I.2 52.209-9 UPDATES OF PUBLICLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (FEB 2012)

(a) The Contractor shall update the information in the Federal Awardee Performance and Integrity Information System (FAPIIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the Central Contractor Registration database via <https://www.acquisition.gov>.

(b) As required by section 3010 of the Supplemental Appropriations Act, 2010 (Pub. L. 111-212), all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIIS consists of two segments--

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by--

(i) Government personnel and authorized users performing business on behalf of the Government; or

(ii) The Contractor, when viewing data on itself; and

(2) The publicly-available segment, to which all data in the non-public segment of FAPIS is automatically transferred after a waiting period of 14 calendar days, except for--

(i) Past performance reviews required by subpart 42.15;

(ii) Information that was entered prior to April 15, 2011; or

(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(c) The Contractor will receive notification when the Government posts new information to the Contractor's record.

(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the nonpublic segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to FAPIIS.

(2) The Contractor will also have an opportunity to post comments regarding information that has been posted by the Government. The comments will be retained as long as the associated information is retained, i.e., for a total period of 6 years. Contractor comments will remain a part of the record unless the Contractor revises them.

(3) As required by section 3010 of Pub. L. 111-212, all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available.

(d) Public requests for system information posted prior to April 15, 2011, will be handled under Freedom of Information Act procedures, including, where appropriate, procedures promulgated under E.O. 12600.

(End of Clause)

I.3 52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (APR 2012)

(a) *Definitions.* As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

- (1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.
- (2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.
- (3) For long-term contracts-
- (i) Within 60 to 120 days prior to the end of the fifth year of the contract; and
- (ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.
- (c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/content/table-small-business-size-standards>.
- (d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.
- (e) Except as provided in paragraph (g) of this clause, the Contractor shall make the rerepresentation required by paragraph (b) of this clause by validating or updating all its representations in the Online Representations and Certifications Application and its data in the Central Contractor Registration, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.
- (f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.
- (g) If the Contractor does not have representations and certifications in ORCA, or does not have a representation in ORCA for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:
- The Contractor represents that it [] is, [] is not a small business concern under NAICS Code 237110 assigned to contract number .

[Contractor to sign and date and insert authorized signer's name and title].

(End of Clause)

I.4 52.222-40 NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT (DEC 2010)

- (a) During the term of this contract, the Contractor shall post an employee notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR 471.2(d) and (f).

(1) Physical posting of the employee notice shall be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relations Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor shall also post the required notice electronically by displaying prominently, on any Web site that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's Web site that contains the full text of the poster. The link to the Department's Web site, as referenced in (b)(3) of this section, must read, "Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers."

(b) This required employee notice, printed by the Department of Labor, may be-

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-5609, Washington, DC 20210, (202) 693-0123, or from any field office of the Office of Labor-Management Standards or Office of Federal Contract Compliance Programs;

(2) Provided by the Federal contracting agency if requested;

(3) Downloaded from the Office of Labor-Management Standards Web site at <http://www.dol.gov/olms/regs/compliance/EO13496.htm>; or

(4) Reproduced and used as exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the employee notice referred to in this clause is located at Appendix A, Subpart A, 29 CFR Part 471.

(d) The Contractor shall comply with all provisions of the employee notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 471, which implements Executive Order 13496 or as otherwise provided by law.

(f) Subcontracts.

(1) The Contractor shall include the substance of this clause, including this paragraph (f), in every subcontract that exceeds \$10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each subcontractor.

(2) The Contractor shall not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.

(3) The Contractor shall take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

(End of Clause)

I.5 52.225-9 BUY AMERICAN ACT--CONSTRUCTION MATERIALS (SEP 2010)

(a) *Definitions.* As used in this clause--

"Commercially available off-the-shelf (COTS) item"--

(1) Means any item of supply (including construction material) that is--

(i) A commercial item (as defined in paragraph (1) of the definition at FAR 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. App. 1702), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means--

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Domestic construction material" means--

(1) An unmanufactured construction material mined or produced in the United States;

(2) A construction material manufactured in the United States, if--

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(ii) The construction material is a COTS item.

"Foreign construction material" means a construction material other than a domestic construction material.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference.

(1) This clause implements the Buy American Act (41 U.S.C. 10a-10d) by providing a preference for domestic construction material. In accordance with 41 U.S.C. 431, the component test of the Buy American Act is waived for construction material that is a COTS item (See FAR 12.505(a)(2)). The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial item or to the construction materials or components listed by the Government as follows:

Lead Glass

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that--

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American Act.

(1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including--

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act.

(d) *Data.* To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC CONSTRUCTION MATERIALS PRICE COMPARISON

Construction Material Description	Unit of Measure	Quantity	Price (Dollars)*
Item 1:			
Foreign Construction Material			
Domestic Construction Material			
Item 2:			
Foreign Construction Material			
Domestic Construction Material			

[List name, address, telephone number, and contact for suppliers surveyed Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

[*Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).]

(End of Clause)

I.6 52.228-1 BID GUARANTEE (SEP 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The

Contracting Officer will return bid guarantees, other than bid bonds, (1) to unsuccessful bidders as soon as practicable after the opening of bids, and (2) to the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.-

(c) The amount of the bid guarantee shall be 20% percent of the bid price or \$3,000,000.00, whichever is less.-

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of Provision)

I.7 52.232-99 PROVIDING ACCELERATED PAYMENT TO SMALL BUSINESS SUBCONTRACTORS (DEVIATION) (AUG 2012)

This clause implements the temporary policy provided by OMB Policy Memorandum M-12-16, Providing Prompt Payment to Small Business Subcontractors, dated July 11, 2012.

(a) Upon receipt of accelerated payments from the Government, the contractor is required to make accelerated payments to small business subcontractors to the maximum extent practicable after receipt of a proper invoice and all proper documentation from the small business subcontractor.

(b) Include the substance of this clause, including this paragraph (b), in all subcontracts with small business concerns.

(c) The acceleration of payments under this clause does not provide any new rights under the Prompt Payment Act.

(c) Agreement. A service-disabled veteran-owned small business concern agrees that in the performance of the contract, in the case of a contract for:

(1) *Contract financing payment* has the meaning given in FAR 32.001.

(2) *Designated agency office* has the meaning given in 5 CFR 1315.2(m).

(3) *Electronic form* means an automated system transmitting information electronically according to the

Accepted electronic data transmission methods and formats identified in paragraph (c) of this clause. Facsimile, email, and scanned documents are not acceptable electronic forms for submission of payment requests.

(4) *Invoice payment* has the meaning given in FAR 32.001.

(c) *Data transmission.* A contractor must ensure that the data transmission method and format are through one of the following:

(1) VA's Electronic Invoice Presentment and Payment System. (See Web site at <http://www.fsc.va.gov/einvoice.asp>.)

If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a Contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 is required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.
- (b) General Liability: \$500,000.00 per occurrences.

M.2 SELECTION PROCEDURES

During the review of offers, the Government may request additional information from offerors. The Government may initiate action to award a contract at any point after receipt and review of offers. Therefore, offerors are encouraged to submit their most favorable terms in both a technical and cost standpoint. **Technical factors of Past Performance, Critical Personnel, and Scheduling/Project Management, are greater in importance of Price.**

M.3 SELECTION CRITERIA

The Government intends to evaluate proposals and award a contract without conducting discussions. However, the Government reserves the right to conduct discussions if determined by the Contracting Officer to be in the best interest of the Government at anytime leading up to contract award. As such, offerors are encouraged to provide their best possible pricing initially as for Final Proposal Revisions (formally known as Best and Final Offers) may not be requested.

The Government intends to award the contract to the most qualified offeror deemed responsible in accordance with Federal Acquisition Regulation (FAR) part 15, whose proposal best conforms to the solicitation requirements and is judged to represent the Best Value to the Government (FAR) part 15.101.1. And, if applicable, Alternate Items will be awarded at the discretion of the Government, and if provided on the pricing schedule are listed in order of importance. If alternate items are included, offeror's shall provide a pricing on all line items and failure to do so may render your proposal non-responsive and exclude your firm from further consideration of possible contract award.

Each offeror's price will be evaluated in accordance with FAR 15.4 to determine reasonableness and evaluate potential performance risks. Additionally, the Government expects referrals to fall close to the Government's cost Estimate (GCE) or the offer's own estimate for the project. Referrals significantly below the GCE or the offer's own estimate will be considered non responsive. E.g., if the GCE or the offer's bid is for \$500,000.00, the Government will not accept referrals for a project for \$30,000.00. That is too large a gap and indicates that the offeror may not have the experience, level, or have completed a project of such a size to justify or warrant such a jump in magnitude.

During evaluation, all offers will be reviewed for pricing. If the Government receives sufficient competition within the GCE, then all offers above the GCE will be considered outside of the competitive range and will be removed from competition. All offers significantly below the GCE will also be considered for elimination from the competitive range. If prices are compared to the average mean vs. the GCE, then prices around one standard deviation above or below the mean will be considered outside of the competitive range.

In addition all offers will receive a review of their most recent Dun and Bradstreet (D&B) report for all acquisitions in excess of \$25,000.00 and in accordance with Department of Veterans Affairs IL 049-08-03 dated April 11, 2008. If the

offerors D&B report reflects a Supplier Evaluation Risk Score of “7” or high which represents an unacceptable risk to the government and that offeror will require a certificate of competency before award.

All remaining offers will then be reviewed for **Technical factors of Past Performance, Critical Personnel, and Scheduling/Project Management**. If less than three acceptable referrals are received, and/or referrals are for projects significantly lower than the proposed project, and/or the type of work performed is not comparable to the project proposed, then that offer may be considered for removal or evaluated lower.

The Government retains the right to award without discussions. Therefore offerors are encouraged to provide their best proposals with the materials requested for evaluation. The Government, based on the material presented, will award to the proposal that best demonstrates to be most advantageous for the Government.

M.4 PROPOSAL REQUIREMENTS: General – Both technical and cost proposals shall be submitted in response to this solicitation. One sealed container/envelope shall contain **two (2) signed** and completed copies of Standard Form (SF) 1442, Solicitation, Offer and Award, cost proposal (Continuation sheet of SF 1442 page 2(A), and cost estimating spreadsheet detailing and following each section or element of specifications, and an original SF 24, Bid Bond, in the amount of twenty (20%) percent of the bid price. The offeror’s technical response shall clearly address each evaluation factor and sub-factor listed in this solicitation. Failure to submit in the format required and clearly address those factors and sub-factors may result in a lower rating factor and/or rejection of the offer. **The Technical proposal shall not include any cost information.**

NOTE: Information must be submitted on single sided paper only.

Proposals shall be received by **4:00 p.m. (Eastern Standard Time) on August 21, 2013**. There will be no public opening of the proposals. Submit sealed offers to:

Mark the front of the envelope/box with the following: **"PROPOSAL FOR RFP No. VA786A-13-R-0100A DO NOT OPEN - COMPETITIVE ACQUISITION"**.

Technical and cost sections of the offeror’s proposal will be evaluated independently. Therefore, offerors shall separately bind and label each section, i.e. cost or technical, including the name of the offeror’s organization, business address and VA Solicitation Number **VA786A-13-R-0100A**.

M.5 PROPOSAL REVISIONS

If it is determined to be necessary, proposal revisions will be requested from the offers received. The Contracting Officer will identify those offers, whose proposals are within the competitive range, considering the selection criteria identified in this solicitation. Negotiations may be conducted with those firms falling within the competitive range, after which proposal revisions may be requested. Those firms selected as within the competitive range will be given seven (7) calendar days to prepare their proposal revisions. Offerors submitting proposal revisions will not be required to re-submit any documents which are unchanged from their proposals. They should provide necessary changes to individual paragraphs, as briefly as possible, together with the Table of Contents that clarifies where within the initial proposal the additional information and/or changed document would be placed. A new bid bond shall be submitted only if the final cost proposal revisions are greater than its initial cost proposal.

(Part 3) - Provide a list of references pertaining to those contracts and include names and current telephone numbers of individuals involved in monitoring contract performance. The Government will contact some or all of the offerors customers.

The Government will evaluate relevant past performance focusing on criteria relevant to the technical qualifications under a single contract. **Relevant past performance of an effort under a joint venture arrangement will be determined based on the work directly performed by the offeror.** If work of an Offeror cannot be discerned from the work of others in the Joint Venture, this effort will be considered not relevant.

Past Performance Factors (Parts 1, 2 and 3) will be rated as follows:

EXCELLENT BLUE	The offeror's past performance clearly exceeded contractual requirements or current industry standards to an unusual or exceptional degree. The offeror displayed a unique approach and presented in a high probability of success and satisfied all of the requirements of the contract. All or a vast majority of sources contacted stated they would unhesitantly do business with the offeror again. <u>No doubt exist</u> based on the offeror's past performance they can satisfy the requirements of the contract.
VERY GOOD GREEN	The offeror's past performance was very good and met majority of the contractual requirements or current industry standards. Majority of the sources contacted stated they would do business with the offeror again. <u>Little doubt</u> exists based on the offeror's past performance they could satisfy the requirements of the contract.
SATISFACTORY YELLOW	The offeror's past performance was satisfactory but only met the minimum requirements of the contract. NEUTRAL WHITE	Reviews were mixed, but most of sources contacted stated they would do business with the offeror again. <u>Some doubt</u> exists based on past performance they could satisfy the terms and conditions of the contract.
MARGINAL ORANGE	NO CRITERIA INFORMATION WAS PROVIDED... INCONCLUSIVE
UNSATISFACTORY RED	Based on the offeror's performance record, <u>substantial doubt</u> exists that the offeror will successfully perform the required effort. The contractual performance of the element or sub-element contains some problems for which corrective actions taken by the contractor were marginal but somewhat effective.

Majority of the sources contacted stated they would not do business with the offeror again. The offeror had significant weaknesses and deficiencies which were never corrected. <u>Significant doubt</u> exist based on the offeror's past performance they can satisfy the requirements of the contract.

Critical Personnel: Factor 2

1. Superintendent Experience(s) - Provide a minimum of 5 projects in these areas in the cemetery or similar setting, residential and industrial occupancies. Give specific project information related to construction projects verses maintenance related type projects;
2. Describe capability to meet time constraints of providing this construction requirements;

M.7 PRICE PROPOSAL REQUIREMENTS

Volume 2 – Price: Factor 4

A Detailed price breakdown is required. Provide a breakdown of your pricing and the pricing methodology you used. A price and/or pricing with no breakdown will be considered an inferior offer and maybe deemed non responsive. The Government needs to know the method used in arriving at your figures. The Government will not consider offers that are considerably too low or too high. Pricing may be compared against the Government Cost Estimate (GCE) or against the average mean of the offers received to arrive at a competitive range in determining too low/too high offers. Also, if a wage rate is included with this solicitation, provide the proposed wages you will be paying to compare against the wage

rate. You can provide this as a range if you do not want to list direct wages. Wage rates only apply to hourly employees, not salary employees; but you cannot convert a traditionally hourly employee to a salary employee to avoid the wage rate. If a detailed price breakdown is not included in the initial proposal response the contractor may be excluded from further consideration of contract award.

In this context, reasonableness will be determined as noted above and will be evaluated as either reasonable or unreasonable.
