FedBizOpps Special Notice
Rev. March 2010

Fort Mitchell National Cemetery has requested a deferment of a contract award for the Irrigation System Management and Maintenance Services contract at this time to allow the Cemetery to revise and expand their original Statement of Work (SOW) for these services.

Because the original scope of work is anticipated to change significantly due to the addition of more irrigation work not included in the SOW, this requirement may be resolicited again after the start of the new FY20 fiscal year (October 1, 2019) and upon funding availability.
