

## **E.2 SALIENT CHARACTERISTICS**

Offerors will be evaluated to the extent they can provide the items (or equal) listed in the price schedule in Section B. The Government will award to the lowest priced, responsible, technically acceptable offeror.

Items must meet the following salient characteristics:

- Must have personal microarray printer compatible with protein and DNA microarray printing
- Must have a complete desktop system to enable colorimetric microarray experimentation
- Must have humidification control and wash station
- Must have bioinformatics mini-computer
- Must have colorimetric microarray scanner
- Must have Mapix quantification software
