5. **Demonstration that the Contractor's Unique Qualifications or Nature of the Acquisition Requires the Use of the Authority Cited Above (applicability of authority):** CRG Lynwood is qualified to provide CNH services to veterans, as they have provided these services for several years. CRG Lynwood is the incumbent contractor providing CNH services in Adrian, MI and the only company with the capacity to provide the space and required services now. This places them in the unique circumstance of being able to provide services immediately upon extension of this agreement.

Due to the recently awarded Community Care Network (CCN) contract, CNH agreements will transition from a contract to a Veteran Care Agreement (VCA) on or before March 31, 2020. Therefore, the current BOA –VA251-14-A-0046 – will be extended to ensure patient care is not disrupted and maintain continuity of care for a short-term period until services are transitioned to a VCA. There is no statutory, regulatory, or internal policy prohibiting extensions of basic ordering agreements (BOA) for more than five years.

6. **Description of Efforts Made to ensure that offers are solicited from as many potential sources as deemed practicable:** NCO 10 issued a full and open competitive solicitation – RFP VA251-14-R-0212 – on March 26, 2014. This nursing home expressed an interest in providing services to the beneficiaries of the U.S. Department of Veterans Affairs. No other contractors showed interest. The Contracting Officer (CO) contacted CRG Lynwood to determine if they would be interested in pursuing a six-month extension for the Ann Arbor HCS to maximize continuity of care. CRG Lynwood agreed to support the Ann Arbor HCS for the short-term period. An effort to solicit offers from other sources is not practicable based on the information provided in Section 5.
7. **Determination by the Contracting Officer that the Anticipated Cost to the Government will be Fair and Reasonable:** Agreement rates are negotiated in a fair and reasonable manner. Agreement rates are negotiated to cover an all-inclusive rate using Medicaid rates as a base without going over the established maximum rate, but within the current market value of nursing home care in the community. The Contracting Officer will make a determination of fair and reasonable price prior to executing the extension for this procurement.
8. **Description of the Market Research Conducted and the Results, or a Statement of the Reasons Market Research Was Not Conducted:** Due to the urgent and compelling nature of this requirement, no market research was conducted. If it had been conducted, the results would have been similar to the market research conducted for Solicitation No. VA251-14-R-0212.
