

VA REQUEST FOR LEASE PROPOSALS NO. 36C248-20-R-0002 HOMESTEAD,FLORIDA

**Offers due
by
12/02/2019**

In order to be considered for award, offers conforming to the requirements of the RLP shall be received no later than **3:00 PM ET** on the date above. See "Receipt Of Lease Proposals" herein for additional information.

This Request for Lease Proposals ("RLP") sets forth instructions and requirements for proposals for a Lease described in the RLP documents. Proposals conforming to the RLP requirements will be evaluated in accordance with the Method of Award set forth herein to select an Offeror for award. The Government will award the Lease to the selected Offeror, subject to the conditions herein.

The information collection requirements contained in this Solicitation/Contract, that are not required by the regulation, have been approved by the Office of Management and Budget pursuant to the Paperwork Reduction Act and assigned the OMB Control No. 3090-0163.

REQUEST FOR LEASE PROPOSALS

NO. 36C248-20-R-0002

[DATE: 11/01/2019]
GLOBAL RLP GSA FORM R100 (OCT 2017)

SECTION 1 STATEMENT OF REQUIREMENTS

1.01 GENERAL INFORMATION (SEP 2015)

A. This Request for Lease Proposals (RLP) sets forth instructions and requirements for proposals for a Lease described in the RLP documents. The Government will evaluate proposals conforming to the RLP requirements in accordance with the Method of Award set forth below to select an Offeror for award. The Government will award the Lease to the selected Offeror, subject to the conditions below.

B. Included in the RLP documents is a lease form (GSA Form L100) setting forth the lease term and other terms and conditions of the Lease contemplated by this RLP and a GSA Proposal to Lease Space (GSA Form 1364) on which Offeror shall submit its offered rent and other price data, together with required information and submissions. The Lease paragraph titled "Definitions and General Terms" shall apply to the terms of this RLP.

C. Do not attempt to complete the lease form (GSA Form L100). Upon selection for award, VA will transcribe the successful Offeror's final offered rent and other price data included on the GSA Form 1364 into the lease form, and transmit the completed Lease, including any appropriate attachments, to the successful Offeror for execution. Neither the RLP nor any other part of an Offeror's proposal shall be part of the Lease except to the extent expressly incorporated therein. The Offeror should review the completed Lease for accuracy and consistency with his or her proposal, sign and date the first page, initial each subsequent page of the Lease, and return it to the Lease Contracting Officer (LCO).

D. The Offeror's executed Lease shall constitute a firm offer. No Lease shall be formed until the LCO executes the Lease and delivers a signed copy to the Offeror.

E. This RLP is being issued as a Set Aside for Service-Disabled Veteran Owner Small Businesses (SDVOSB) among firms located within the United States, its territories, commonwealth's and District of Columbia.

1.02 AMOUNT AND TYPE OF SPACE, LEASE TERM, AND OCCUPANCY DATE (OCT 2016)

A. The Government is seeking a minimum of **29,367** to a maximum of **30,912** Rentable Square feet (RSF) yielding a minimum of **22,898** to a maximum of **24,000** Net Usable square feet (NUSF) of contiguous space within the Area of Consideration set forth below. See Section 2 of the Lease for applicable NUSF standards.

B. The Space shall be located in a modern quality Building of sound and substantial construction with a facade of stone, marble, brick, stainless steel, aluminum or other permanent materials in good condition and acceptable to the LCO. If not a new Building, the Space offered shall be in a Building that has undergone, or will complete by occupancy, modernization or adaptive reuse for the Space with modern conveniences.

C. The Government requires **200** surface/outside parking spaces, reserved for the exclusive use of the Government. A minimum of **15** parking spaces must be designated as handicap parking; if local codes require a higher amount; the offeror must comply with it. These spaces must be secured and lit in accordance with the Security Requirements set forth in the Lease. Offeror shall include the cost of this parking as part of the rental consideration.

D. As part of the rental consideration, the Government may require use of part of the Building roof for the installation of antenna(s). If antenna space is required, specifications regarding the type of antenna(s) and mounting requirements are included in the agency requirements information provided with this RLP.

E. INTENTIONALLY DELETED

F. The lease term shall be **15** Years, **8** Years Firm, with Government termination rights, in whole or in parts, effective at any time after the Firm Term of the Lease by providing not less than **90** days' prior written notice.

G. The Lease Term Commencement Date will be no later than **10-1-2021**, or upon acceptance of the Space, whichever is later.

1.03 AREA OF CONSIDERATION (JUN 2012)

The Government requests Space in an area bounded as follows:

- o North: 232 Street (Silver Palm Drive)
- o East: Tallahassee Road
- o West: SW 217 AVE
- o South: 384 Street

Buildings that have frontage on the boundary streets are deemed to be within the delineated Area of Consideration.

1.04 UNIQUE REQUIREMENTS (OCT 2016)

See Exhibit B "Agency's Special Requirements and Exhibit C "Security Requirements for Level II"

1.05 NEIGHBORHOOD, PARKING, LOCATION AMENITIES, AND PUBLIC TRANSPORTATION (DEC 2015)

See Section 4 subsections below:

- 4.05 "FACTOR DESCRIPTIONS (OCT 2016)"
- 4.06 "FACTOR 1 (TECHNICAL REQUIREMENTS) SUB-FACTORS' MINIMUM STANDARDS"
- 4.07 "FACTOR SUBMITTAL REQUIREMENTS (OCT 2016)"

1.06 LIST OF RLP DOCUMENTS (OCT 2017)

The following documents are attached to and included as part of this RLP package:

DOCUMENT NAME	NO. OF PAGES	EXHIBIT
Lease No. 36C248-20-L-0002 (Form L100 10/2017 version)	41	A
Agency's Special Requirements	10	B
Security Requirements for Level II	8	C
GSA Form 3516, Solicitation Provisions	5	D
GSA Form 3517B, General Clauses	15	E
GSA Form 1364 Proposal to Lease Space	3	F
GSA Form 3518 Representations and Certifications	12	G
GSA Form 1217, Lessor's Annual Cost Statement	2	H
GSA Form 12000 for Prelease Fire Protection and Life Safety Evaluation for an Office Building	7	I
Sample Request for Past Performance and Questionnaire	3	J
Master Format TICS Table (Spreadsheet for TI Costs)	25	K
Prototype for Standardized Design and Construction of Community Based Outpatient Clinics	147	L
Room Templates PACT Compliant CBOC	167	M
Examples of Finishes	3	N
IT Support Infrastructure Standards	123	O
IT Design Guide Templates	32	P

1.07 AMENDMENTS TO THE RLP (JUN 2012)

This RLP may be amended by notice from the LCO. Amendments may modify the terms of this RLP, or the terms, conditions, and requirements of the Lease contemplated by the RLP.

1.08 LEASE DESCRIPTION (OCT 2016)

A. Offeror shall examine the Lease form included in the RLP documents to understand the Government's and the Lessor's respective rights and responsibilities under the contemplated Lease.

B. The Lease contemplated by this RLP includes:

1. The term of the Lease, and renewal option, if any.
2. Terms and Conditions of the Lease, including Definitions, Standards, and Formulas applicable to the Lease and this RLP.
3. Building Shell standards and requirements.
4. Information concerning the tenant agency's buildout requirements, to be supplemented after award.
5. Security Requirements.
6. A description of all services to be provided by the Lessor.

C. Should the Offeror be awarded the Lease, the terms of the Lease shall be binding upon the Lessor without regard to any statements contained in this RLP.

D. The Lease contemplated by this RLP is a fully serviced, turnkey Lease with rent that covers all Lessor costs including all shell upgrades, TIs, operating costs, real estate taxes, and security upgrades. Rent will be based upon a proposed rental rate per rentable square foot (RSF), limited by the offered rate and the maximum NUSF solicited under this RLP. The Tenant Improvements to be delivered by the Lessor shall be based upon information provided with this RLP and Lease, including Agency Specific Requirements (ASR). The Lessor shall design and build the TIs and will be compensated for the TI costs based upon turnkey pricing established under the Lease. Offerors are encouraged to consider the use of existing fit-out and other improvements to minimize waste. However, any existing improvements must be equivalent to Lease requirements for new installation, and Offerors are cautioned to consider those requirements before assuming efficiencies in its TI costs resulting from use of existing improvements.

Offerors are required to prepare Design Intent Drawings (DIDs) prior to Lease Award. See Paragraph TURNKEY PRICING WITH DESIGN INTENT DRAWINGS PRIOR TO AWARD for further details.

E. The security pricing process is described in a separate paragraph.

F. Upon completion and acceptance of the leased Space, the Space will be measured for establishing the actual annual rent, and the lease term shall commence. During the term of the Lease, rent may be adjusted for changes to the Lessor's operating costs and real estate taxes, pursuant to paragraphs set forth in Section 2 of the Lease.

G. Offerors are advised that doing business with the Government carries special responsibilities with respect to sustainability, fire protection and life safety, and security, as well as other requirements not typically found in private commercial leases. These are set forth both in the lease form and in the GSA Form 3517B, which will be part of the Lease.

1.09 RELATIONSHIP OF RLP BUILDING MINIMUM REQUIREMENTS AND LEASE OBLIGATIONS (OCT 2016)

The Lease establishes various requirements relating to the Building shell. Such requirements are not deemed TIs. There are certain Building requirements that are established as minimum requirements in this RLP. If the Lessor's Building does not meet the requirements at the time of award, the Lessor may still be awarded the Lease. However, as a condition of award, the Government will require Lessor to identify those Building improvements that will bring the Building into compliance with RLP requirements. Upon award of the Lease, completion of those Building improvements will become Lease obligations.

1.10 PRICING OF SECURITY REQUIREMENTS (OCT 2016)

A. The proposed Lease contains an attachment with the security requirements and obligations for the Building, which are based on the facility security level (FSL). The Federal Government determines the facility's FSL rating, which ranges from FSL I to FSL IV. The FSL is based on client agency mix, required size of space, number of employees, use of the space, location, configuration of the site and lot, and public access into and around the facility.

B. The security requirements attached to this Lease includes a list of security countermeasures that must be installed in the leased Space. The Offeror shall use the Security Unit Price List to provide the Government with itemized costs of these security countermeasures. The full cost of security requirements will be paid with a lump sum; there will be no amortization or financing of any kind

C. There shall be no charge to the Government for any items that already exist in the offered Building or facility. See "shell definition on Exhibit I "Master Format TICS Table for TI Costs"

1.11 SECURITY LEVEL DETERMINATION FOR FACILITY HOUSING OTHER FEDERAL TENANTS (APR 2011)

If an Offeror is offering Space in a facility currently housing a Federal agency, the security requirements of the facility may be increased and the Offeror may be required to adhere to a higher security standard than other Offerors competing for the same space requirement. If two or more Federal space requirements are being competed at the same time, an Offeror submitting on both or more space requirements may be subject to a higher security standard if the Offeror is determined to be the successful Offeror on more than one space requirement. It is incumbent upon the Offeror to prepare the Offeror's proposal accordingly.

1.12 INSPECTION—RIGHT OF ENTRY (JUN 2012)

A. At any time and from time to time after receipt of an offer (until the same has been duly withdrawn or rejected), the agents, employees and contractors of the Government may, upon reasonable prior notice to Offeror, enter upon the offered Space or the Premises, and all other areas of the Building access to which is necessary to accomplish the purposes of entry, to determine the potential or actual compliance by the Offeror with the requirements of the RLP and its attachments, which purposes shall include, but not be limited to:

1. Inspecting, sampling, and analyzing of suspected asbestos-containing materials and air monitoring for asbestos fibers.
2. Inspecting the heating, ventilation and air conditioning system, maintenance records, and mechanical rooms for the offered Space or the Premises.
3. Inspecting for any leaks, spills, or other potentially hazardous conditions which may involve tenant exposure to hazardous or toxic substances.
4. Inspecting for any current or past hazardous waste operations, to ensure that appropriate actions were taken to alleviate any environmentally unsound activities in accordance with Federal, state, and local law.

B. Nothing in this paragraph shall be construed to create a Government duty to inspect for toxic materials or to impose a higher standard of care on the Government than on other lessees. The purpose of this paragraph is to promote the ease with which the Government may inspect the Building. Nothing in this paragraph shall act to relieve the Offeror of any duty to inspect or liability which might arise because of Offeror's failure to inspect for or correct a hazardous condition.

1.13 AUTHORIZED REPRESENTATIVES (JUN 2012)

With respect to all matters relating to this RLP, only the Government's LCO designated below shall have the authority to amend the RLP and award a Lease. The Government shall have the right to substitute its LCO by notice, without an express delegation by the prior LCO.

Javier Correa-Ochoa,
Contracting Officer, Specialized Team (Leasing)
Network Contracting Office - 8
2750 SW 145th Ave. Suite #201
Miramar, FL 33027
(305)575-3510 office
(786) 299-2659 mobile
javier.correaochoa@va.gov

As to all other matters, Offerors may contact the Alternate Government Contact designated below.

Alternate Government Contact:

Justin Braden Smith
Branch Chief, Leasing Team
Network Contracting Office 8
Office: 813-979-3636
Justin.Smith1@va.gov

1.14 ~~BROKER COMMISSION AND COMMISSION CREDIT (SEP 2013)~~ INTENTIONALLY DELETED

1.15 NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS) CODE AND SMALL BUSINESS SIZE STANDARD (OCT 2017)

- A. The North American Industry Classification System (NAICS) code for this acquisition is 531120, unless the real property is self-storage (#531130), land (#531190), or residential (#531110).
- B. The small business size standard is 38.5 Million in annual average gross revenue of the concern for the last 3 fiscal years.
- C. The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

1.16 DUNS NUMBER (OCT 2017)

An offeror may obtain a DUNS number (i) via the Internet at <http://fedgov.dnb.com/webform> or if the offeror does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or (ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun and Bradstreet office.

SECTION 2 ELIGIBILITY AND PREFERENCES FOR AWARD

2.01 EFFICIENCY OF LAYOUT (AUG 2011)

A. In order to be acceptable for award, the offered Space must provide for an efficient layout as determined by the LCO.

B. To demonstrate potential for efficient layout, VA may request the Offeror to provide a test fit layout at the Offeror's expense. The Government will advise the Offeror if the test fit layout demonstrates that the Government's requirement cannot be accommodated within the Space offered. The Offeror will have the option of increasing the NUSF offered, if it does not exceed the maximum NUSF in this RLP offer package. If the Offeror is already providing the maximum NUSF and cannot house the Government's space requirements efficiently, then the Government will advise the Offeror that the offer is unacceptable.

2.02 FLOOD PLAINS (OCT 2017)

A Lease will not be awarded for any offered Property located within a 100-year floodplain unless the Government has determined that there is no practicable alternative. An Offeror may offer less than its entire site in order to exclude a portion of the site that falls within a floodplain, so long as the portion offered meets all the requirements of this RLP and does not impact the Government's full use and enjoyment of the Premises. If an Offeror intends that the offered Property that will become the Premises for purposes of this Lease will be something other than the entire site as recorded in tax or other property records the Offeror shall clearly demarcate the offered Property on its site plan/map submissions and shall propose an adjustment to property taxes on an appropriate pro rata basis. For such an offer, the LCO may, in his or her sole discretion, determine that the offered Property does not adequately avoid development in a 100-year floodplain.

In addition, a Lease will not be awarded for any offered Property adjacent to 100-year floodplain, where such an adjacency would, as determined by the LCO, in his or her sole discretion, restrict ingress or egress to the Premises in the event of a flood, unless there is no practicable alternative.

2.03 ~~SEISMIC SAFETY – MODERATE SEISMICITY (OCT 2017)~~ INTENTIONALLY DELETED

2.04 ~~SEISMIC SAFETY – HIGH SEISMICITY (OCT 2017)~~ INTENTIONALLY DELETED

2.05 HISTORIC PREFERENCE (SEP 2013)

A. The Government will give preference to offers of Space in Historic Properties and/or Historic Districts following this hierarchy of consideration:

1. Historic Properties within Historic Districts.
2. Non-historic developed sites and non-historic undeveloped sites within Historic Districts.
3. Historic Properties outside of Historic Districts.

B. Definitions:

1. Determination of eligibility means a decision by the Department of the Interior that a district, site, Building, structure or object meets the National Register criteria for evaluation although the Property is not formally listed in the National Register (36 CFR 60.3(c)).

2. Historic District means a geographically definable area, urban or rural, possessing a significant concentration, linkage, or continuity of sites, Buildings, structures, or objects united by past events or aesthetically by plan or physical development. A district may also comprise individual elements separated geographically but linked by association or history (36 CFR 60.3(d)). The Historic District must be included in or be determined eligible for inclusion in the National Register of Historic Places (NRHP).

3. Historic Property means any prehistoric or Historic District, site, building, structure, or object included in or been determined eligible for inclusion in the NRHP maintained by the Secretary of the Interior (36 CFR 800.16(l)).

4. National Register of Historic Places means the National Register of districts, sites, buildings, structures and objects significant in American history, architecture, archeology, engineering and culture that the Secretary of the Interior is authorized to expand and maintain under the National Historic Preservation Act (36 CFR 60.1).

C. The offer of Space must meet the terms and conditions of this RLP package and its attachments. The LCO has discretion to accept alternatives to certain architectural characteristics and safety features defined elsewhere in this RLP package to maintain the historical integrity of an Historic Building, such as high ceilings and wooden floors, or to maintain the integrity of an Historic District, such as setbacks, floor-to-ceiling heights, and location and appearance of parking.

D. When award will be based on the lowest price technically acceptable source selection process, the Government will give a price evaluation preference, based on the total annual NUSF present value cost to the Government, to Historic Properties as follows:

1. First to suitable Historic Properties within Historic Districts, a 10 percent price preference.
2. If no suitable Historic Property within an Historic District is offered, or the 10 percent preference does not result in such property being the lowest price technically acceptable offer, the Government will give a 2.5 percent price preference to suitable non-historic developed or undeveloped sites within Historic Districts.
3. If no suitable, non-historic, developed, or undeveloped site within a Historic District is offered, or the 2.5 percent preference does not result in such property being the lowest price technically acceptable offer, the Government will give a 10 percent price preference to suitable Historic Properties outside of Historic Districts.
4. Finally, if no suitable Historic Property outside of Historic Districts is offered, no historic price preference will be given to any property offered.

E. When award will be based on the best value tradeoff source selection process, which permits tradeoffs among price and non-price factors, the Government will give a price evaluation preference, based on the total annual NUSF present value cost to the Government, to Historic Properties as follows:

1. First, to suitable Historic Properties within Historic Districts, a 10 percent price preference.
2. If no suitable Historic Property within a Historic District is offered or remains in the competition, the Government will give a 2.5 percent price preference to suitable non-historic developed or undeveloped sites within Historic Districts.
3. If no suitable, non-historic developed or undeveloped site within an Historic District is offered or remains in the competition, the Government will give a 10 percent price preference to suitable Historic Properties outside of Historic Districts.
4. Finally, if no suitable Historic Property outside of Historic Districts is offered, no historic price preference will be given to any property offered.

F. The Government will compute price evaluation preferences by reducing the price(s) of the Offerors qualifying for a price evaluation preference by the applicable percentage provided in this provision. The price evaluation preference will be used for price evaluation purposes only. The Government will award a Lease for the actual prices proposed by the successful Offeror and accepted by the Government.

G. To qualify for a price evaluation preference, Offeror must provide satisfactory documentation in their offer that their property qualifies as one of the following:

1. A Historic Property within a Historic District.
2. A non-historic developed or undeveloped site within a Historic District.
3. A Historic Property outside of a Historic District.

2.06 ASBESTOS (JUN 2012)

A. Government requests space with no asbestos-containing materials (ACM), or with ACM in a stable, solid matrix (e.g., asbestos flooring or asbestos cement panels), which is not damaged or subject to damage by routine operations. For purposes of this paragraph, "space" includes the 1) space offered for lease; 2) common building area; 3) ventilation systems and zones serving the space offered; and 4) the area above suspended ceilings and engineering space in the same ventilation zone as the space offered. If no offers are received for such space, the Government may consider space with thermal system insulation ACM (e.g., wrapped pipe or boiler lagging), which is not damaged or subject to damage by routine operations.

B. ACM is defined as any materials with a concentration of greater than 1 percent by dry weight of asbestos.

C. Space with ACM of any type or condition may be upgraded by the Offeror to meet conditions described in sub-paragraph A by abatement (removal, enclosure, encapsulation, or repair) of ACM not meeting those conditions. If any offer involving abatement of ACM is accepted by the Government, the successful Offeror will be required to successfully complete the abatement in accordance with OSHA, EPA, Department of Transportation (DOT), state, and local regulations and guidance prior to occupancy.

D. Management Plan. If space is offered which contains ACM, the Offeror shall submit an asbestos-related management plan for acceptance by the Government prior to lease award. This plan shall conform to EPA guidance.

2.07 ACCESSIBILITY (SEP 2013)

The Lease contemplated by this RLP contains requirements for Accessibility. In order to be eligible for award, Offeror must either:

A. Verify in the Lease proposal that the Building, offered Space, and areas serving the offered Space meet the Lease accessibility requirements, or

B. Include as a specific obligation in its Lease proposal that improvements to bring the Building, offered Space, and areas serving the offered Space into compliance with Lease accessibility requirements will be completed prior to acceptance of the Space.

2.08 FIRE PROTECTION AND LIFE SAFETY (SEP 2013)

The Lease contemplated by this RLP contains Building requirements for Means of Egress, Automatic Fire Sprinkler System, and Fire Alarm System. In order to be eligible for award, Offeror must either:

A. Verify in the Lease proposal that the Building in which Space is offered meets the Means of Egress, Automatic Fire Sprinkler System, and Fire Alarm System requirements of the Lease; or

B. Include as a specific obligation in its Lease proposal that improvements to bring the Building into compliance with Lease requirements will be completed prior to acceptance of the Space.

2.09 ENERGY INDEPENDENCE AND SECURITY ACT (OCT 2016)

A. The Energy Independence and Security Act (EISA) establishes requirements for Government leases relating to energy efficiency standards and potential cost-effective energy efficiency and conservation improvements.

B. Unless one of the statutory exceptions listed in sub-paragraph C below applies, VA may award a lease for a Building only if the Building has earned the ENERGY STAR® label conferred by the U.S. Environmental Protection Agency (EPA) within the most recent year prior to the due date for final proposal revisions. The term "most recent year" means that the date of award of the ENERGY STAR® label by EPA must not be more than 1 year prior to the due date of final proposal revisions. For example, an ENERGY STAR® label awarded by EPA on October 1, 2010, is valid for all lease procurements where final proposal revisions are due on or before September 30, 2011. In lieu of the above, all new Buildings being specifically constructed for the Government must achieve an ENERGY STAR® label within 18 months after occupancy by the Government. In addition, Offerors of the following Buildings shall also have up to 18 months after occupancy by the Government, or as soon thereafter as the Building is eligible for Energy Star® consideration, to achieve an Energy Star® label: 1) All existing Buildings that have had an Energy Star® label but are unable to obtain a label in the most recent year (i.e., within 12 months prior to the due date for final proposal revisions) because of insufficient occupancy; 2) Newly built Buildings that have used Energy® Star's Target Finder tool and either achieved a "Designed to Earn the Energy Star®" certification or received an unofficial score (in strict adherence to Target Finder's usage instructions, including the use of required energy modeling) of 75 or higher prior to the due date for final proposal revisions and who are unable to obtain a label in the most recent year because of insufficient occupancy; 3) An existing Building that is unable to obtain a label because of insufficient occupancy but that can produce an indication, through the use of energy modeling or past utility and occupancy data input into Energy Star's® Portfolio Manager tool or Target Finder, that it can receive an unofficial score of 75 or higher using all other requirements of Target Finder or Portfolio Manager, except for actual data from the most recent year. ENERGY STAR® tools and resources can be found at [HTTPS://WWW.ENERGYSTAR.GOV/](https://www.energystar.gov/).

C. EISA allows a Federal agency to lease Space in a Building that does not have an ENERGY STAR® Label if:

1. No Space is offered in a Building with an ENERGY STAR® Label that meets RLP requirements, including locational needs;
2. The agency will remain in a Building it currently occupies;
3. The Lease will be in a Building of historical, architectural, or cultural significance listed or eligible to be listed on the National Register of Historic Places; or
4. The Lease is for 10,000 RSF or less.

D. If one or more of the statutory exceptions applies, and the offered Space is not in a Building that has earned the ENERGY STAR® Label within one year prior to the due date for final proposal revisions, Offerors are required to include in their lease proposal an agreement to renovate the Building for all energy efficiency and conservation improvements that it has determined would be cost effective over the Firm Term of the Lease, if any, prior to acceptance of the Space (or not later than one year after the Lease Award Date of a succeeding or superseding lease). Such improvements may consist of, but are not limited to, the following:

1. Heating, Ventilating, and Air Conditioning (HVAC) upgrades, including boilers, chillers, and Building Automation System (BAS)/Monitoring/Control System (EMCS).
2. Lighting Improvements.
3. Building Envelope Modifications.

NOTE: Additional information can be found on <http://www.gsa.gov/leasing> under "Green Leasing."

E. The term "cost effective" means an improvement that will result in substantial operational cost savings to the landlord by reducing electricity or fossil fuel consumption, water, or other utility costs. The term "operational cost savings" means a reduction in operational costs to the landlord through the application of Building improvements that achieve cost savings over the Firm Term of the Lease sufficient to pay the incremental additional costs of making the Building improvements.

F. Instructions for obtaining an ENERGY STAR® Label are provided at <http://www.energystar.gov/buildings/facility-owners-and-managers/existing-buildings/earn-recognition/energy-star-certification> (use "Portfolio Manager" to apply). ENERGY STAR® tools and resources can be found at <HTTPS://WWW.ENERGYSTAR.GOV/>. The ENERGY STAR® Building Upgrade Manual (<http://www.energystar.gov/buildings/facility-owners-and-managers/existing-buildings/save-energy/comprehensive-approach/energy-star>) and Building Upgrade Value Calculator (<http://www.energystar.gov/buildings/tools-and-resources/building-upgrade-value-calculator>) are tools which can be useful in considering energy efficiency and conservation improvements to Buildings.

G. If one or more of the statutory exceptions applies, and the offered Space is not in a Building that has earned the ENERGY STAR® Label within one year prior to the due date for final proposal revisions, the successful Offeror will be excused from performing any agreed-to energy efficiency and conservation renovations, and benchmarking with public disclosure (as provided in (I) below, if it obtains the ENERGY STAR® Label prior to the Government's acceptance of the Space (or not later than one year after the Lease Award Date for succeeding and superseding leases).

H. If no improvements are proposed, the Offeror must demonstrate to the Government using the ENERGY STAR® Online Tools why no energy efficiency and conservation improvements are cost effective. If such explanation is unreasonable, the offer may be rejected.

I. As described in Section 3 of the Lease, successful Offerors meeting one of the statutory exceptions above must agree to benchmark and publicly disclose the Building's current ENERGY STAR® score, using EPA's Portfolio Manager online software application. See the Lease for additional details.

J. All new Buildings being specifically constructed for the Government must achieve the ENERGY STAR® Label within 18 months after occupancy by the Government.

K. INTENTIONALLY DELETED

2.10 ENVIRONMENTAL CONSIDERATIONS (SEP 2013)

A. The Government requests space with no known hazardous conditions or recognized environmental conditions that would pose a health and safety risk or environmental liability to the Government.

B. Upon request by the Government, Offeror must provide all known previous use of the Building.

C. Offeror must indicate in its written offer any known hazardous conditions or environmental releases with/from the offered Space, Building or Property.

2.11 DUE DILIGENCE AND NATIONAL ENVIRONMENTAL POLICY ACT REQUIREMENTS - RLP (SEP 2014)

A. Environmental Due Diligence

1. At the direction of the LCO, the Offeror must provide, at the Offeror's sole cost and expense, a current Phase I Environmental Site Assessment (ESA), using the American Society for Testing and Materials (ASTM) Standard E1527-13 and timeline, as such standard may be revised from time to time. In accordance with ASTM standards, the study must be performed by an environmental professional with qualifications that meet ASTM standards. This Phase I ESA must be prepared with a focus on the Government being the "user" of the Phase I, as the term "user" is defined in E1527-13. Failure to submit the required study may result in dismissal from consideration.

2. If the Phase I ESA identifies any recognized environmental conditions (RECs), the Offeror will be responsible for addressing such RECs, at its sole cost and expense, including performing any necessary Phase II ESA (using ASTM Standard E1903-11), performing any necessary cleanup actions in accordance with federal and state standards and requirements and submitting a proposed schedule for complying with these obligations. The Government will evaluate whether the nature of any of the RECs, the results of the Phase II, any completed cleanup, and the proposed schedule meet the Government's needs.

B. National Environmental Policy Act

1. While the Offeror is responsible for performing all environmental due diligence studies of the offered Property, the Government is responsible for compliance with NEPA, whether in whole or in part, on its own or with the assistance of the Offerors. NEPA requires federal agencies to consider the effects of their actions on the quality of the human environment as part of the federal decision-making process and, to that end, the Government's obligations may, and in some cases will, be augmented by the Offerors as described in greater detail in the RLP.

2. The Government may either request information from the Offerors to help it meet its obligations under NEPA or share information provided in response to this provision with federal, state and local regulatory agencies as part of its compliance

responsibilities under NEPA and other applicable federal, state and local environmental laws and regulations. Further consultation with these regulatory agencies may be necessary as part of the NEPA process.

3. The Offerors are advised that the Government may be required to release the location of each offered site and other building specific information in public hearings or in public NEPA documents. By submitting an offer in response to this RLP and without the need for any further documentation, the Offeror acknowledges and consents to such release.

4. The Government reserves the right to reject any offer where (i) the NEPA-related documentation provided by the Offeror for the offered Property is inadequate, (ii) the offer entails unacceptably adverse impacts on the human environment, (iii) the identified adverse impacts cannot be readily mitigated, or (iv) the level of NEPA analysis is more extensive than is acceptable to the Government (e.g., offers must be of a nature that would allow NEPA to be satisfied by preparation of a Categorical Exclusion (CATEX) NEPA study or an Environmental Assessment (EA) with or without mandatory mitigation).

5. An Offeror must allow the Government access to the offered Property to conduct studies in furtherance of NEPA compliance. This requires research and field surveys to assess the potential impacts to the natural, social and cultural environments. Any recent studies previously conducted by the Offeror may be submitted to be included in the NEPA process.

6. The Government will not proceed with Lease award until the NEPA process is complete as evidenced by the Government's issuance of a completed CATEX, EA or Environmental Impact Statement. Upon Lease award, any mitigation measures, whether optional or mandatory, identified and adopted by the Government will become Lease obligations. All costs and expenses for development of design alternatives, mitigation measures and review submittals for work to be performed under the Lease will be the sole responsibility of Lessor.

2.12 NATIONAL HISTORIC PRESERVATION ACT REQUIREMENTS - RLP (OCT 2016)

A. The Government is responsible for complying with section 106 of the National Historic Preservation Act of 1966, as amended, 54 U.S.C. § 306108 (Section 106). Section 106 requires federal agencies to consider the effects of their actions on historic properties prior to expending any federal funds on the undertaking. The Government is responsible for identifying whether any historic properties exist in, on, under, or near the offered Property that could be affected by the leasing action. Historic properties include both above-grade (*i.e.*, buildings and historic districts) and below-grade (*i.e.*, archeological sites) resources. The Government is responsible for assessing effects to identified historic properties and for consulting with the State Historic Preservation Officer (SHPO), the Tribal Historic Preservation Officer (THPO), if applicable, any local Historic Preservation or Landmarks Commission, and other interested parties, if applicable, in accordance with the implementing regulations set forth at 36 C.F.R. part 800 (Protection of Historic Properties).

B. An Offeror must allow the Government access to the offered Property to conduct studies in furtherance of the Section 106 compliance. This requires research and field surveys to assess the potential presence of historic properties that may be affected by construction activity, both above- and below-grade. Compliance also may require below-grade testing to determine the presence of archeological resources and possible artifact recovery, recordation and interpretation mitigation measures.

C. Demolition or destruction of a historic property by an Offeror in anticipation of an award of a Government lease may disqualify the Offeror from further consideration.

D. The Government reserves the right to reject any offer where documentation for the offered Property is inadequate or otherwise indicates preservation concerns or adverse effects to historic properties that cannot be reasonably mitigated.

E. If the Government determines that the leasing action could affect historic property, the Offeror of any Property that the Government determines could affect historic property will be required to retain, at its sole cost and expense, the services of a preservation architect who meets or exceeds the *Secretary of the Interior's Professional Qualifications Standards for Historic Architecture*, as amended and annotated and previously published in the Code of Federal Regulations, 36 C.F.R. part 61, and the *GSA Qualifications Standards for Preservation Architects*. These standards are available at: [HTTP://WWW.GSA.GOV/HISTORICPRESERVATION](http://www.gsa.gov/historicpreservation)>Project Management Tools> Qualification Requirements for Preservation Architects. The preservation architect will be responsible for developing preservation design solutions and project documentation required for review by the Government, the SHPO, the THPO, if applicable, and other consulting parties in accordance with Section 106. For Tenant Improvements and other tenant-driven alterations within an existing historic building, the preservation architect must develop context-sensitive design options consistent with the *Secretary of the Interior's Standards for the Treatment of Historic Properties*. Where new construction or exterior alterations, or both, are located within a historic district, may be visible from historic properties or may affect archeological resources, compliance may require tailoring the design of the improvements to be compatible with the surrounding area. Design review may require multiple revised submissions, depending on the complexity of the project and potential for adverse effects to historic properties, to respond to comments from the Government and the other consulting parties. Within VA, the Regional Historic Preservation Officer is solely responsible for corresponding with the SHPO, the THPO, if applicable, and any other consulting party. All design costs and expenses relating to satisfying the requirements of this paragraph will be borne solely by the Offeror.

SECTION 3 HOW TO OFFER

3.01 GENERAL INSTRUCTIONS (JUN 2012)

Offeror shall prepare a complete offer, using the forms provided with this RLP, and submit the completed lease proposal package to the Government as indicated below.

3.02 RECEIPT OF LEASE PROPOSALS (SEP 2013)

A. Offeror is authorized to transmit its lease proposal as an attachment to an email. Offeror's email shall include the name, address and telephone number of the Offeror, and identify the name and title of the individual signing on behalf of the Offeror. Offeror's signed lease proposal must be saved in a generally accessible format (such as portable document format (pdf)), which displays a visible image of all original document signatures, and must be transmitted as an attachment to the email. Only emails transmitted to, and received at, the VA email address identified in the RLP will be accepted. Offeror submitting a lease proposal by email shall retain in its possession, and make available upon VA's request, its original signed proposal. Offeror choosing not to submit its proposal via email may still submit its lease proposal by United States mail or other express delivery service of Offeror's choosing.

B. In order to be considered for award, offers conforming to the requirements of the RLP shall be received via email only:

1. No later than **3:00 PM ET** on the following date at the following email address:

Date: 12/02/2019

Email Address: Javier.correaocha@va.gov

C. Offers sent by United States mail or hand delivered (including delivery by commercial carrier) shall be deemed late if delivered to the address of the office designated for receipt of offers after the date and time established for receipt of offers.

D. Offers transmitted through email shall be deemed late if received at the designated email address after the date and time established for receipt of offers unless it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one Working Day prior to the date specified for receipt of proposals.

E. Offers delivered through any means authorized by the RLP may be also deemed timely if there is acceptable evidence to establish that it was received at the Government installation designated for receipt of proposals and was under the Government's control prior to the time set for receipt of proposals; or if it was the only proposal received.

F. There will be no public opening of offers, and all offers will be confidential until the Lease has been awarded. However, the Government may release proposals outside the Government such as to support contractors to assist in the evaluation of offers. Such Government contractors shall be required to protect the data from unauthorized disclosure.

3.03 PRICING TERMS (OCT 2017)

Offeror shall provide the following pricing information with its offer:

A. GSA Form 1217, Lessor's Annual Cost Statement. Complete all sections of the 1217.

B. GSA Form 1364, Proposal to Lease Space. Complete all sections of the 1364, including, but not limited to:

1. A fully serviced Lease rate (gross rate) per NUSF and RSF, clearly itemizing the total Building shell rental, TI cost and operating costs.
2. Improvements. All improvements in the base Building, lobbies, common areas, and core areas shall be provided by the Lessor, at the Lessor's expense. This Building shell rental rate shall also include, but is not limited to, insurance, taxes, management, profit, etc., for the Building. The Building shell rental rate shall also include all basic Building systems and common area buildout, including base Building lobbies, common areas, core areas, etc., exclusive of the NUSF Space offered as required in this RLP.
3. The annual cost per NUSF and rentable square foot (RSF) for the cost of services and utilities. This equals line 27 of GSA Form 1217, Lessor's Annual Cost Statement, divided by the Building size (shown on the top of both GSA Form 1364, Proposal to Lease Space, and Form 1217) for NUSF and RSF, respectively.

4. The Tenant Improvements will be paid with Lump Sum. There will be no financing or amortization of any kind. This shall be all alterations for the Space above the Building shell and BSAC build-out. Such alterations shall be described and identified in the drawings used to construct the Space.
5. INTENTIONALLY DELETED
6. A shell rate per NUSF and RSF for that portion of the lease term extending beyond the Firm Term. The rate proposed for this portion of the term shall not reflect any TIs or BSAC as they will have been fully paid upon completion and acceptance of the space.
7. An hourly overtime rate for overtime use of heating and cooling, and annual rate for areas requiring 24/7 HVAC. **NOTE:** Refer to the Lease document for additional guidance.
8. Adjustment for Vacant Leased Premises. **NOTE:** Refer to the Lease document for additional guidance.
9. INTENTIONALLY DELETED
10. Rent concessions being offered. Indicate either on the GSA Form 1364 Proposal to Lease Space or in separate correspondence.
11. INTENTIONALLY DELETED.

C. Security Unit Price List. The Offeror shall use the Security Unit Price list to provide a cost breakdown of the security countermeasures, which were outlined in the security requirements attachment. The Security Unit Price list includes various improvements and services to be provided by the Lessor. Each item is classified as part of the shell, tenant improvements, or BSAC. There shall be no charge to the Government for any items that already exist in the offered Building or facility.

D. INTENTIONALLY DELETED

E. INTENTIONALLY DELETED

3.04 BUDGET SCOREKEEPING; OPERATING LEASE TREATMENT (APR 2011)

The Government will award a Lease pursuant to this RLP only if the Lease will score as an operating lease under Office of Management and Budget Circular A-11, Appendix B. Only offers that are compliant with operating lease limitations will be eligible for award. Offerors are obligated to provide supporting documentation at the request of the LCO to facilitate the Government's determination in this regard.

3.05 PROSPECTUS LEASE (OCT 2016)

A. This RLP is subject to an approved Prospectus issued in accordance with 40 USC § 3307. The Government will only award a lease pursuant to this RLP if the offered rental rate does not exceed rent limitation set forth in the Prospectus. If a copy of the prospectus is not attached to the RLP, a copy may be obtained from the LCO upon request.

A. This RLP is subject to the Prospectus threshold set forth in 40 USC § 3307. The Government will award a Lease pursuant to this RLP only if the offered rental rate does not exceed the then current rent threshold. The current threshold is available from the LCO or at the GSA Web site, [HTTP://WWW.GSA.GOV](http://www.gsa.gov), using the keyword "prospectus."

3.06 ADDITIONAL SUBMITTALS (OCT 2017)

Offeror shall also submit with its offer the following:

A. Required Proof of Signing Authority: As a condition of lease award, the Government will require one of the following forms of proof of signing authority before the Government executes the Lease:

1. Corporation – Copy of Articles of Incorporation and bylaws. In addition, a copy of the resolution, signed by the necessary directors of the corporation authorizing the corporate officer who will sign the lease to bind the corporation to the Lease.
2. Partnership -- Copy of Partnership Agreement, Statement of Partnership, or Statement of Limited Partnership and evidence of authority of signatory to bind the partnership if not expressly authorized by the Partnership Agreement.
3. Limited Liability Company – Copy of the Articles of Organization and Operating Agreement. Also, evidence of the authority of the signing manager (if company is manager owned) or member (if the company is member managed) to sign, if not expressly authorized by the Articles of Organization and/or Operating Agreement.
4. Joint Venture -- Copy of Joint Venture Agreement and evidence of authority of signatory to bind the Joint Venture to the Lease.

B. If the offeror is not the owner of the Property, authorization from the ownership entity to submit an offer on the ownership entity's behalf.

C. Satisfactory evidence of at least a conditional commitment of funds in an amount necessary to prepare the Space. Such commitments shall be signed by an authorized bank officer, or other legally authorized financing official, and at a minimum shall state: amount of loan, term in years, annual percentage rate, and length of loan commitment.

D. Evidence that the Property is zoned in compliance with local zoning laws, including evidence of variances, if any, approved by the proper local authority, or the Offeror's plan and schedule to obtain all necessary zoning approvals prior to performance if the same have not been received at the time of submission of offers.

E. Evidence of ownership or control of Building or site. If the Offeror owns the Property being offered or has a long-term leasehold interest, documentation satisfactory to the LCO evidencing the Offeror's stated interest in the Property and any encumbrances on the Property, shall be submitted.

F. If the Offeror does not yet have a vested interest in the Property, but rather has a written agreement to acquire an interest, then the Offeror shall submit a fully executed copy of the written agreement with its offer, together with a statement from the current owner that the agreement is in full force and effect and that the Offeror has performed all conditions precedent to closing, or other form of documentation satisfactory to the LCO. These submittals must remain current. The Offeror is required to submit updated documents as required.

G. If claiming an historic preference in accordance with the Historic Preference paragraph in RLP Section 2, Eligibility and Preferences for Award, Offeror must submit one of the following as documentation that the Property is historic or the site of the offered Property is within a Historic District: a letter from the National Park Service stating that the Property is listed in the National Register of Historic Places (NRHP) or eligible for listing, with a date of the listing/decision; a letter from the State Historic Preservation Office stating that the Property is listed in the NRHP, or on a statewide register, or eligible for inclusion, with a date of the listing/decision; or, the NRHP Identification Number and date of listing available from the NRHP Database found at www.nps.gov/nr.

H. If there is a potential for conflict of interest because of a single agent representing multiple owners, present evidence that the agent disclosed the multiple representation to each entity and has authorization from each ownership entity offering in response to this RLP package. Owners and agents in conflicting interest situations are advised to exercise due diligence with regard to ethics, independent pricing, and Government procurement integrity requirements. In such cases, the Government reserves the right to negotiate with the owner directly.

I. The Offeror must have an active registration in the System for Award Management (SAM), via the Internet at [HTTPS://WWW.ACQUISITION.GOV](https://www.acquisition.gov), prior to final proposal revisions. Offerors must be registered for purposes of "All Awards," including completion of all required representations and certifications within SAM. This registration service is free of charge.

J. The Offeror must submit the Fire Protection and Life Safety (FPLS) Information in I.1, unless the Building meets either exemption in I.2 or I.3 below.

1. FPLS Submittal Information

- a. Completed GSA Form 12000, Prelease Fire Protection and Life Safety Evaluation for an Office Building (Part A or Part B, as applicable).
 - b. A copy of the previous year's fire alarm system maintenance record showing compliance with the requirements in NFPA 72 (if a system is installed in the Building).
 - c. A copy of the previous year's automatic fire sprinkler system maintenance record showing compliance with the requirements in NFPA 25 (if a system is installed in the Building).
 - d. A valid Building Certificate of Occupancy (C of O) issued by the local jurisdiction. If the Building C of O is not available or the local jurisdiction does not issue a Building C of O, a report prepared by a licensed fire protection engineer with their assessment of the offered Space regarding compliance with all applicable local Fire Protection and Life Safety-related codes and ordinances must be provided.
2. If the Space offered is 10,000 RSF or less in area and is located on the 1st floor of the Building, Offeror is not required to submit to VA the Fire Protection and Life Safety (FPLS) Submittal Information listed in I.1.a through I.1.d above.
 3. If the Offeror provides a Building C of O obtained under any edition of the International Building Code (IBC), and the offered Space meets or will meet all the requirements of the Lease with regard to Means of Egress, Automatic Fire Sprinkler System, and Fire Alarm System prior to occupancy, then the Offeror is not required to submit to VA the FPLS Submittal Information listed in I.1 above.

K. The legal description of the Property and tax ID number associated with the Property, copies of prior year tax notices and prior year tax bills, as well as any other information (such as a fact sheet, 5" wide x 3" high or larger color photograph, site plan, location map, and tax parcel map) in case of multiple tax parcels for an offered Building, or multiple buildings on a tax parcel, and any other information that may affect the assessed value, in order for the Government to perform a complete and adequate analysis of the offered Property. The Offeror is to provide a detailed overview and documentation of any Tax Abatements on the Property as outlined in the "Real Estate Tax Adjustment" paragraph of the Lease.

L. A plan and short narrative as necessary to explain how the Offeror will meet the parking requirements.

- M. The architectural plans for modernization, if the offered Building is not a modern office Building.
- N. An asbestos management plan, if the offered Building contains asbestos-containing materials.
- O. First generation plans scaled at a minimum of 1/8" = 1'-0" (preferred) shall be submitted for review and consideration and meet O.1 through O.5 noted below.
1. All plans submitted for consideration shall include floor plan(s) for which Space is being offered and floor plan(s) of the floor(s) of exit discharge (e.g., street level(s)). Each plan submitted shall include the locations of all exit stairs, elevators, and the Space(s) being offered to the Government. In addition, where Building exit stairs are interrupted or discontinued before the level of exit discharge, additional floor plans for the level(s) where exit stairs are interrupted or discontinued must also be provided.
 2. All plans submitted for consideration shall have been generated by a Computer Aided Design (CAD) program which is compatible with the latest release of AutoCAD. The required file extension is .DWG. Clean and purged files shall be submitted on CD-ROM. Plans shall include a proposed corridor pattern for typical floors and/or partial floors. The CAD file showing the offered Space should show the Poly-Line utilized to determine the square footage on a separate and unique layer. All submissions shall be accompanied with a written matrix indicating the layering standard to verify that all information is recoverable. All architectural features of the Space shall be accurately shown.
 3. Photostatic copies are not acceptable. All architectural features of the Space shall be accurately shown. If conversion or renovation of the Building is planned, alterations to meet this RLP shall be indicated.
 4. Plans shall reflect corridors in place or the proposed corridor pattern for both a typical full (single-tenant) floor and/or partial (multi-tenant) floor. The corridors in place or proposed corridors shall meet local code requirements for issuance of occupancy permits.
 5. VA will review all plans submitted to determine if an acceptable level of safety is provided. In addition, VA will review the common corridors in place and/or proposed corridor pattern to determine whether these achieve an acceptable level of safety as well as to verify that the corridors provide public access to all essential Building elements. The Offeror will be advised of any adjustments that are required to the corridors for determining the NUSF Space. The required corridors may or may not be defined by ceiling-high partitions. Actual corridors in the approved layout for the successful Offeror's Space may differ from the corridors used in determining the NUSF for the lease award. Additional egress corridors required by the tenant agency's design intent drawings will not be deducted from the NUSF that the most efficient corridor pattern would have yielded.
- P. As provided in the "Amount and Type of Space, Lease Term, and Occupancy Date" paragraph in the RLP, advise whether there are existing vending facilities in the offered Building which have exclusive rights in the Building.
- Q. Provide evidence demonstrating amenities do or will exist by the Government's required occupancy date. Such evidence shall include copies of signed leases, construction contracts, or other documentation as deemed acceptable by the LCO.
- R. No later than the due date for final proposal revisions, the Offeror must submit to the LCO:
1. Evidence of an Energy Star® label obtained within the 12 months prior to the due date of final proposal revisions,
 2. Offerors falling under a statutory exception must also indicate by the due date for final proposal revisions what cost effective energy efficiency and conservation improvements they are proposing to make.
 3. If no cost-effective improvements can be made, the Offeror must demonstrate to the Government using the ENERGY STAR® Online Tools referenced in the RLP paragraph, entitled "ENERGY INDEPENDENCE AND SECURITY ACT," why no energy efficiency and conservation improvements are cost effective. This explanation will be subject to review by the LCO. If the explanation is considered unreasonable, the offer may be considered technically unacceptable.
 4. If the Offeror is claiming eligibility for additional time to obtain the Energy Star® label per sub-paragraph B of the RLP paragraph entitled "Energy Independence and Security Act," then the Offeror shall provide such indication with its initial offer and also must provide by the due date for final proposal revisions evidence substantiating their claim for additional time to obtain the Energy Star® label and substantiating their capability of earning the Energy Star®.
 5. For new construction, the Offeror need not submit anything regarding compliance with EISA by the date of final proposal revisions, but shall be required to produce prior to the issuance of a permit for building construction a Statement of Energy Design Intent (SEDI) using Energy Star's® Target Finder online tool reflecting an Energy Star® benchmark score of 75 or higher and a certification from EPA of being Designed to Earn the Energy Star®.
- S. For projects 10,000 RSF and above, the Offeror must provide documentation of the proposed LEADERSHIP IN ENERGY AND ENVIRONMENTAL DESIGN FOR NEW CONSTRUCTION (LEED®-NC) credits for Silver level certification. For LEED®, this documentation is the LEED®-NC scorecard. Along with the proposed scorecard or checklist, the Offeror shall submit a brief statement outlining how each of the proposed credits will be achieved. If pursuing LEED®-NC, the Offeror must identify the USGBC LEED® Accredited Professionals (APs) as team members, including their roles throughout the project.

T. The Offeror must provide a LEED®-ID+C scorecard documenting the proposed credits to meet LEED® certification (at the minimum Certified level). Along with the proposed LEED®-ID+C scorecard, the Offeror shall submit a brief statement outlining how each of the Credits proposed on the scorecard or checklist will be achieved. In addition, the Offeror must identify the USGBC LEED® accredited professionals (APs) as team members, including their roles throughout the project.

T. INTENTIONALLY DELETED

U. Information required under paragraph entitled "DUE DILIGENCE AND NATIONAL ENVIRONMENTAL POLICY ACT REQUIREMENTS - RLP."

V. Information required under paragraph entitled "NATIONAL HISTORIC PRESERVATION ACT REQUIREMENTS - RLP."

W. If the Offeror requests any deviations, all deviations must be documented on Form 1364 in block labeled "Additional Remarks or Conditions with Respect to this Offer." VA at its sole discretion will make the decision whether or not to accept the deviation. Any deviations must be requested prior to the request for final proposal revisions. If the Offeror requests any deviations, VA at its sole discretion will make the decision whether to accept the deviation.

X. If more than 5,000 square feet of land area is to be disturbed in order to meet the Government's requirements, (as more fully described in the lease paragraph named ENERGY INDEPENDENCE AND SECURITY ACT, sub-paragraph (B)(1)(b)), a statement from Offeror that the Offeror is aware of and will comply with the specific lease requirements concerning maintenance and restoration of the real property's hydrology.

Y. INTENTIONALLY DELETED

3.07 TENANT IMPROVEMENTS INCLUDED IN OFFER (SEP 2015)

A. TENANT IMPROVEMENT TURNKEY PRICING

An Agency Specific Requirements (ASR) package is provided with this RLP to all Offerors upon which to base their TI pricing. (TIs are the finishes and fixtures that typically take Space from the "shell" condition to a finished, usable condition.) All TIs required by the Government for occupancy shall be performed by the successful Offeror as part of the rental consideration and all improvements shall meet the quality standards and requirements of this RLP and its attachments.

B. The Tenant Improvements shall include all the Offeror's administrative costs, general contractor fees, subcontractor's profit and overhead costs, Offeror's Project Management fee, design costs, and other associated project fees necessary to prepare construction documents and to complete the TIs. It is the successful Offeror's responsibility to prepare all documentation (working/construction drawings, etc.) required to receive construction permits. NO COSTS ASSOCIATED WITH THE BUILDING SHELL SHALL BE INCLUDED IN THE TI PRICING.

3.08 TURNKEY PRICING WITH DESIGN INTENT DRAWINGS PRIOR TO AWARD (OCT 2017)

A. Offerors must provide DIDs along with initial offer showing their proposed solution to the requirements contained in this RLP. It is the responsibility of the offeror and their respective design and construction team to develop, review, and complete DIDs and establish final pricing prior to submitting their offer. The Offeror shall base the TI portion of its overall pricing on the proposed DIDs IAW the specifications in this RLP and attachments. This TI price is a fixed price which the Offeror shall include in the lease proposal and will be paid with Lump Sum. There will be no financing or amortization of any kind. The Government reserves the right to make no-cost tradeoffs in the TIs after award. No costs associated with the Building shell or building-specific security shall be included in the TI pricing.

B. DIDs, for the purposes of the Lease, are defined as layout line drawings of the leased Space, reflecting all Lease requirements, showing partitions and doors; schematic demolition; voice, data, and electrical outlet locations; finishes; generic furniture layout, and any additional details necessary to communicate the design intent to the lessor's architect for the purpose of preparing the construction documents (CDs). A full DID set must include the following elements:

Level 1:

1. Cover Sheet;
2. Demolition Plan (if applicable);
3. Construction (Partition) Plan;
4. Power/Communication (Electrical) Plan;
5. Furniture Plan; and
6. Finish Plan.

Level 2 (reimbursable):

After Lease Award, the Government may request the Lessor to submit a separate price proposal to provide Level 2 DIDs in addition to the Level 1 DIDs which are already priced. If requested, Level 2 DIDs must include the following Level 2 elements:

1. Reflected Ceiling Plan;
2. Interior Elevations;
3. Interior Sections;
4. Partition Type/ Section Plan; and
5. Door/Hardware Schedule

C. Upon award, the Lessor shall provide a minimum of three (3) finish options to include coordinated samples of finishes for all interior elements such as paint, wall coverings, base coving, carpet, window treatments, laminates, and flooring. All samples provided must comply with specifications set forth elsewhere in the Lease. The finish options shall be approved by the Government at DID workshop(s). The Lessor may not make any substitutions after the finish option is selected.

3.09 ~~SECURITY IMPROVEMENTS INCLUDED IN OFFER (OCT 2016)~~ INTENTIONALLY DELETED

3.10 GREEN BUILDING RATING CERTIFICATION FOR TENANT INTERIORS (OCT 2016)

The project TIs shall incorporate any necessary design parameters for the Space to meet Leadership in Energy and Environmental Design for Interior Design and Construction (LEED®-ID+C) requirements (at the minimum Certified level) into the Design Intent Drawings (DIDs), if applicable, or Construction Drawings. The Lessor must coordinate TI and shell requirements as necessary to meet the certification.

3.11 OPERATING COSTS REQUIREMENTS INCLUDED IN OFFER (JUN 2012)

The Government requires a fully serviced Lease as part of the rental consideration. The base for the operating costs adjustment will be established during negotiations based upon rentable SF. The proposed methodology for operating costs adjustment shall include all items specified in the attached Lease document. The minimum requirements for normal hours, utilities, and janitorial services are specified in the attached Lease document. The offer shall clearly state whether the rental is firm throughout the term of the Lease or if it is subject to annual adjustment of operating costs as indicated above. If operating costs will be subject to adjustment, those costs shall be specified in the proposal.

3.12 ~~UTILITIES SEPARATE FROM RENTAL / BUILDING OPERATING PLAN (JUN 2012)~~ INTENTIONALLY DELETED

SECTION 4 METHOD OF AWARD

4.01 NEGOTIATIONS (JUN 2012)

Negotiations may be conducted on behalf of the Government by the VA LCO or designated representative. When negotiations are conducted, VA will negotiate the rental price for the initial term, any renewal periods, and any other aspect of the offer as deemed necessary. The Offeror shall not enter into negotiations concerning the Space leased or to be leased with representatives of Federal agencies other than the LCO or their designee. The LCO or their designated representative will conduct oral or written negotiations with all Offerors that are within the competitive range. The competitive range will be established by the LCO based on cost or price and other factors (if any) that are stated in this RLP and will include all of the most highly rated proposals, unless the range is further reduced for purposes of efficiency. Prior to eliminating an Offeror that is a HUBZone small business concern (SBC) and which has not waived its entitlement to a price evaluation preference from the competitive range, the LCO shall adjust the evaluated prices of all non-small business Offerors proposed for inclusion in the competitive range by increasing the prices by ten (10) percent, solely for the purpose of determining whether the HUBZone SBC Offeror should be included or excluded from the competitive range. Offerors who are not included in the competitive range will be notified in writing.

All Offerors within the competitive range will be provided a reasonable opportunity to submit revisions to their initial offer including any cost or price, technical, or other revisions that may result from the negotiations. Negotiations will be closed with submission of final proposal revisions.

4.02 HUBZONE SMALL BUSINESS CONCERN ADDITIONAL PERFORMANCE REQUIREMENTS (SEP 2015)

A HUBZone small business concern (SBC) Offeror may elect to waive the price evaluation preference provided in the "Award Based On Price" paragraph or the "Other Award Factors" paragraph of the RLP by so indicating on the GSA Form 1364, Proposal to Lease Space. In such a case, no price evaluation preference shall apply to the evaluation of the HUBZone SBC, and the performance of work requirements set forth in Section 1 of the Lease shall not be applicable should the HUBZone SBC be awarded the Lease. A HUBZone SBC Offeror acknowledges that a prospective HUBZone SBC awardee must be a qualified HUBZone SBC at the time of award of this contract in order to be eligible for the price evaluation preference. The HUBZone SBC Offeror shall provide the LCO a copy of the notice required by 13 CFR 126.501 if material changes occur before contract award that could affect its HUBZone eligibility. If it is determined, prior to award, that the apparently successful HUBZone SBC Offeror is not an eligible HUBZone SBC, the LCO will reevaluate proposals without regard to any price preference provided for the previously identified HUBZone SBC Offeror, and make an award consistent with the solicitation and the evaluation factors set forth herein.

If a HUBZone SBC that has not waived the price preference is awarded the Lease, the certification required by the "Additional Financial and Technical Capability" paragraph of the Lease must be provided within 10 days of award. If it is determined within 20 days of award that a HUBZone SBC Offeror that has been awarded the Lease was not an eligible HUBZone SBC at the time of award, and the HUBZone SBC Lessor failed to provide the LCO with information regarding a change to its HUBZone eligibility prior to award, then the Lease shall be subject, at the LCO's discretion, to termination, and the Government will be relieved of all obligations to the Lessor in such an event and not be liable to the Lessor for any costs, claims or damages of any nature whatsoever.

4.03 ~~AWARD-BASED-ON-PRICE (JUN 2012)~~ INTENTIONALLY DELETED

4.04 OTHER AWARD FACTORS (OCT 2016)

- A. The Lease will be awarded to the responsible Offeror whose offer conforms to the requirements of this RLP package and will be most advantageous to the Government, price and technical award factors listed below considered. The best value tradeoff process permits tradeoffs among price and technical factors, allowing the Government to make an award to other than the lowest priced Offeror or other than the highest technically rated Offeror.
- B. The combination of factors below is **significantly more important than price**. All Factor 1 Sub-Factors are equally important. As proposals become more equal in price, their technical merit becomes more important. Likewise, as technical factors become more equalized, price becomes the most important component.
- C. The following award factor(s) will be considered :
 1. Factor 1 Technical Requirements
 2. Factor 2 Past Performance
 3. Factor 3 Price
- C. If after completion of the Price Evaluation, award is proposed to a non-small business Offeror, and there exists as part of the procurement another technically acceptable proposal submitted by a responsible Offeror that is a qualified HUBZone small business concern (SBC) which has not waived its entitlement to a price evaluation preference, the evaluated price of the non-small business Offeror's proposal shall be increased by ten (10) percent, solely for the purpose of determining whether award

should be made to the HUBZone SBC Offeror. In such a case, the proposals of the apparently successful non-small business Offeror and the HUBZone SBC Offeror shall be considered in accordance with the evaluation factors and the applied price preference, and award made to the offer determined to be most advantageous to the Government. The LCO shall document his/her application of the price preference and further consideration of the offers under this sub-paragraph.

- D. If an offer contains terms taking exception to or modifying any Lease provision, the Government will not be under any obligation to award a Lease in response to that offer.

4.05 FACTOR DESCRIPTIONS (OCT 2016)

- A. Factor 1 – Technical Requirements: Offerors will be assigned a Technical Rating as well as a Technical Risk Rating based on their response and compliance with the requirements of the RLP regarding the following sub-factors:

Sub - Factor 1. Appropriate land use: location proposed in location that is appropriately zoned and in accordance with municipality published future plans

Sub - Factor 2. Neighborhood: Location is acceptable compatibility to adjacent existing businesses or tenants; neighborhood is stable and thriving similarly to area of demarcation (ie not in higher crime, property abandonment or blighted than exists elsewhere in designated boundary)

Sub - Factor 3. Access: Location shall be less than 1 mile to a major highway and 1 mile of a bus stop (if highway and bus stop are rated differently, average the ratings together rounding up)

Sub - Factor 4. Parking: A minimum of 200 parking spaces must be available for VA exclusive use. A minimum of 15 parking spaces must be designated as handicap parking; if local codes require a higher amount; the offeror must comply with it.

Sub - Factor 5. Visibility and direct access: Location visible from major roads and highways without obstruction of site from roadway (i.e. transverse parking lot to get to location, behind other facilities blocking visibility)

Sub - Factor 6. A-E design: Proposal written in way that conveys understanding of VA PACT model and unique complications of medical design requirements

Sub - Factor 7. Construction Contractor: Offeror knowledgeable and experienced with medical facility construction, Joint Commission and Florida code requirements, self-performing at least 50% of the work (does not have to be VA construction, however, complexity of medical facility design and construction is a unique specialty and qualification amongst construction contractors)

Sub - Factor 8. Flooding and environmental issues: The space must be located outside the 100-year floodplain, free of major environmental constraints, bodies of water, known prior contamination or any other obstacle that could delay construction process or impede veteran access once opened

Sub - Factor 9. Contractor team: Offeror must provide a Plan indicating qualified design, construction, property management, and operations/maintenance partners with a profile of each company, team leads, and roles in the buildout and follow-on lease.

Sub - Factor 10. Property Management: Contractor must provide a Concept plan for response time to address issues with building infrastructure (a/c, heat, ventilation, lighting, etc.); Plan shows lessor understands and acknowledges responsibility to perform preventative maintenance on critical systems required by the VA as part of the lease agreement

Sub - Factor 11. Emergency Clean-Up: Offeror must include a Concept plan for response time to address problem issues with EMS/custodial issues

Sub - Factor 12. Occupancy: required on or before 10/1/2021; the Government will evaluate all proposed occupancy dates. Lessors shall provide the number of days after lease is awarded that the space shall be available for occupancy.

- B. Factor 2 : Past Performance: Past performance information shall be obtained from any other sources available to the Government, to include, but not limited to, the Past Performance Information Retrieval System (PPIRS), Federal Awardee Performance and Integrity Information System (FAPIIS), Electronic Subcontract Reporting System (eSRS), or other databases; interviews with Program Managers, Contracting Officers, and Fee Determining Officials; the Defense Contract Management Agency. Past performance information may also be provided by the offeror, as solicited, See Exhibit J - Sample Request for Past Performance and Questionnaire

Past performance information may be obtained from questionnaires tailored to the circumstances of the acquisition. The Past Performance Evaluation Team will review this past performance information and determine the quality and usefulness as it applies to performance confidence assessment. The past performance evaluation results in an assessment of the offeror's probability of meeting the solicitation requirements.

The past performance evaluation considers each offeror's demonstrated recent and relevant record of performance in supplying products and services that meet the contract's requirements. One performance confidence assessment rating is assigned for each offeror after evaluating the offeror's recent past performance, focusing on performance that is relevant to the contract requirements.

- C. Factor 3 : Price will be calculated adding the proposed rental cost for the entire duration of the lease plus the cost of tenant improvements.

4.06 FACTOR 1 (TECHNICAL REQUIREMENTS) SUB-FACTORS' MINIMUM STANDARDS

Sub - Factor 1. Appropriate land use: Location is within 1.0 miles of office-residential, commercial general, institutional or mixed-use land use zone

Sub - Factor 2. Neighborhood: Neighborhood has acceptable utilization, business development, mutually beneficial adjacent businesses (i.e. high density residential, large high-traffic malls, homeless shelters, schools, apartment complexes)- middle 30-70% of site locations for Kissimmee for an OPC

Sub - Factor 3. Access: Location is within 1 mile of a major highway. AND 1 of a bus stop

Sub - Factor 4. Parking: Location has a minimum of 200 parking spaces, 15 of them being handicap

Sub - Factor 5. Visibility and direct access: Building about 50% obscured from access road by other development on site; traverses short distance through parking lot to get to facility parking, 3-5 turns to major highway

Sub - Factor 6. A-E design: A-E demonstrates understanding of designing for medical facilities

Sub - Factor 7. Construction Contractor: Construction Contractor demonstrates medical construction on 2 or more substantially similar construction projects

Sub - Factor 8. Flooding and environmental issues: Ideally, the location is located outside the 100-year floodplain areas. Location on the 100-year floodplain may be considered if an acceptable plan has been created that will not cause financial burden or time constraints/delay. The location may have known prior environmental constraints but have been already remediated and cleared by Florida Department of Environmental Protection (FDEP).

Sub - Factor 9. Contractor team: Offeror team demonstrates qualified team consisting of A-E that has mechanical, electrical, and architectural (plus civil if build-to-suit) expertise, project lead is noted as a registered Design Profession that has at least 10 years in design (5+ years medical design); construction contractor is a licensed GC in the state of Florida with at least 3 project as the GC in the medical field, project lead has 15 years' experience (10 in Florida; 10 in medical), property management located with 90 miles and has current or some prior medical facility experience and indicates an O/M partner (whether company or employee).

Sub - Factor 10. Property Management: Proposal contains a Concept plan for response time to address problem issues with building infrastructure (a/c, heat, ventilation, lighting, etc.).

Sub - Factor 11. Emergency Clean-Up: Proposal contains a Concept plan for response time to address problem issues with EMS/Custodial issues

Sub - Factor 12. Occupancy on 10/1/2021 or earlier

4.07 FACTOR SUBMITTAL REQUIREMENTS (OCT 2016)

Factor 1 Technical Requirements

Sub - Factor 1. Location map, Zoning compliance

Sub - Factor 2. Location map showing surrounding business and/or other tenants

Sub - Factor 3. Location map showing bus stops and nearby major highways and access to the site

Sub - Factor 4. Drawing showing parking plan and location on the site

Sub - Factor 5. Location map and/or pictures showing visibility of the building from major roads

Sub - Factor 6. Written proposal accompanied by Intended Design Drawings including all elements of the CBOC required by the RLP and all Exhibits

Sub - Factor 7. Written proposal containing Company Name, as well as the composition and qualifications and experience of the Contractor(s) proposed to do the Buildout and/or Tenant Improvements

Sub - Factor 8. Written statement and map showing location of the site outside of the 100-Year Flood Plain and free of major environmental constraints, bodies of water, known prior contamination or any other obstacle that could delay construction process or impede veteran access once opened. If any major

environmental constraints, bodies of water or any other obstacles are present; proposal shall contain evidence that these have already been remediated and cleared by the Florida Department of Environmental Protection (FDEP). If Location is on the 100-year floodplain the proposal must contain a plan showing that remediation will not cause financial burden or time constraints/delay.

- Sub - Factor 9.** Plan indicating qualified design, construction, property management, and operations/maintenance partners with a profile of each company, team leads, and roles in the buildout and follow-on lease.
- Sub - Factor 10.** Concept plan for response time to address issues with building infrastructure (a/c, heat, ventilation, lighting, etc.); Plan shows lessor understands and acknowledges responsibility to perform preventative maintenance on critical systems required by the VA as part of the lease agreement
- Sub - Factor 11.** Concept plan for response time to address problem issues with EMS/custodial issues.
- Sub - Factor 12.** Offeror must state the number of days after lease is awarded that the space shall be available for occupancy, and state the specific date the space will be ready.

Factor 2 Past Performance:

Offeror must provide three references for past lease experience, to include names and telephone numbers and any other relevant information. Offerors shall use Exhibit J to request the Past Performance Questionnaire to be filled out by their cited references.

Factor 3 Price:

Offeror must fill out completely Exhibit Q (Master Format TICS Table for TI Costs) and provide with the offer

Offerors must fill out completely Exhibit F (Global Proposal to Lease Space Form 1364 Rev 10 17) and provide with the offer

4.08 DOCUMENTATION REQUIREMENTS (OCT 2016)

All statements made on the Proposals must be supported by documented evidence provided at the time of the submission of the offer. All offers shall include but not be limited to Drawings, certifications, qualifications, ownership documents, written plans, maps, permits, applications, etc.

4.09 PRESENT VALUE PRICE EVALUATION (OCT 2016)

A. If annual CPI adjustments in operating expenses are included, the Offeror shall be required to submit the offer with the total "gross" annual price per RSF and per NUSF and a breakout of the "base" price per RSF and NUSF for services and utilities (operating expenses) to be provided by the Lessor. The "gross" price shall include the "base" price. The base price per NUSF from which adjustments are made will be the base price for the term of the Lease, including any option periods.

B. The Offeror must submit plans and any other information to demonstrate that the Rentable Space yields NUSF space within the required NUSF range. The Government will verify the amount of NUSF and will convert the rentable prices offered to NUSF prices, which will subsequently be used in the price evaluation.

C. Evaluation of offered prices will be based on the annual price per NUSF, including all required option periods. The Government will perform present value price evaluation by reducing the prices per NUSF to a composite annual NUSF price, as follows:

1. Parking and wareyard areas will be excluded from the total square footage but not from the price. For different types of space, the gross annual per NUSF price will be determined by dividing the total annual rental by the total NUSF excluding these areas.

2. Free rent will be evaluated in the year in which it is offered. The gross annual price is adjusted to reflect free rent.

3. Prior to the discounting procedure below, the total dollar amount of the Commission Credit (if applicable) will be subtracted from the first year's gross annual rent, unless the provision of free rent causes the credit to apply against rent beyond the first year's term, in which case the Commission Credit will be allocated proportionately against the appropriate year's gross rent.

4. INTENTIONALLY DELETED

5. If annual adjustments in operating expenses will not be made, the gross annual price, minus the Commission Credit (if applicable), will be discounted annually at 5 percent to yield a gross present value cost (PVC).

6. If annual adjustments in operating expenses will be made, the annual price, minus the Commission Credit (if applicable) and minus the base cost of operating expenses, will be discounted annually at 5 percent to yield net PVC. The operating expenses will be both escalated at 2.5 percent compounded annually and discounted annually at 5 percent, then added to the net PVC to yield the gross PVC.

7. To the gross PVC will be added:

- a. For lease acquisitions where the Government is considering less than fully-serviced offers, the cost of Government-provided services (e.g., utilities, janitorial) not included in the rental escalated at 2.5 percent compounded annually and discounted annually at 5 percent.
- b. The annualized (over the full term) cost of any items, which are to be reimbursed in a lump sum payment. (The cost of these items is present value; therefore, it will not be discounted.)
- c. The annual price for parking to accommodate the minimum number of spaces required for government vehicles, if not included in the shell rent and charged separately. The price will be discounted annually at 5 percent.
- d. The cost of relocation of furniture, telecommunications, replications costs, and other move-related costs, if applicable.
- e. INTENTIONALLY DELETED
- f. The annual cost of overtime HVAC based on the offered hourly overtime rate and an estimated usage of 0 hours of overtime HVAC per year for the Space. This cost will be discounted annually at 5 percent.

8. The sum of either sub-paragraphs 5 and 7 or sub-paragraphs 6 and 7, divided by the NUSF will be the present value cost per NUSF of the offer for price evaluation purposes.

4.10 AWARD (OCT 2017)

A. To document the agreement between the parties, the successful Offeror and the VA LCO will execute a Lease prepared by VA, which incorporates the agreement of the parties. The Lease shall consist of the following:

1. Lease No. 36C248-20-L-0002
2. Agency's Special Requirements
3. Security Requirements for Level II
4. GSA Form 3517B, General Clauses
5. Proposal to Lease Space (GSA Form 1364)
6. GSA Form 1217, Lessor's Annual Cost Statement
7. GSA Form 3518 Reps and Certs
8. Master Format TICS Table (for TI Costs)
9. GSA Form 12000 for Prelease Fire Protection and Life Safety Evaluation for an Office Building
10. The pertinent provisions of the offer
11. Approved DID's, site plans, drawing, parking plan and all other construction and/or permit related documents.

B. The acceptance of the offer and award of the Lease by the Government occurs upon execution of the Lease by the LCO and mailing or otherwise furnishing written notification of the executed Lease to the successful Offeror.

SECTION 5 ADDITIONAL TERMS AND CONDITIONS

5.01 MODIFIED RLP PARAGRAPHS (OCT 2016)

3.08 TURNKEY PRICING WITH DESIGN INTENT DRAWINGS PRIOR TO AWARD (OCT 2017):

A. was modified to add the requirement to submit DIDs along with initial offer and to make clear that it is the Offeror team's responsibility to develop, design and price TIs IAW the RLP requirements and provide final pricing accordingly. Also, all references to DID workshops prior to award were deleted.

C. Was modified to add the requirement to submit of finishes for all interior elements such as paint, wall coverings, base coving, carpet, window treatments, laminates, and flooring during workshop(s) after award.

5.02 VAAR 852.219-10: VA NOTICE OF TOTAL SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS SET ASIDE

(a) Definition. For the Department of Veterans Affairs, "Service-disabled Veteran-Owned Small Business concern or SDVOSB:"

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more Service-Disabled Veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more Service-Disabled Veterans or eligible surviving spouses (see VAAR 802.201, Surviving Spouse definition);

(ii) The management and daily business operations of which are controlled by one or more Service-Disabled Veterans (or eligible surviving spouses) or, in the case of a Service-Disabled Veteran with permanent and severe disability, the spouse or permanent caregiver of such Veteran;

(iii) The business meets Federal small business size standards for the applicable North American Industry Classification System (NAICS) code identified in the solicitation document;

(iv) The business has been verified for ownership and control pursuant to 38 CFR 74 and is so listed in the Vendor Information Pages database, ([HTTPS://WWW.VIP.VETBIZ.VA.GOV](https://www.vip.vetbiz.va.gov)); and

(v) The business will comply with VAAR SUBPART 819.70 and Small Business Administration (SBA) regulations regarding small business size and government contracting programs at 13 CFR part 121 and 125, including the nonmanufacturer rule and limitations on subcontracting requirements in 13 CFR 121.406 and 125.6, provided that any reference therein to a service-disabled veteran-owned small business concern (SDVO SBC), is to be construed to apply to a VA verified and VIP-listed SDVOSB. The nonmanufacturer rule and the limitations on subcontracting apply to all SDVOSB and VOSB set-asides and sole source contracts.

(2) "Service-Disabled Veteran" means a Veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

(b) General.

(1) Offers are solicited only from eligible Service-Disabled Veteran-Owned Small Business concerns. Only VIP-listed Service-Disabled Veteran-Owned Small Business concerns (SDVOSBs) may submit offers in response to this solicitation. Offers received from concerns that are not VIP-listed Service-Disabled Veteran-Owned Small Business concerns shall not be considered.

(2) Any award resulting from this solicitation shall be made to a VIP-listed Service-Disabled Veteran-Owned Small Business concern that meets the size standard for the applicable NAICS code.

(c) *Representation.* By submitting an offer, the prospective contractor represents that it is an eligible SDVOSB as defined in this clause, 38 CFR part 74, and VAAR SUBPART 819.70. Pursuant to 38 U.S.C. 8127(e), only VIP-listed SDVOSBs are considered eligible. Therefore, any reference in 13 CFR part 121 and 125 to a Service-Disabled Veteran-Owned Small Business concern (SDVO SBC), is to be construed to apply to a VA verified and VIP-listed SDVOSB and only such concern(s) qualify as similarly situated. The offeror must also be eligible at the time of award.

(d) *Agreement.* When awarded a contract (see FAR 2.101, Definitions), including orders under multiple-award contracts, or a subcontract, an SDVOSB agrees that in the performance of the contract, the SDVOSB shall comply with requirements in VAAR SUBPART 819.70 and SBA regulations on small business size and government contracting programs at 13 CFR part 121 and 125, including the nonmanufacturer rule and limitations on subcontracting requirements in 13 CFR part 121.406 and 125.6, provided that for purposes of the limitations on subcontracting, only VIP-listed SDVOSBs shall be considered eligible and/or "similarly situated" (i.e., a firm that has the same small business program status as the prime contractor). An independent contractor shall be considered a subcontractor. An otherwise eligible firm further agrees to the following:

(1) *Services.* In the case of a contract for services (except construction), it will not pay more than 50% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs.

(2) *Supplies or products.*

(i) In the case of a contract for supplies or products (other than from a nonmanufacturer of such supplies), it will not pay more than 50% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs.

(ii) In the case of a contract for supplies from a nonmanufacturer, it will supply the product of a domestic small business manufacturer or processor, unless a waiver is described in 13 CFR 121.406(b)(5) is granted.

(3) *General construction.* In the case of a contract for general construction, it will not pay more than 85% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs.

(4) *Special trade contractors.* In the case of a contract for special trade contractors, it will not pay more than 75% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs.

(5) *Subcontracting.* Any work that a VIP-listed SDVOSB subcontractor further subcontracts will count towards the percent of subcontract amount that cannot be exceeded. For supply or construction contracts, cost of materials is excluded and not considered to be subcontracted. For mixed contracts and additional limitations, refer to 13 CFR 125.6.

(e) *Joint ventures.* A joint venture may be considered an SDVOSB if the joint venture is listed in VIP and complies with the requirements in 13 CFR 125.18(b), provided that any reference therein to service-disabled Veteran-owned small business concern or SDVO SBC, is to be construed to mean a VIP-listed SDVOSB. A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the aggregate of the joint venture participants.

(f) *Precedence.* For any inconsistencies between the requirements of the SBA program for service-disabled Veteran-owned small business concerns and the VA Veterans First Contract Program, as defined in VAAR SUBPART 819.70 and this clause, the VA Veterans First Contracting Program requirements have precedence.
