

ID	Document	Section	Paragraph	Page	Question	Answer
1	PWS	A2.0		52	The VA requires that services under this contract must comply with One-VA Enterprise Architecture available at http://www.ea.oit.va.gov/index.asp . This site appears to be under development. Will the VA be updating this site with the documentation to which the Contractor can review and evaluate for compliance?	While the website is in development, please refer to the attachments provided with this amendment.
2	Addendum B	C	B5	62	Do C&A FISMA & FIPS requirements apply to prime contractor's management portal only? Do C&A FISMA & FIPS requirements apply to carrier's management portal as well?	See Amendment A00001. Addendum B has been removed from the PWS.
3	PWS	C	5.7	43	Clarification: Please remove paragraph (c) through (h) for international roaming, as domestic wireless carriers do not own or manage such service capabilities of wireless carriers that are owned and operated overseas. Vendor further requests that they only be required in territories where a wireless carrier owns and operates its commercial wireless network.	Please submit your approach to meeting these requirements per section L. Results will be evaluated in accordance with Section M

4	Solicitation	M.3	Last	115	If all the small business categories are added up in this paragraph, including the 17.5% for Small, they add up to 38.5%. Is the VA recommending a commitment of 38.5% of total contract value for all small business categories combined (Small, Disadvantaged, Women Owned, HUB Zone, Veteran Owned, and Service Disabled Veteran Owned), or is 17.5% the total small business commitment being recommended which includes all the other small business categories in that 17.5%? Please clarify the VA's total goal for small business on this RFP including all socioeconomic categories.	17.5% is the total small business commitment being recommended which includes all the other small business categories in that 17.5%.
5	Solicitation	B.1	CLIN 0001AA		Has the VA contemplated a certain number of minutes per end-user for the 3 different minute scenario's 15k , 35k, 75k users? Also, is the VA looking for a monthly recurring charge per end-user for each category or are you looking for a lump sum per category and the VA will break the number down per end-user ? Please provide an example if possible. Also, does the VA want all locations that fall under this RFP with wireless services to pool all voice/data minutes across the US and its territories?	The Offeror shall propose their approach to meet the requirements of the PWS.
6	Solicitation	M.1	2	102	Is it the VA's intention to award this RFP to only 2 major wireless carriers and 1 small business?	Please review Section M.1 Basis for Award.
