## PART B - REQUIREMENTS & FUNDING INFORMATION

### Solar PV Commissioning (Performance Work Statement - PWS)

---

#### Background, Objective, and Scope of Work

##### Background

The Department of Veterans Affairs (VA) is in process of designing and installing solar photovoltaic (PV) systems at multiple facilities. These renewable energy systems will help the VA meet Executive Order requirements related to “greening the government”, sustainability planning, and energy security and independence, and the VA’s goal of increasing its renewable energy consumption to 15% by 2013.

##### Objective

The objective of this agreement is to provide task-level commissioning agency support to the VA in the design, construction, and operation of PV system projects. This will be accomplished through a series of project documentation reviews, physical inspection, operational testing, and task-level technical analysis and reporting. The commissioning tasks to be completed for each project are summarized as follows:

Perform an off-site pre-design project documentation review (e.g. feasibility studies, design-build contracts, and other supporting project documentation as appropriate). The results and recommendations of this review will be reported in writing and be used to facilitate a design kickoff meeting with the VA project staff and the design-build (D-B) contractor. The points of discussion will be reported in writing and be used to support subsequent commissioning activities.

Perform two (2) off-site design and project management documentation reviews - the first at 50% completion and the second at 100% completion. The results and recommendations of these reviews will be reported in writing and be used to support subsequent commissioning activities.

Perform on-site physical inspections and operational testing for the measured and verified (M&V) acceptability of as-installed system along with concurrent as-built project documentation reviews. The results and recommendations of these inspections and reviews will be reported in writing and be used to support subsequent, as-needed commissioning activities.

Provide other as-needed technical support to the VA for the resolution of unusual or extraordinary issues encountered during or after commissioning process.

##### Scope

The general SOW for the commissioning of a PV projects will consist of fixed-tilt and/or single axis-tracking systems and will be installed on rooftops and/or carport structures and/or ground mounted. VA provided project documentation supporting the commissioning task will include pre-award feasibility and Environmental Assessment (EA) studies performed for each project location. The individual sites and system capacities are summarized in Table 1 below:

PV Sites	Capacity (kWp)	VISN
Amarillo VAMC	2,289	18

Table 1: Site-System Summary

The detailed task-level SOW support requirements of each project site are as follows:

Task 1 - Acceptance Inspection, Testing and As-built Review (On-Site)

Each completed project will be supported with the final (100%) on-site physical and operational inspections and concurrent evaluations of the final as-built project documentation.

Task 1.1 - 100% construction complete - 2-3 days on-site

- Conduct physical inspection
- Perform operational testing
- Review as-built design documentation
- Provide final report documenting findings and recommendations

Task 2 - As-needed T&M Support (On-Site or Off-Site)

From time to time, the VA may need to request support beyond the SOW stipulated above. Examples of such as-needed technical support would be:

The resolution of an unusual or extraordinary contract or technical issue encountered during or after commissioning process.

Provide on-site O&M staff training and support.

Provide periodic programmatic review to VA directorate staff.

Accomplishment of the Task (1-2) activities listed above will be done in coordination with the VA-designated project POC. As appropriate, all on-site activities will be done in the presence of both VA facility and D-B contractor staff. The D-B contractor (or their D-B approved designate) will be required to assist the commissioning agents in the operation of their PV system during performance testing.

Task Deliverables:

Unless otherwise requested, all memos, reports and project documentation will be transmitted to the COTR and EM via email or similar electronic means. It is the intent of the commissioning agency to provide task-related reports containing advisory remarks for achieving compliance with applicable VA and industry standards. Additionally, whenever observed, the reports may also address existing facility issues of code compliances and/or other deficiencies that would adversely affect the PV system project. The project task deliverables schedules are summarized in Table 2 below:

Task	Deliverable	Completion Date
Task 1.1	Final Acceptance Report -100%	Site visit + 14 days
Task 2	Memo for record	TBD

Table 2: Task Deliverables Schedule

C. TRAVEL AND PLACE OF PERFORMANCE

The work shall be performed at the contractor's office space as well as at the sites of the renewable energy projects.

D. GOVERNMENT RESPONSIBILITIES

The Government will provide access to system documentation and sites as necessary for completion of the work described in this Statement of Work.

E. CONTRACTOR EXPERIENCE REQUIREMENTS – KEY PERSONNEL

These skilled experienced professional and/or technical personnel are essential for successful contractor accomplishment of the work to be performed under this contract and subsequent task orders and option. These are defined as key personnel and are those persons whose resumes were submitted. The contractor agrees that the key personnel shall not be removed, diverted, or replaced from work without approval of the CO and COTR.

Any personnel the contractor offers as substitutes shall have the ability and qualifications equal to or better than the key personnel being replaced. Requests to substitute personnel shall be approved by the COTR and the CO. All requests for approval of substitutions in personnel shall be submitted to the COTR and the CO within 30 calendar days prior to making any change in key personnel. The request shall be written and provide a detailed explanation of the circumstances necessitating the proposed substitution. The contractor shall submit a complete resume for the proposed substitute, any changes to the rate specified in the order (as applicable) and any other information requested by the CO needed to approve or disapprove the proposed substitution. The CO will evaluate such requests and promptly notify the contractor of approval or disapproval thereof in writing.

F. SECURITY

Information System Security

The contractor shall ensure adequate LAN/Internet, data, information, and system security in accordance with VA standard operating procedures and standard contract language, conditions laws, and regulations. The contractor's firewall and web server shall meet or exceed the government minimum requirements for security. All government data shall be protected behind an approved firewall. Any security violations or attempted violations shall be reported to the VA project manager and the VBA Headquarters Information Security Officer as soon as possible. The contractor shall follow all applicable VA policies and procedures governing information security, found under [www.va.gov/pubs/asp/edsdirec.asp](http://www.va.gov/pubs/asp/edsdirec.asp) especially those that pertain to certification accreditation.

**G. CONFIDENTIALITY AND NONDISCLOSURE**

It is agreed that:

1. The preliminary and final deliverables and all associated working papers, application source code, and other material deemed relevant by the VA which have been generated by the contractor in the performance of this task order are the exclusive property of the U.S. Government and shall be submitted to the CO at the conclusion of the task order.
  
2. The CO will be the sole authorized official to release verbally or in writing, any data, the draft deliverables, the final deliverables, or any other written or printed materials pertaining to this task order. No information shall be released by the contractor. Any request for information relating to this task order presented to the contractor shall be submitted to the CO for response.
  
3. Press releases, marketing material or any other printed or electronic documentation related to this project, shall not be publicized without the written approval of the CO.

**SECTION C - CONTRACT CLAUSES**

ADDENDUM to FAR 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS

Clauses that are incorporated by reference (by Citation Number, Title, and Date), have the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

The following clauses are incorporated into 52.212-4 as an addendum to this contract:

**C.1 52.203-16 PREVENTING PERSONAL CONFLICTS OF INTEREST (DEC 2011)**

(a) Definitions. As used in this clause--

"Acquisition function closely associated with inherently governmental functions" means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

- (1) Planning acquisitions.
- (2) Determining what supplies or services are to be acquired by the Government, including developing statements of work.
- (3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria.
- (4) Evaluating contract proposals.
- (5) Awarding Government contracts.

(6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).

(7) Terminating contracts.

(8) Determining whether contract costs are reasonable, allocable, and allowable.

"Covered employee" means an individual who performs an acquisition function closely associated with inherently governmental functions and is--

(1) An employee of the contractor; or

(2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is no employer to whom such an individual could submit the required disclosures.

"Non-public information" means any Government or third-party information that--

(1) Is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552) or otherwise protected from disclosure by statute, Executive order, or regulation; or

(2) Has not been disseminated to the general public and the Government has not yet determined whether the information can or will be made available to the public.

"Personal conflict of interest" means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee's ability to act impartially and in the best interest of the Government when performing under the contract. (A de minimis interest that would not "impair the employee's ability to act impartially and in the best interest of the Government" is not covered under this definition.)

(1) Among the sources of personal conflicts of interest are--

(i) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household;

(ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and

(iii) Gifts, including travel.

(2) For example, financial interests referred to in paragraph (1) of this definition may arise from--

(i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;

(ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);

(iii) Services provided in exchange for honorariums or travel expense reimbursements;

(iv) Research funding or other forms of research support;

(v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);

(vi) Real estate investments;

(vii) Patents, copyrights, and other intellectual property interests; or

(viii) Business ownership and investment interests.

(b) Requirements. The Contractor shall--

(1) Have procedures in place to screen covered employees for potential personal conflicts of interest, by--

(i) Obtaining and maintaining from each covered employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:

(A) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household.

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee--

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency;

(ii) Prohibit use of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation--

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain; and

(iii) To avoid even the appearance of personal conflicts of interest;

(4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;

(5) Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this clause; and

(6) Report to the Contracting Officer any personal conflict-of-interest violation by a covered employee as soon as it is identified. This report shall include a description of the violation and the proposed actions to be taken by the Contractor in response to the violation. Provide follow-up reports of corrective actions taken, as necessary. Personal conflict-of-interest violations include--

(i) Failure by a covered employee to disclose a personal conflict of interest;

(ii) Use by a covered employee of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Failure of a covered employee to comply with the terms of a non-disclosure agreement.

(c) Mitigation or waiver. (1) In exceptional circumstances, if the Contractor cannot satisfactorily prevent a personal conflict of interest as required by paragraph (b)(2)(i) of this clause, the Contractor may submit a request through the Contracting Officer to the Head of the Contracting Activity for--

(i) Agreement to a plan to mitigate the personal conflict of interest; or

(ii) A waiver of the requirement.

(2) The Contractor shall include in the request any proposed mitigation of the personal conflict of interest.

(3) The Contractor shall--

(i) Comply, and require compliance by the covered employee, with any conditions imposed by the Government as necessary to mitigate the personal conflict of interest; or

(ii) Remove the Contractor employee or subcontractor employee from performance of the contract or terminate the applicable subcontract.

(d) Subcontract flowdown. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts--

(1) That exceed \$150,000; and

(2) In which subcontractor employees will perform acquisition functions closely associated with inherently governmental functions (i.e., instead of performance only by a self-employed individual).

(End of Clause)

**C.2 52.204-4 PRINTED OR COPIED DOUBLE-SIDED ON POSTCONSUMER FIBER CONTENT PAPER (MAY 2011)**

(a) Definitions. As used in this clause--

"Postconsumer fiber" means--(1) Paper, paperboard, and fibrous materials from retail stores, office buildings, homes, and so forth, after they have passed through their end-usage as a consumer item, including: used corrugated boxes; old newspapers; old magazines; mixed waste paper; tabulating cards; and used cordage; or

(2) All paper, paperboard, and fibrous materials that enter and are collected from municipal solid waste; but not

(3) Fiber derived from printers' over-runs, converters' scrap, and over-issue publications.

(b) The Contractor is required to submit paper documents, such as offers, letters, or reports that are printed or copied double-sided on paper containing at least 30 percent postconsumer fiber, whenever practicable, when not using electronic commerce methods to submit information or data to the Government.

(End of Clause)

**C.3 52.204-7 CENTRAL CONTRACTOR REGISTRATION (FEB 2012)**

(a) Definitions. As used in this clause--

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same concern.

"Registered in the CCR database" means that--

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and

(2) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record "Active". The Contractor will be required to provide consent for TIN validation to the Government as a part of the CCR registration process.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number--

(i) Via the Internet at <http://fedgov.dnb.com/webform> or if the offeror does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and Zip Code.

(iv) Company Mailing Address, City, State and Zip Code (if separate from physical).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12 of the FAR; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via CCR accessed through <https://www.acquisition.gov> or by calling 1-888-227-2423, or 269-961-5757.

(End of Clause)

#### **C.4 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (FEB 2012)**

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights-

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall

proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. ## E.2 VAAR 852.209-70 ORGANIZATIONAL CONFLICTS OF INTEREST (JAN 2008)

If the conflict of interest cannot be mitigated and if the contracting officer finds that it is in the best interest of the United States to award the contract, the contracting officer shall request a waiver in accordance with FAR 9.503 and 48 CFR 809.503.

(d) Nondisclosure or misrepresentation of actual or potential organizational conflicts of interest at the time of the offer, or arising as a result of a modification to the contract, may result in the termination of the contract at no expense to the Government.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [ ] Are, [ ] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [ ] Have, [ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [ ] Are, [ ] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [ ] Have, [ ] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).

(1) Listed end products.

Listed End Product

Listed Countries of Origin

(2) Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

(i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

(ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

## Evaluation Factors

Quotations will be reviewed and evaluated in accordance with the evaluation criteria explained below. The following description summarizes the relationship of the factors to each other. The evaluation factors in order of importance are:

1. Technical Approach which is comprised of the following subfactors in descending order of importance: A. Key Personnel Qualifications and Experience, B. Corporate Capability and Stability, C. Technical and Management Methodology ;
2. Past Performance;
3. Price. (Volume II)

The technical approach factor is significantly more important than past performance. All non-price factors when combined are significantly more important than price.

### 1. TECHNICAL APPROACH:

The Quoter shall include a brief introduction of their company. The introduction may include a discussion of corporate facilities, office locations, general experience and capabilities, number of employees, etc.

Quotations shall clearly and completely address the appropriate technical elements described below in a format that follows the PWS deliverables. Responses to these elements will form the basis for scoring the technical merits of a quotation. Information presented in the technical volume should clearly demonstrate that the Quoter is fully capable and prepared to perform the tasks described in the PWS as well as demonstrate the Quoter's understanding of the requirements and associated problems. A technical quotation will be considered unsatisfactory if inadequate or insufficient information is submitted, excluding it from further consideration.

The Quoter shall define a performance based management and technical approach that satisfies the requirements defined in this document. **Technical quotations shall address the following three general areas:**

#### **Key Personnel Qualifications and Experience**

- a. A description of the Quoter's current personnel resources for this activity. The Quote must clearly state whether each proposed person is currently a full time or part time employee of the firm or someone who has agreed to join the firm if the quote is selected for award. Résumés of all personnel who are not currently employee must be accompanied by a signed and notarized statement that the person has agreed to the use of his or her resume in the quote package. Additionally, the Quote must identify the working location (address) to which each proposed person would be assigned. If the intent is for any personnel to work from home (full time or part time) this must be identified and discussed. (If the firm has multiple divisions and locations, limit the description and documentation to only the division and location proposed to do the work.)

b. Identification of proposed key personnel to include:

- 1) Résumés for key employees assigned to perform under this performance work statement and shall contain documented training, education, professional certifications and experience directly applicable to the functions to be performed. Key Personnel include those individuals who have subject matter expertise to accurately validate and verify all activities involved in the performance work statement.
- 2) Prior work experiences shall be specific and of sufficient variety and duration that the employee is able to effectively and efficiently perform the functions assigned.

The Vendor shall propose a labor matrix that matches its Key Personnel to activities, tasks, and milestones that are aligned with the performance work statement. The quote shall describe the roles and responsibilities of all Key Personnel, their contribution to the execution of the Vendor's methodology, the estimated contribution of each key person in hours, percent of utilization, or similar, the Federal Supply Schedule labor category, and the manner in which the Government will be provided visibility into Key Personnel contribution and performance.

## Corporate Capability and Stability

Address the Quoter's capabilities and corporate experience relating to the PWS scope areas. This shall include, but not be limited to, professional awards, publications, presentations, and longevity with the ability to maintain the capability and perform the requirements throughout the entire period of the BPA.

### 1. Technical and Management Methodology

The Vendor shall propose a Draft Project Management Plan that is simple, easy to read, and clearly and concisely describes project responsibilities and personnel, any proposed subcontracting and/or teaming arrangements, communication and coordination, scheduling of all tasks and subtasks, meetings, and deliverables. All staff needed to conduct the work and produce all required training and deliverables must be identified.

- a. Discussion of the background, objectives, and work requirements of the PWS as analyzed by the Quoter.
- b. Discussion on how Quoter will meet the needs of the Government relative to communication and coordination as well as the supervision and guidance of its employees on site, including a description of the project team leader's level of responsibility, authority, and interaction within the Contractor's organizational structure.
- c. Discussion of proposed methods and techniques for completing each task and discussion which supports how each task will be evaluated for full performance and acceptability of work from the Quoter's viewpoint. The Vendor shall propose and include a Draft Quality Assurance Surveillance plan that addresses a detailed approach for addressing key surveillance areas including delivery management process from initial draft to final deliverable and VA COTR acceptance; operational performance standards (e.g., thoroughness, completeness, accuracy of all deliverables,

acceptable quality levels); and surveillance areas and methods. Consideration should be given for constraints involving budget, schedule, political, cultural, regulatory, legal personnel resources, and other factors.

d. Discussion of any anticipated major difficulties and problem areas, along with potential recommended approaches for their resolution.

## 2. PAST PERFORMANCE

The Offeror will be evaluated on its past performance. Offeror shall submit three references for recent (from the past three years) and relevant experience (i.e., experience in providing the services as described by the PWS contained in the solicitation). Information used consists of reference data provided by the vendor in its quotation, information in both Government and commercial databases, and other information available as VA determines is reasonable.

## 3. Price

This Volume shall be organized in such a manner to address and/or provide sufficient details in price breakdown of the quotation. Information must be detailed enough to clearly document that the proposed mix of labor categories offered are accurate, realistic, complete and consistent with the proposed technical volume and with the requirements of the PWS. Documentation shall also explain any description of any assumption of terms and conditions, as well as a specific description of any pricing and technical assumptions that the response is predicated on.

Quotations which are unrealistic in terms of technical commitment or unrealistically low in price will be deemed to show an inherent lack of technical competence or failure to comprehend the complexity and risk of the contract requirements. This may be grounds for the rejection of the quotation. The Government may reject any quotation that is unreasonable or materially unbalanced as to prices. An unbalanced quotation is one that incorporates prices significantly less than cost for some items and/or prices that are significantly overstated for other items.

The Vendor shall include the following part(s) in Volume II:

### ■ **Part I –**

The Vendor shall submit the tabs listed below:

- **Tab A, SF 1449** – The Vendor shall submit a completed and signed SF 1449 and a completed and signed copy of each amendment to the Request for Quote. The SF 1449 and all amendments shall be signed by an individual who has the authority to bind the company.
- **Tab B, Pricing Notes and Assumptions** – This Tab shall be used to explain the Vendor's price quote. All special terms and conditions, assumptions, conditions or exceptions related to the Vendor's pricing shall be included in this Tab. The Vendor shall take care not to include remarks that take exception to the Government's pricing requirements or otherwise preclude the Government from evaluating the Vendor's quote. The Vendor shall submit a priced spreadsheet(s) keyed to the line items for the performance work statement.

- **Part 2** The Vendor shall provide labor categories and rates for each task in the Performance Work Statement.

**CONTRACT AWARD**

This will be a single award. This Contract award shall be made to the responsible Quoter whose offer, in conforming to this RFQ, is most advantageous to the Government, price and other factors considered. The Government reserves the right to award without discussions.
