(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. E.3 52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Factor 1: Technical: Proposed Management Plan.

Offeror shall provide narrative describing its approach to managing the required HVAC airflow testing and balancing. The proposed narrative shall include at a minimum: Proposed managerial and/or supervisory employees (identified by name and title), and location(s). The narrative shall reflect what qualifications/training the individual has that is

performing the actual service. Also any subcontractor being retained by the prime will be identified. Narrative shall include offeror's staffing plan to comply with VAAR Clause 852.219-10 Notice of Service-Disabled Veteran-Owned Small Business Set-Aside (Dec 2009) (c) (1).

(d) Agreement. A service-disabled veteran-owned small business concern agrees that in the performance of the contract, in the case of a contract for--

(1) Services (except construction), at least 50 percent of the cost of personnel for contract performance will be spent for employees of the concern or employees of other service-disabled veteran-owned small business concerns

Offeror will ensure satisfactory performance that will meet the Performance-Based Work Statement (PWS).

The following Adjectival Ratings will be used in the evaluation of the Technical response.

Technical Merit Adjectival Ratings

ADJECTIVAL	DEFINITION
Outstanding	Proposal meets requirements and indicates an exceptional approach and understanding of the requirements. Strengths far outweigh any weaknesses. Risk of unsuccessful performance is very low.
Good	Proposal meets requirements and indicates a thorough approach and understanding of the requirements. Proposal contains strengths which outweigh any weaknesses. Risk of unsuccessful performance is low.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements. Strengths and weaknesses are offsetting or will have little or no impact on contract performance. Risk of unsuccessful performance is moderate.
Marginal	Proposal does not clearly meet requirements and has not demonstrated an adequate approach and understanding of the requirements. The proposal has one or more weaknesses which are not offset by strengths. Risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements and contains one or more deficiencies. Proposal is not awardable.

Definitions of Key Technical Merit Evaluation Terms:

Deficiency – A material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

Strength – Any aspect of a proposal that, when judged against a stated evaluation criterion enhances the merit of the proposal or increases the probability of successful performance of the contract.

Weakness – A flaw in a proposal that increases the risk of unsuccessful contract performance.

Factor 2: Past Performance.

Past performance information will be evaluated in accordance with FAR 15.305(a)(2). In assessing past performance the Government may employ several approaches including: (a) reviewing past performance data submitted (b) seeking additional present and past performance and (c) using data independently obtained from other Government and commercial sources (e.g., the Past Performance Information Retrieval System (PPIRS)).

The Government will conduct a performance confidence assessment based on aspects of an offeror's past performance, focusing on and targeting performance that is recent (within the last 3 years), relevant to the requirements of this solicitation, and similar in complexity and magnitude compared to the requirements of the solicitation. Performance that is not recent, relevant, similar in complexity, or similar in magnitude will not be evaluated for purposes of the confidence assessment. The performance confidence assessment process will result in an overall confidence rating. This performance confidence assessment rating represents the Government's judgment of the probability of an offeror successfully accomplishing the proposed effort based on the offeror's demonstrated present and past performance. Lack of recent and relevant past performance that is similar in complexity and magnitude to this solicitation will not be evaluated favorably or unfavorably, but on a neutral or unknown basis. If adverse past performance is revealed, the offeror will be afforded an opportunity to address the adverse information (unless the information was obtained through PPIRS, in which case the offeror has already had an opportunity to respond).

Rating	Definition
Significant-Confidence	Based on offeror's performance record, the Government has significant confidence (i.e., little doubt exists) that the offeror will successfully perform the required effort.
Satisfactory-Confidence	Based on the offeror's performance record, the Government has confidence that the offeror will successfully perform the required effort. Normal Contractor emphasis should preclude any problems.
Neutral/Unknown - Confidence	No performance record is identifiable or the offeror's performance record is so sparse that no confidence

assessment rating can be reasonably assigned.

Limited Confidence

Based on the offeror's performance record, doubt exists that the offeror will successfully perform the required effort.

No Confidence

Based on the offeror's performance record, extreme doubt exists that the offeror will be able to successfully perform the required effort.

Subcontractor Consent: Past performance information pertaining to a proposed subcontractor cannot be disclosed to an offeror without the subcontractor's consent. Offeror shall provide with its proposal a letter from each proposed subcontractor that will perform major or critical aspects of the requirement, consenting to the release of its past performance information to an offeror.

Factor 3: Price.

Price proposals will be evaluated for "reasonableness" using one or more of the techniques identified in FAR 15.404. Price will be considered in conjunction with the technical and past performance ratings in determining the best overall value to the Government.

All evaluation factors other than price, when combined, are approximately equal to price.

The Government intends to award only one (1) contract to the responsible offeror whose proposal is responsive to the solicitation and determined to be the best overall value to the Government. In order to determine best overall value, this acquisition will utilize a trade-off process. The process permits trade-offs among technical, past performance and price and allows the Government to accept other than the lowest price proposal.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American Act. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [] Are, [] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [] Have, [] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [] Are, [] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to a central contractor registration database to be eligible for award.)
