

CABINETS | STATIONS

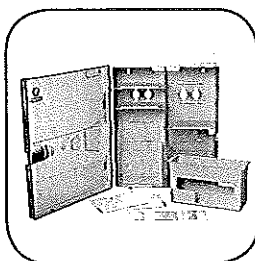

TIDI's offering of P2® Cabinets and Stations mount on walls, doors, and glass. They provide convenient point-of-use access to personal protective equipment (PPE) that help comply with OSHA guidelines for hospital preparedness. Other standards that are met are JCAHO, DOH, and Fire Safety requirements. These products eliminate the need for bulky carts and other obstructive storage units.

P2® STORAGE UNITS

- Keep personal protection and patient care equipment in a clean, organized, and accessible space
- Constructed with ABS plastic which is durable, mark-resistant, and easy to clean
- Storage units are all compatible with P2's Glove dispensers. Dispensers provide added space and easy accessibility to gloves

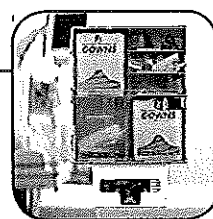

FOR GLASS, DOOR, OR WALL MOUNTING

P2® ICU ISOLATION STATION

* 1 station/case | 20.5"H x 6.75"D x 17.75"W
