Project

11022: VA Reno DICE Remodel and Expansion

Subject

Electrical Addendum #1

Comments

Please incorporate the following changes into the Bid Documents as Electrical Addendum #1:

Question #1: The bid form shows Alt #1,2,3. Electrical sheet ES121 shows Alt #4 and #5. Are these items a mistake?

Answer #1: Sheet ES121 revised to show Deductive Alternates #2 and #3 only; Deductive Alternates #4 and #5 removed from drawings set.

Question #2: The electrical sheets do not clearly identify the Alternates in all areas. Can we get revised plan sheets that clearly define the alternate areas on the electrical sheets ES121, EL121, ED121, EL121, EP121, FA121, T121.

Answer #2: Sheet ES121, associated architectural sheets, bid form and Specification Section 012300-Alternates clearly depict the scope of work for each Deductive Alternate. Revised sheets shall not be provided.
