☒ Specific characteristics of the material or service that limit the availability to a sole source (unique features, function of the item, etc.). Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

ASCOM is a limited manufacturer who partners with select distributors/installers of their equipment.
The area installed/partner is CMA.

☒ A patent, copyright or proprietary data limits competition. The proprietary data is:
(If FAR 8.405-6(a)(2)iii before posting. Do not include specific proprietary data. Only mention the type of
equipment, procedure, etc. to show that proprietary supplies or services are being procured.)
Software & base station equipment/infrastructure is unique and proprietary to ASCOM

☐ These are "direct replacements" parts/components for existing equipment.

☒ The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect, or interface with the existing system.
Current system, equipment, and infrastructure is ASCOM. Continuing with this manufacturer/provider
minimalizes cost to retrain personal and reinstall new communication infrastructure. The current series
of phones (9d24) is obsolete and no longer manufacturer. The plan is to phase out those phones with the
new d62 series. The infrastructure will only need minimal upgrades.

☐ The new work is a logical follow-on to an original Federal Supply Schedule order provided that the original order was placed in accordance with the applicable Federal Supply Schedule ordering procedures. The original order must not have been previously issued under sole source or limited source procedures.

☐ An urgent and compelling need exists, and following the ordering procedures would result in unacceptable delays.

ASCOM is a limited manufacturer who partners with select distributors/installers. This requirement is solely available through ASCOM due to the nature of their distribution network.

(7) ANY OTHER FACTS SUPPORTING THE JUSTIFICATION:

(8) A STATEMENT OF THE ACTIONS, IF ANY, THE AGENCY MAY TAKE TO REMOVE OR OVERCOME ANY BARRIERS THAT LED TO THE RESTRICTED CONSIDERATION BEFORE ANY SUBSEQUENT ACQUISITION FOR THE SUPPLIES OR SERVICES IS MADE:

Basic market research, Special Notice intent to sole source published to FBO.

(9) REQUIREMENTS CERTIFICATION: I certify that the requirement outlined in this justification is a Bona Fide Need of the Department of Veterans Affairs and that the supporting data under my cognizance, which are included in the justification, are accurate and complete to the best of my knowledge. I understand that processing of this limited sources justification restricts consideration of Federal Supply Schedule contractors to fewer than the number required by FAR Subpart 8.4.
