Q1. We do not have any 8cy bins, would you allow us to replace with multiple bins or more service days to compensate for the 8cys? For example, 2-4cy instead of 1-8cy or in place of 1-8cy-3x per week, we would provide 1-6cy-4x per week.

A1. We are unable to allocate multiple bins due to confinement of the space. Therefore, there is no need for a change to the scope of the requirement for additional pick-ups.

Q2. If we do not have “automatic locking lids” would you allow us to provide manual locking lids with keys?

A2. Yes, manual locking lids with keys are possible.
