### D.3 CONTRACTOR TEAM ARRANGEMENTS (CTAS)

Potential Offerors may form Contractor Team Arrangements (CTAs) as defined under FAR 9.601, but they are not required to do so. If the potential Offeror that forms a CTA wants all members of the CTA to be considered for evaluation, the CTA must be submitted with bid and must clearly be defined under FAR 9.601(1) or be a Mentor-Protégé Arrangement that has been approved by the Small Business Administration and include with its proposal the information required under subpart (a) of this section, “Instructions regarding FAR 9.601(1) CTAs.”

An offeror may also enter into Prime/Subcontractor arrangements as defined under FAR 9.601(2); however, in this type of arrangement, only the prime will be considered in the evaluation for award. Offerors forming under FAR 9.601(2) are not required to submit any additional documentation regarding the proposed Prime/Subcontractor contractual relationship or the identification and/or qualifications of the proposed Subcontractors.

However, the Government will not consider the members of a “Contract Team Arrangement” defined under FAR 9.601(2)<sub>1</sub> for evaluation purposes. Evaluating an Offeror’s proposal will be assessed against the identified prime contractor as identified in FAR 9.601(1)

Instructions regarding FAR 9.601(1) CTAs: The Government will evaluate a FAR 9.601(1) CTA provided that the offeror submits a full and complete copy of the document establishing the CTA relationship and containing at least the minimum information required by the solicitation closing date. Although there is no specific form or format that the CTA documents must adhere to, an offeror proposing as a CTA for purposes of evaluation under the requirement is required to address the following in the CTA document:

NOTE: 9.604 Limitations. Nothing in this subpart authorizes contractor team arrangements in violation of antitrust statutes or limits the Government’s rights to-

- Require consent to subcontracts (see [subpart 44.2](#));
- Determine, on the basis of the stated contractor team arrangement, the responsibility of the prime contractor (see [subpart 9.1](#));
- Provide to the prime contractor data rights owned or controlled by the Government;
- Pursue its policies on competitive contracting, subcontracting, and component breakout after initial production or at any other time; and
- Hold the prime contractor fully responsible for contract performance, regardless of any team arrangement between the prime contractor and its subcontractors.

a) Purpose of the CTA: The CTA documents should clearly set forth the purpose of the CTA. CTA must identify the CTA in strict accordance with 9.601 Definition (1) OR (2) AND be subject to rules applicable to *said* choice.

b) Identify the Parties: The CTA documents should identify the entities which make up the CTA relationship, including the primary point of contact for each of the members of the team and the managing partner, and a statement addressing the obligation of all parties to the CTA to ensure performance of the contract and resulting task orders despite the withdrawal of any member.

The CTA documents should also identify where accounting and other administrative records will be retained during contract performance and upon completion of the contract and any potential task orders.

c) Designation of a “Team Lead”: The CTA documents shall identify the “team lead,” and clearly explain the specific duties/responsibilities of the “team lead” to the other members of the team and to the Government (*Note: The Government requests that the team lead be the primary point of contact with the Government while the proposal is under consideration by the Government. This means that the Government will require permission from each non- “lead” member of the team for the Government to discuss confidential/privileged information about the non- “lead” members of the CTA with the designated team lead*).

This “release” shall include consent of the proposed CTA members to disclose their past performance information to the CTA lead.

d) Specific Duties/Responsibilities: The CTA documents shall clearly describe the specific duties/responsibilities of each member of the team as they relate to each other and explain the specific duties/responsibilities that each team member will have for purposes of contract performance. (e.g., one team member will be primarily responsible for performing specific task areas listed in Section (\*), while other team members will be primarily responsible for performing other specific task/sub-task areas listed in Section (\*), etc. and any guaranteed percentages of potential work allocated to the team members.

e) Pricing and Cost: The CTA document should explain how the team members have divided responsibilities for purposes of proposing price/costs. *For example, if one member of the team is responsible for proposed price/costs for a particular labor category, while another entity in the CTA is proposing price/costs for a different labor category, the CTA documents should identify which of the respective team members is responsible for proposing which specific price/cost information.*

f) Invoicing and Payment: The CTA document shall explain how the team members have addressed issues relating to invoicing and distribution of payments. *For example, the CTA document shall identify which member of the team is responsible for invoicing the Government and distributing payment.* Under such circumstances, the CTA document shall clearly indicate that all team members agree to this method of payment. The CTA document should also acknowledge that any dispute involving the distribution of payment will be resolved by the team members themselves, without any involvement by the Government.

g) Replacement of Team Members: The CTA document should address the circumstances and procedures for replacement of team members, including the team lead.

h) Duration of the CTA: The CTA document should address the duration of the CTA, including when it becomes effective, when it expires, and the basis for termination.

i) Representations and Certifications: All members of the CTA shall submit separate representations and certifications as required.

IAW, SBA requirements (see 13 C.F.R. § 124.513), *FAR 52.219-14 Limitation on Subcontracting & 52.219-3 VAAR Clause VAAR 852.219-10 VA Notice of Total Service-Disabled Veteran-Owned Small Business Set-Aside (Dec 2009)*;

If a proposal is submitted where the TA percentages are not within the percentage range listed above, the proposal will not be accepted. **NO ACCEPTIONS.**

l) Additional Requirements for Joint-Ventures: Joint-venture offers must be made in the name of the joint-venture entity. The joint-venture contract must identify the managing Venture, the joint-venture members and who will have signature authority on behalf of the joint-venture. The party signing the offer for the joint-venture shall be listed as having such authority. See <https://www.sba.gov/federal-contracting/contracting-assistance-programs/all-small-mentorprotege-program> for JV requirements.

m) Replacement of Team Members under a FAR 9.601(1) Contractor Team Arrangement (CTA) Contractors that are awarded a contract based on a FAR 9.601(1) are required to obtain PCO approval prior to replacing or deleting team members.

The Contractor request for replacement of team members shall be submitted on official company letterhead to the CONTRACTING OFFICER.

The request shall include:

- The Contractor name and contract number.
- The existing team member name, DUNS, and its qualified Task Areas under the CTA.
- The proposing replacement team member including name and DUNS.
- A copy of the new CTA agreement.
- A capability statement for the proposing member demonstrating qualifications that meet or exceed the existing member qualifications under the CTA.
- The Representations, Certifications, and Other Statements of Offers for the proposed new CTA member

- A copy of the proposed new CTA member's most recent annual report, or if organized as a nonpublic corporation, the organization's most recent asset and liability report.

All proposed new CTA members are subject to a responsibility evaluation in accordance with FAR Subpart 9.1. The contract holder shall indicate if its proposed new CTA member has the necessary financial capacity, working capital, and other resources to perform the contract without assistance from any outside source. If not, indicate the amount required and the anticipated source.

If the PCO determines that a FAR 9.601(1) CTA is proposing unacceptable replacements of existing team members that could adversely affect the ability of the CTA to continue to perform under the contract, the CTA may be subject to termination under the provisions of FAR 52.249-6 or FAR 52.249-8, as applicable.

#### THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541. 400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

- 1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;
- 2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;
- 3) The design documentation testing creation or modification of computer programs related to machine operating systems; or
- 4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**\*\* HAZARDOUS PAY DIFFERENTIAL \*\***

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead aside black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination.

The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of ""wash and wear"" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance

standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS \*\***

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

**\*\* REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) \*\***

**Conformance Process:**

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be confirmed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) [ ] Are, [ ] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [ ] Have, [ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [ ] Are, [ ] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [ ] Have, [ ] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
