **Part B - Content of the Price Part**

-Price schedule (Schedule B SF1449)

Total price for CLIN as described in Schedule B (SF1449). Please provide all technical specification you are offering on this document.

All Offerors are advised that, in the interest of efficiency, the Government reserves the right to conduct the evaluation in the most effective manner. Specifically, the Government may first evaluate the total quoted price of all Offerors. Thereafter, the Government will evaluate the technical quotation of the lowest priced Offeror only. If the lowest priced Offeror's technical quotation is determined to be rated as Acceptable, the Government may make award to that Offeror without further evaluation of the remaining Offerors technical quotations. If the lowest priced Offeror's technical quotation is determined to be rated as Unacceptable, then the Government may evaluate the next lowest priced technical quotation, and so forth and so on, until the Government reaches the lowest priced technical quotation that is determined to be rated as Acceptable. However, the Government reserves the right to evaluate all Offerors technical quotations should it desire to conduct discussions, or otherwise determine it to be in the Government's best interest.

A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

**If your submission to this RFQ does not follow the requirements above or otherwise required by the solicitation your company risks not being considered for award.**

### **A.3 52.209-7 INFORMATION REGARDING RESPONSIBILITY MATTERS (OCT 2018)**

(a) *Definitions.* As used in this provision—

"Administrative proceeding" means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

"Federal contracts and grants with total value greater than \$10,000,000" means—

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

"Principal" means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror [ ] has [ ] does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

- (1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:
  - (i) In a criminal proceeding, a conviction.
  - (ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.
  - (iii) In an administrative proceeding, a finding of fault and liability that results in—
    - (A) The payment of a monetary fine or penalty of \$5,000 or more; or
    - (B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.
  - (iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

Performance Work Statement  
Gene Taylor CBOC Mobile MRI  
Lease

Veterans Health Care System of the Ozarks  
Springfield,  
MO

02/28/2019

1. PURPOSE

1.1 The overall purpose is to provide and install a Mobile MRI Trailer and Equipment at Veterans Health Care System of the Ozarks (VHSO), Gene Taylor Community Based Outpatient Clinic, 1850 W. Republic St, Springfield, MO 65807.

2. SCOPE

2.1 The contractor to provide all equipment, tools, materials, labor, transportation, site construction (to include utility hook-ups (power, data, telephone), equipment training, on- site installation, and anything else necessary to provide for an equipment lease for fully functioning/fully operable 1.5 Tesla (T) Mobile Magnetic Resonance Imaging (MRI) System trailer for the Gene Taylor Community Based Outpatient Clinic (VA) at 1850 W. Republic St, Springfield, MO 65807.

2.2 The mobile MR unit shall include awning cover long enough to cover all entries

2.3 The Vendor is responsible for transporting the unit to and from the location

2.4 The contractor shall be TJC (The Joint Commission) Accredited and/or shall follow established TJC guidelines, as they pertain to the Mobile MRI operations.

2.5 The permanent MRI System trailer shall be delivered and installed within 30 days after contract award. The lease period of performance will be for a Base Period of approximately 5 months beginning on or about 1 May 2019 to 30 Sep 2019 and four (4) 12-Month Option Periods.

2.6 The contractor must have the capability of providing a mobile MRI unit to be onsite 7 days per week for at least the Base Year with Four Option Years of service.

2.7 System/equipment shall be fully capable and able to transfer image and data to multiple modalities including VA PACS, VISTA Imaging, printers, and Hospital RIS System (full DICOM Communication). Each location shall have different IP addresses, subnet masks, and VPNs. Communication between MRI and Radiology Services PACS: The Contractor shall ensure that a convenient and robust means of DICOM transfer of MRI studies to the VA Radiology Service PACS is operational. The Contractor shall obtain and provide to the VA any technology necessary to ensure that MRI studies can be conveniently read on the existing VA PACS display technology. Any peripherals that the VA does not have but that is needed to ensure convenient and timely display of MRI studies in the VA Radiology Service shall be obtained by the Contractor, be installed, and be retained by the VA so that at future dates the archived studies can be reviewed. Each MRI study will be transferred to

the VA PACS immediately following the acquisition of the study so that it can, if necessary, be reviewed before the patient leaves the MRI Trailer.

- 2.8 The Contractor shall have the permanent MRI Trailer and Equipment in-place and fully operational no later than 30 days after contract award. The contractor shall provide certification or affirmation that the permanent unit will be in-place and fully operational within the 30 days after contract award.
- 2.9 The Mobile MRI Equipment shall be equal to or better than the description of a 1.5T GE SIGNA Voyager Wide Bore MRI System.
- 2.10 The Vendor is responsible for the maintenance of the unit, including all Preventative Maintenance, and all Parts and Labor. All Preventative Maintenance to be performed after normal duty hours. NOTE: The VAMC will consider Preventative Maintenance during normal duty hours with prior approval at least 7 working days prior to scheduled maintenance.
- 2.11 Vendor agrees to cooperate with VA for quality control purposes
- 2.12 Meeting all safety requirements such as posting MRI Hazardous ZONE Signs around the Mobile MRI Trailer
- 2.13 The vendor shall provide a permanent MRI unit. Interim MRI unit "will not" be accepted.

## 2.5 SALIENT CHARACTERISTICS

- 2.5.1 Minimum requirements for this system are a state of the art 1.5T magnet:
- 2.5.2 Must have 2D FSE-base magnetic resonance image compilation imaging.
- 2.5.3 The MRI must have a wide bore (70 cm) for patients that are claustrophobic and/or obese.
- 2.5.4 Gradient noise level of 99 db or below without reducing performance.
- 2.5.5 Magnetic Resonance Image Compilation (generate multiple image contrasts in a single MRI scan)
- 2.5.6 The MRI must have Total Digital Imaging (TDI). TDI helps deliver consistently sharper images than conventional MR systems with higher SNR, superior homogeneity and uniformity.
- 2.5.7 Equipment will be capable of sending images to a minimum of 3 destinations (printer, PAC's, Hospital RIS System, etc)
- 2.5.8 Dedicated application packages:
  - 2.5.8.1 MRI system will include these application packages as a minimum
    - Synthetic MRI Capabilities
