

Sources Sought Notice

This announcement constitutes a Sources Sought Notice (market survey). This is not a request for quote (RFQ). This announcement is for information and planning purposes only and is not to be construed as a commitment by the Government, implied or otherwise, to issue a solicitation or award a contract. The Government will not pay for any cost incurred in responding to this announcement. Any information submitted by respondents to this Sources Sought synopsis shall be voluntary.

This Sources Sought Notice is for Market Research purposes only. The information submitted in response to the Sources Sought Notice will not be utilized to determine vendor standing in any future/potential Request for Quote, nor will it be utilized to determine if a vendor is qualified to submit a Request for Quote for any future/potential requirement. The notice and the information received shall not be used to determine how well respondents can perform a requirement, which can only be evaluated in response to a solicitation.

Vendors will not receive formal notification or feedback on any information submitted in this Sources Sought Notice. All future/proposed submissions/solicitations requirements solicited on a Government Point of Entry (GPE) will be evaluated independent of any information submitted in response to this Sources Sought Notice. No vendor will be provided information on solicitations issued on a Government Point of Entry based on this Sources Sought Notice.

Potential Sources shall provide their Capability Statement and it must be clear, concise, and complete.

The Miami VA Healthcare System (MVAHS) has a potential requirement for a training for engineering technicians in data a communication installer course relative to NAICS – 611519 - *Other Technical and Trade Schools with a size standard of \$16.5M*

Please confirm if you can provide on-site Instructor led training that will teach engineering technicians how to correctly run, and terminate communication wires in patch panels, computer towers and wall devices. Instructor will be on-site beginning November 4, 2019.
