(REQUEST FOR INFORMATION)

Project #:	605-327	RFI #:	26
Project Name:	OP Pharmacy Building	Date Requested:	8/23/2013
Solicitation No.:	VA262-13-B-0591	Reference:	
Drawing:	M-517	Specification Section:	23 09 23

DESCRIPTION OF PROBLEM OR INFORMATION REQUESTED

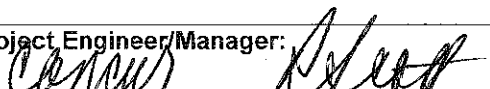

Specs 23 09 23 and Drawing M-517 called for existing Siemens base wide controls.

However this is incorrect as the existing controls are Andover, but it is the Contractor's understanding that the VA Loma Linda Campus intends on doing away with the existing Andover system and switching to a native Bacnet system.

Please clarify how we are to proceed.

OWNER RESPONSE

Siemens is the new facility standard: TJW: 08/26/13
