## New Movement to Minimalism

As popular as the contemporary tone-on-tone look of cement may be, it's even more appealing with the added depth and richness of the Portfolio™ series. An impressive palette of neutral hues create calm monochromatic effects. The colors and sizes easily combine for customized results. Manufactured in the USA and offered in 24" x 24", 12" x 24", and 6" x 24" – Portfolio is an incredibly resourceful choice that's bound to be a favorite in any commercial space.

### • MODULAR MINIMALISM

- Tone-on-tone concrete look supports any style, giving designers added flexibility to create lasting looks
- Broad color offering of 11 different options across a warm and cool palette
- Three popular sizes, including a 6" x 24" rectangle, allow for a modular approach to floor and wall designs
- Coordinating 2" x 2" mosaics and linear decorative mosaics

### • TECHNICAL SUPPORT

- ColorBody™ tile with rectified edges for near seamless designs
- A modern European look and feel manufactured in the USA

## NOTES

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to [daltile.com/LargeTiles](http://daltile.com/LargeTiles) for more information.

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.

Since there are variations in all fired ceramic products, tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual tiles and trim and not from tile samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. Not for use on ramps.
